REPÚBLICA DE ANGOLA

Embaixada da República de Angola na Itália

COMMITTEE ON WORLD FOOD SECURITY - Rome, 19–23 October 2026
Statement by H.E. Ambassador Josefa Sacko

Agenda Item 5 – STRENGTHENING THE IMPACT OF CFS POLICY PRODUCTS

Mr. Chairperson,

Excellencies, Distinguished Delegates,

Angola aligns itself with the statement delivered on behalf of the African Regional Group and wishes to make a few remarks in its national capacity.

Our delegation welcomes the progress made in strengthening the uptake of CFS policy products and commends the Secretariat for its continued efforts to enhance their visibility and practical application.

We particularly welcome the CFS Action Plan, which provides an important framework for translating policy recommendations into concrete actions at national and regional levels.

Mr. Chairperson,

Angola believes that the true value of CFS policy products lies in their effective implementation and their capacity to generate tangible improvements in food security and nutrition.

We therefore emphasize the importance of ensuring that these instruments are accessible, adaptable to national circumstances and aligned with national development priorities.

In this regard, we encourage greater technical assistance, capacity-building and resource mobilization to support developing countries in integrating CFS recommendations into national policies and investment frameworks.

We also welcome the ongoing Uptake Stocktaking Exercise and the development of the Digital Repository as valuable tools for sharing experiences, identifying challenges and monitoring progress.

Furthermore, Angola encourages stronger collaboration between the CFS, the Rome-based Agencies and regional organizations, to promote policy coherence and support implementation at country level.

Mr. Chairperson,

We wish to reiterate the importance of preserving the CFS as one of the most inclusive multilateral platforms for food security and nutrition, ensuring that the voices of developing countries and vulnerable communities remain central to its work.

In conclusion, Angola reaffirms its support for the CFS Action Plan and encourages all stakeholders to ensure that the Committee's policy guidance translates into concrete and measurable progress towards achieving SDG 2.

Thank you, Chairperson.
