## JOINT FAO/WHO EXPERT MEETINGS ON FOODBORNE ANTIMICROBIAL RESISTANCE (AMR)

### Roster of Experts

In recognition of the growing problem of antimicrobial resistance (AMR) and its increasing threat to human health and the consensus that addressing this problem requires a One Health Approach, the Food and Agriculture Organization of the United Nations (FAO) and the World Health Organization (WHO) are planning a series of expert consultations to address the risk assessment aspects and request the risk management component of the request for scientific advice with the AMR.

This roster consists of scientific experts who have submitted applications in response to public calls for experts on Foodborne Antimicrobial Resistance related to food safety. The applications were reviewed by the FAO and WHO Secretariats, and selections made on the basis of the criteria outlined in the call for experts. Scientists of the roster will be considered for future meetings according to expertise required for the respective meetings. Inclusion in the roster does not guarantee such participation.

Before participating in meetings, selected experts will be required to declare any potential interests associated with the subjects under consideration through completion of the standard declaration of interest form of either organization.

When making selections for individual meetings a balance of scientific expertise, gender and geographical representation will be considered.

The roster is dynamic and updated periodically. Experts are placed on it for an initial period of five years and new experts are added on the basis of consideration of new applications and specific expertise required for a meeting. Applications can be submitted at any time but roster updates will only be made every 1-2 years.

Last name	First name	Affiliations	Country	Year
Adams	Alexandra	University of Stirling	UK	2018.11-2023.11
Adaskaveg	James	University of California	USA	2018.11-2023.11
Adell Nakashima	Aiko	Universidad Andrés Bello	Chile	2018.11-2023.11
Alban	Lis	University of Copenhagen/Danish Agriculture & Food Council	Denmark	2018.11-2023.11
Amer	Aziza	Cairo University	Egypt	2018.11-2023.11
Amerasinghe	Priyanie	International Water Management Institute	Sri Lanka	2018.11-2023.11
