Country Report on the implementation of the International Treaty on Plant Genetic Resources for Food and Agriculture (ITPGRFA)

EGYPT

15/11/2018
FIRST COUNTRY REPORT ON COMPLIANCE - ITPGRFA

Name and contact details of the reporting officer:
Dr. Neveen Abd El Fattah Hassan
Director, National Gene Bank
E-mail niveen2020@hotmail.com
Work no.: 0235693359 - 0235693240
Mobile: +201143485555

Institution: National Gene Bank

Country: Egypt

Date of submission: 15/11/2018
Introduction

1. Pursuant to Article 21 of the Treaty, the Governing Body has adopted a resolution that includes, amongst others, provisions on monitoring and reporting (Resolution 2/2011). Pursuant to this Resolution, each Contracting Party is to submit to the Compliance Committee, through the Secretary, a report on the measures it has taken to implement its obligations under the Treaty in one of the six languages of the United Nations (Section V.1).

2. The first report is to be submitted within three years from the approval of this standard format. The Governing Body approved this standard format at its Fifth Session.

3. This standard format has been developed to facilitate reporting and monitoring of the implementation of the Treaty. The use of this standard format is voluntary. A Contracting Party may use another reporting format if it so wishes.

Article 4: General Obligations

1. Are there any laws, regulations procedures or policies in place in your country that implement the Treaty?

   Yes  
   No  

If your answer is 'yes', please provide details of such laws, regulations, procedures or policies:
2. Are there any other laws, regulations, procedures or policies in place in your country that apply to plant genetic resources?

Yes √
No □

If your answer is 'yes', please provide details of such laws, regulations, procedures or policies:

A law in benefit sharing according to the Nagoya Protocol has been formulated by the Ministry of Environment, the focal point of the Protocol, and the draft law will be presented to parliament for approval.

3. Is there any law, regulation, procedure or policy in place in your country that needs to be adjusted / harmonized\(^1\) to ensure conformity with the obligations as provided in the Treaty?

Yes □
No √

If your answer is 'yes', please provide details of such adjustments and any plans to make those adjustments:

4. Has an integrated approach to the exploration, conservation and sustainable use of plant genetic resources for food and agriculture (PGRFA) been promoted in your country?

Yes √
No □

---

\(^1\) For the purpose of this report, a Contracting Party may choose whichever term (adjusted or harmonized) is appropriate in relation to their legal systems.
5. Have PGRFA been surveyed and inventoried in your country?

Yes √

No

If your answer is 'yes', please provide details of your findings, specifying species, sub-species and/or varieties, including those that are of potential use:

| Triticum vulgare, T: durum, Hordeum vulgare, Vicia fabe, vicia villosa, Sorghum vulgare, millet, Trifolium alexandrinum, Alfaalfa, chick pea, lentils, carrots, figs, pomegranate, grapes, artichoke, lettuce, onions, okrasr. |

If your answer is 'no', please indicate:

- Any difficulties encountered in surveying or inventorying PGRFA;
- Any action plans to survey and inventory PGRFA;
- The most important PGRFA that should be surveyed and inventoried:

6. Has any threat to PGRFA in your country been identified?

Yes √

No

If your answer is 'yes', please indicate:

- The species, subspecies and/or varieties subject to such threats;
- The sources (causes) of these threats;
- Any steps taken to minimise or eliminate these threats;
- Any difficulties encountered in implementing such steps:

Vicia faba, Landracer and farmer’s varieties as they are susceptible to broomrape parasitic weed (Orobanche crenata), The field crops research institute have registered a tolerant new variety which has been registered and released commercially. There is a breeding program to develop such varieties and screening the available genetic resources against chocolate spot virus addition to Orobanche tolerance and resistance.

7. Has the collection of PGRFA and relevant associated information on those plant genetic resources that are under threat or are of potential use been promoted in your country?

Yes √

No

If your answer is 'yes', please provide details of the measures taken:
A regional TCP Project was implemented to collect and characterize Vicia faba genetic resources in addition to accessions present in the National Gene Bank and at present in the National Gene Bank and at ICARDA from previous collection missions in Egypt that we can retrieve (see also no.6)

8. Have farmers and local communities’ efforts to manage and conserve PGRFA on-farm been promoted or supported in your country?

Yes
No  √

If your answer is 'yes', please provide details of the measures taken:

9. Has in situ conservation of wild crop relatives and wild plants for food production been promoted in your country?

Yes  √
No

If your answer is 'yes', please indicate whether any measures have been taken to:

√  Promote in situ conservation in protected areas;
☐  Support the efforts of indigenous and local communities.

