FOREWORD

In response to a recommendation of the World Consultation on Forestry Education and Training, which was held in 1971, the first issue of the World List of Forestry Schools was published in 1974 to facilitate communication and exchange of information on forestry education and training throughout the world.

In view of the continuing demand for copies of this List, it has been decided to publish an updated version based on information received from many sources.

The List is by no means exhaustive. Therefore, any suggestions for further additions or amendments will be much appreciated and will be used for the improvement of future editions. It is planned to issue another list of institutions which provide training for forest industries.

I take this opportunity to express my sincere thanks to all those who in one way or another have helped to produce the present improved List and to request users to assist us in the preparation of the proposed World List of Forest Industries Education and Training Institutions.

AVANT-PROPOS

La première Liste des écoles forestières a été publiée en 1974 suite à une recommandation faite par la Consultation mondiale sur l'éducation et la formation forestières qui s'est tenue en 1971, afin de faciliter les communications et l'échange d'informations sur l'enseignement et la formation forestiers dans le monde entier.

En vue de la demande continue d'exemplaires de cette liste, il a été décidé de publier une version plus à jour, basée sur des informations provenant d'un bon nombre de sources.

La nouvelle liste n'épuise aucunement la matière en question. Nous saurions donc gré aux instituts de bien vouloir nous faire connaître les additifs et corrections ultérieurs afin de pouvoir améliorer les éditions futures. Nous avons également l'intention de produire une liste similaire de toutes les institutions capables d'assurer la formation pour les industries forestières.

Je profite de l'occasion pour exprimer mes sincères remerciements à tous ceux qui ont contribué d'une manière ou d'une autre à améliorer la présente liste, en les priant de bien vouloir continuer à nous donner leur appui à ce sujet, ainsi qu'en ce qui concerne la publication envisagée d'une liste similaire qui couvrira les facilités de formation dont disposent les industries forestières.

P R E F A C I O

La primera edición de la Lista Mundial de Escuelas Forestales se publicó en 1974 en cumplimiento de una recomendación de la Consulta Mundial sobre Enseñanza y Capacitación Forestales de 1971 para facilitar comunicaciones e intercambio de información sobre educación y capacitación forestales en el mundo entero.

En vista de la demanda continua de ejemplares de esta lista, hemos decidido publicar una versión más actual y completa, basada en informaciones recibidas de diversas fuentes.

La presente lista no es exhaustiva. Por eso agradeceríamos mucho cualquier sugerencia, adición o corrección ulteriores provenientes de las instituciones para poder mejorar eventuales ediciones futuras. Es nuestra intención también la de publicar una lista semejante de las instituciones que proporcionan capacitación para las industrias forestales.

Aprovecho la ocasión para expresar mi sincero agradecimiento a cuantos han contribuido de una manera u otra a producir la presente lista, rogando a todos los que hacen uso de ella sigan dándonos su apoyo a este respecto y en lo que concierne la preparación de la publicación de una lista semejante relativa a las facilidades de capacitación proporcionadas por las industrias forestales.
