THEMES FOR THE NEXT EDITION OF THE STATE OF AGRICULTURAL COMMODITY MARKETS

TRADE and **MARKETS**

Transparent and efficient agricultural commodity markets
for global food security

Agricultural Global Value Chains: Measurement and Policies

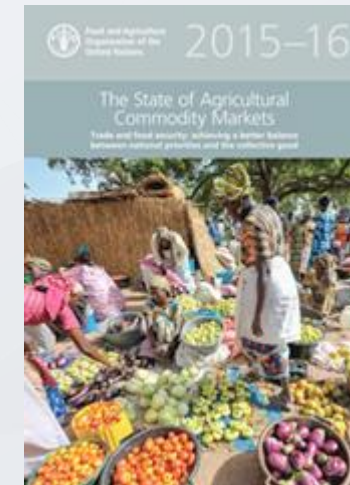

- Assess GVC income decomposition and measure the domestic and foreign content of domestically produced final goods
- Discuss the policy environment is critical for a country to realize the development potential of GVCs

Agricultural Trade Patterns: A Foresight Analysis

- Identify future trends and challenges for agricultural trade and provide evidence and analysis
- A systematic and coordinated attempt to assess the medium- and long-run future of agricultural markets and trade, building around emerging issues

Innovations in Inclusive Agricultural Markets

- Arrange, analyze and present previously non-systemized evidence on market innovations
- Focus on market integration, and the potential gains in terms of farm income increases, employment, food security and nutrition.

Suggested action by the Committee

The Committee is invited to consider and advise on the proposed themes for The State of Agricultural Commodity Markets 2020, for further consideration and decision by the Director-General.

The Committee may wish to propose additional themes for discussion and further consideration.

THANK YOU!
