Item 14 of the Draft Provisional Agenda

INTERNATIONAL TREATY ON PLANT GENETIC RESOURCES FOR FOOD AND AGRICULTURE

FIRST SESSION OF THE GOVERNING BODY

Madrid, Spain, 12-16 June 2006

DRAFT AGREEMENTS BETWEEN THE GOVERNING BODY AND THE IARCS OF THE CGIAR AND OTHER RELEVANT INTERNATIONAL INSTITUTIONS

1. Article 15.1 of the Treaty states “*The Contracting Parties recognize the importance of this Treaty to the ex situ collections of plant genetic resources for food and agriculture held in trust by the International Agricultural Research Centres (IARCs) of the Consultative Group on International Agricultural Research (CGIAR). The Contracting Parties call upon the IARCs to sign agreements with the Governing Body with regard to such ex situ collections ...*”. Article 15.5 of the Treaty states “*The Governing Body will also seek to establish agreements for the purposes stated in this article with other relevant international institutions*”.
2. The Conference at its Thirty-first Session in November 2001 adopted Resolution 3/2001 adopting the International Treaty, and mandating interim arrangements for its implementation. As part of these interim arrangements, the Conference requested the Interim Committee to consult with the IARCs and other relevant international institutions on the agreements to be signed with the Governing Body, in accordance with Article 15 of the Treaty, and to prepare draft agreements for consideration at the first session of the Governing Body.
3. Consultations have been held with the IARCs of the CGIAR. Based on those consultations, a draft model agreement for signature between the IARCs and the Governing Body was prepared and presented to the Interim Committee. The Interim Committee, at its second meeting, decided that the draft model agreement, as amended by it, should be submitted to the Governing Body for consideration at its first session. The draft model agreement is contained in this document.
4. Meanwhile consultations are also under way with other relevant international institutions that have also placed collections into the Network of *Ex Situ* Collections under the Auspices of FAO, namely as the Regional Collections of the International Coconut Genetic Resources Network (COGENT) and the Tropical Agriculture Research and Higher Learning Center (CATIE), to ascertain whether they would be willing to enter similar agreements with the Governing Body.

For reasons of economy, this document is produced in a limited number of copies. Delegates and observers are kindly requested to bring it to the meetings and to refrain from asking for additional copies, unless strictly indispensable. The documents for this meeting are available on Internet at <http://www.fao.org/ag/cgrfa/gb1.htm>