If such measures have been taken, please provide details of the measures taken:

This activity is under the mandate of the ministry of environment according to the law on protected area

10. Are there any ex situ collections of PGRFA in your country?

Yes  √
No

If your answer is 'yes', please provide information on the holder and content of such collections:

The National Gene Bank (NGB) was established in 2003 and incourgrate in 2004. It holds around 24,000 accessions of different species of PGRFA. In addition, some collections are in universities, and Agriculture Research Center (ARC).
11. Has the development of an efficient and sustainable system of *ex situ* conservation of PGRFA been promoted in your country?

Yes √

No

If your answer is 'yes', please indicate the measures taken to promote *ex situ* conservation, in particular any measures to promote the development and transfer of technologies for this purpose:

The NGB is mandated to survey, collect, characterize (phenotype), molecular fingerprinting, chemical profiles, evaluate, regenerate and store PGRFA. It provides access for breeders, students over sector and other stakeholders such as NGOs and farmers. Also documentation of the date in a database.

12. Has the maintenance of the viability, degree of variation, and the genetic integrity of *ex situ* collections of PGRFA been monitored in your country?

Yes √

No

If your answer is 'yes', please provide details of the main conclusions of these monitoring activities:

As previously mentioned genetic diversity is determined at the molecular level, chemical constituents, morphologies, and in evaluation field trials in different ecosystems under salinity, drought and heat stress conditions.

13. Has your country cooperated with other Contracting Parties, through bilateral or regional channels, in the conservation, exploration, collection, characterization, evaluation or documentation of PGRFA?

Yes √

No

If your answer is 'yes', please indicate the other Contracting Parties with whom the cooperation was undertaken (where additional to cooperation through the Governing Body or other Treaty mechanisms) and, where possible, details of any relevant projects:

Egypt participated in an FAO/TCP project at the regional level. The other contracting parties were Lebanon, Jordan and Iran.
**Article 6: Sustainable Use of Plant Genetic Resources for Food and Agriculture**

14. Are there any policy and legal measures\(^2\) in place in your country that promote the sustainable use of PGRFA?

Yes   √   
No   

If your answer is 'yes', please indicate whether such policy and legal measures include:

√ Pursuing fair agricultural policies that promote the development and maintenance of diverse farming systems that enhance the sustainable use of agricultural biological diversity and other natural resources;

√ Strengthening research that enhances and conserves biological diversity by maximizing intra- and inter-specific variation for the benefit of farmers;

√ Promoting plant breeding efforts, with the participation of farmers, that strengthen the capacity to develop varieties particularly adapted to social, economic and ecological conditions, including in marginal areas;

√ Broadening the genetic base of crops and increasing the range of genetic diversity available to farmers;

√ Promoting the expanded use of local and locally adapted crops, varieties and underutilised species;

√ Supporting the wider use of diversity of varieties and species in on-farm management, conservation and sustainable use of crops and creating strong links to plant breeding and agricultural development;

√ Reviewing and adjusting breeding strategies and regulations concerning variety release and seed distribution.

If such policy and legal measures are in place, please provide details of the measures taken and any difficulties encountered in implementing them:

The present agriculture law was in place since 1962 and included several chapters concerned with all topics related to agriculture among them registration of commercial varieties and the criteria used by the seed registration committees

**Article 7: National Commitments and International Cooperation**

15. Has the conservation, exploration, collection, characterization, evaluation, documentation and sustainable use of PGRFA been integrated into your country's agriculture and rural development programmes and policies?

\(^2\) For the purpose of this report, legal measures may include regulations.
Yes  √

No  ☐

If your answer is 'yes', please provide details of the integration of such activities into the agriculture and rural development programmes and policies:

All PGRFA activities have been integrated in the agriculture strategy 2030 and a strategy for PGRFA conservation, collection, characterization, evaluation, documentation and sustainable use was formulated and presented to the stakeholders and widely discussed to produce the final document. These activities were sponsored by the FAO regional TCP.

16. Has your country cooperated with other Contracting Parties, through bilateral or regional channels, in the conservation and sustainable use of PGRFA?

Yes  √

No  ☐

If your answer is 'yes', please indicate whether the aim of such cooperation is to:

- Strengthen the capability of developing countries and countries with economies in transition with respect to conservation and sustainable use of PGRFA;
- Enhance international activities to promote conservation, evaluation, documentation, genetic enhancement, plant breeding, seed multiplication, and sharing, providing access to and exchanging PGRFA and appropriate information and technology, in conformity with the Multilateral System of Access and Benefit-Sharing under the Treaty.

If, in addition to cooperation through the Governing Body or other Treaty mechanisms, your country has cooperated with other Contracting Parties directly or through FAO and other relevant international organizations, please indicate such other Contracting Parties and, where possible, details of any relevant projects:

TCP / SNO / 3401 / FAO regional projects, participating contracting parties: EGYPT, LEBANON, JORDAN and IRAN.

Article 8: Technical Assistance

17. Has your country promoted the provision of technical assistance to developing countries and countries with economies in transition, with the objective of facilitating the implementation of the Treaty?
Yes √
No [ ]

If your answer is 'yes', please provide details of the measures taken:

A training course was added on molecular characterization and determination of genetic diversity and relatedness. In addition to Gene Bank management and documentation this was implemented by the above TCP regional project.

18. Has your country received technical assistance with the objective of facilitating the implementation of the Treaty?

Yes √
No [ ]

If your answer is 'yes', please provide details of such technical assistance:

1. Uploading the NGB data on WIEWS.
2. Introduction to the DOIs system.

Article 9: Farmers’ Rights

19. Subject to national law, as appropriate, have any measures been taken to protect and promote farmers rights in your country?

Yes [ ]
No [ ]

If your answer is 'yes', please indicate whether such measures were related to:

- [ ] Recognition of the enormous contribution that local and indigenous communities and farmers of all regions of the world have made and will continue to make for the conservation and development of plant genetic resources;
- [ ] The protection of traditional knowledge relevant to PGRFA;
- [ ] The right to equitably participate in sharing benefits arising from the utilisation of PGRFA;
- [ ] The right to participate in making decisions, at the national level, on matters related to the conservation and sustainable use of PGRFA;
Any rights that farmers have to save, use, exchange, and sell farm-saved seed / propagating material.

If such measures were taken, please provide details of the measures taken and any difficulties encountered in implementing them:

Intellectual property law provides an article for the protection of traditional knowledge relevant to PGR.

Article 11: Coverage of the Multilateral System

20. Has your country included in the Multilateral System of Access and Benefit-Sharing (MLS) all PGRFA listed in Annex I to the Treaty that are under the management and control of your Government and in the public domain?

All  ☐

Partially  ✓

None  ☐

If your answer is 'all', please provide details of any difficulties encountered in including Annex I PGRFA in the MLS:

If your answer is 'partially', please provide details of:

- The extent to which Annex I PGRFA have been included in the MLS;
- The crops that have been included in the MLS; and
- The difficulties encountered in including Annex I PGRFA in the MLS:

A few accessions:
Accession of citrus. Sp. Have been included in the MLS in additional to some bread and durum accessions. The need to have in place a law to implement the treaty.

If your answer is 'none', please provide details of the difficulties encountered in including Annex I PGRFA in the MLS:
21. Has your country taken measures to encourage natural and legal persons within your jurisdiction who hold Annex I PGRFA to include those resources in the MLS?

Yes  
No  √

If your answer is ‘yes’, please provide details of:
- The natural or legal persons within your jurisdiction that included Annex I PGRFA in the MLS;
- The crops that have been included in the MLS by these persons; and
- Any difficulties these persons encountered in including Annex I PGRFA in the MLS:

If your answer is ‘no’ please provide details, in particular details of any difficulties encountered in encouraging these persons to include Annex I PGRFA in the MLS:

The need to pass the law to implement the provision of the treaty through the parliament.

Article 12: Facilitated access to plant genetic resources for food and agriculture within the Multilateral System

22. Has your country taken measures to provide facilitated access to Annex I PGRFA, in accordance with the conditions set out in Article 12.4 of the Treaty?

Yes  √
No  

If your answer is ‘yes’, please provide details of such measures:

Access is provided based on the signing of the SMTA.
23. Has facilitated access been provided in your country to Annex I PGRFA pursuant to the standard material transfer agreement (SMTA)?

Yes  ☐  No  √

If your answer is ‘yes’, please provide the number of SMTAs entered into:

_________________________________________________________________________

If your answer is ‘no’, please provide details of any difficulties encountered in providing facilitated access to Annex I PGRFA pursuant to the SMTA:

_________________________________________________________________________

We have not asked for facilitated access yet.

24. Has the SMTA been used voluntarily in your country to provide access to non-Annex I PGRFA?

Yes  ☐  No  √

If your answer is ‘yes’, please indicate the number of such SMTAs entered into:

_________________________________________________________________________
25. Does the legal system of your country provide an opportunity for parties to material transfer agreements (MTAs) to seek recourse in case of contractual disputes arising under such agreements?

Yes  
No  

If your answer is 'yes', please provide details of the relevant laws, regulations or procedures:

26. Does the legal system of your country provide for the enforcement of arbitral decisions related to disputes arising under the SMTA?

Yes  
No  

If your answer is 'yes', please provide details of the relevant laws, regulations or procedures:

27. Have there been any emergency disaster situations in respect of which your country has provided facilitated access to Annex I PGRFA for the purpose of contributing to the re-establishment of agricultural systems?

Yes  
No  

If your answer is 'yes', please provide details of such emergency disaster situations and the Annex I PGRFA to which access was provided:

28. Has your country made any information available regarding Annex I PGRFA?

Yes ✓
No

If your answer is 'yes', please provide details of any information made available regarding Annex I PGRFA (e.g. catalogues and inventories, information on technologies, results of scientific and socio-economic research, including characterisation, evaluation and utilisation):

Uploaded on WIEWS database

29. Has your country provided or facilitated access to technologies for the conservation, characterisation, evaluation and use of Annex I PGRFA?

Yes
No

If your answer is 'yes', please indicate whether your country:

- Has established or participated in crop-based thematic groups on utilisation of PGRFA;
- Is aware of any partnerships in your country in research and development and in commercial joint ventures relating to the material received through the MLS, human resource development and effective access to research facilities.

If access to technologies was provided, please provide details of the access provided:
30. Has your country provided for and/or benefitted from capacity building measures in respect of Annex I PGRFA?

Yes √
No

If your answer is 'yes', please indicate whether such measures were related to:

☐ Establishing and/or strengthening programmes for scientific and technical education and training in conservation and sustainable use of PGRFA;
√ Developing and strengthening facilities for conservation and sustainable use of PGRFA;
√ Carrying out scientific research and developing capacity for such research.

If your country provided for and/or benefitted from such measures, please provide details:

Article 14: Global Plan of Action

31. Has your country promoted the implementation of the Global Plan of Action for the Conservation and Sustainable Use of Plant Genetic Resources for Food and Agriculture?

Yes √
No

If your answer is 'yes', please indicate whether the implementation of the plan was promoted through:

√ National actions;
☐ International cooperation;

If the implementation of the plan was promoted, please provide details:

3 Please note that this question differs from question 15 as it only concerns Annex I PGRFA and is more specific.
Based on the global plan of action a strategy for PGRFA was established which was presented and discussed with the stakeholders for approval.

**Article 15: Ex Situ Collections of Plant Genetic Resources for Food and Agriculture held by the International Agricultural Research Centres of the Consultative Group on International Agricultural Research and other International Institutions**

32. Has facilitated access to Annex I PGRFA been provided in your country to the International Agricultural Research Centres of the Consultative Group on International Agricultural Research (IARCs) or other international institutions that have signed agreements with the Governing Body of the Treaty?

Yes √

No □

If your answer is ‘yes’, please indicate:
- To which IARCs or other international institutions facilitated access was provided;
- The number of SMTAs entered into with each IARC or other international institution:

**ICARDA, CIMMYT, IRRI**

The number of SMTAs is not recorded at the NGB as it was provided to research institutes under ARC.

If your answer is ‘no’, please provide details of any difficulties encountered in providing facilitated access to Annex I PGRFA to IARCs and other international institutions that have signed agreements with the Governing Body of the Treaty:

33. Has access to non-Annex I PGRFA been provided in your country to IARCs or other international institutions that have signed agreements with the Governing Body of the Treaty?
If your answer is ‘yes’, please indicate:
• To which IARCs or other international institutions access was provided;
• The number of MTAs entered into with each IARC or other international institution:

If your answer is ‘no’, please provide details of any difficulties encountered in providing access to non-Annex I PGRFA to IARCs and other international institutions that have signed agreements with the Governing Body of the Treaty:

Article 16: International Plant Genetic Resources Networks

34. Has your country undertaken any activities to encourage government, private, non-governmental, research, breeding and other institutions to participate in the international plant genetic resources networks?

Yes ☐
No √

If your answer is 'yes', please provide details of such activities:

Article 18: Financial Resources
35. Has your country provided and/or received financial resources for the implementation of the Treaty through bilateral, regional or multilateral channels?

Yes  ☐  No  √

If your answer is 'yes', where possible, please provide details of such channels and the amount of the financial resources involved:

36. Has your country provided financial resources for national activities for the conservation and sustainable use of PGRFA?

Yes  √  No  ☐

If your answer is 'yes', please provide details of such national activities and the amount of the financial resources involved:

Through the funding provided to the National Gene Bank by the Government

About this reporting format

37. Have you encountered any difficulties in completing this reporting format?

Yes  ☐  No  √

If your answer is 'yes', please provide details on such difficulties:
If you have suggestions for improvement of this reporting format, please share them:

General remarks on the implementation of the ITPGRFA

38. You may use this box to share any advice you may have arising from your country’s experience with implementation of the Treaty:

39. You may use this box to share any additional information that may be useful to provide a broader perspective of difficulties in implementation of the Treaty:

40. You may use this box to share any additional information that may be useful to provide a broader perspective of measures that could help to promote compliance:
