

## FAO Global Forum on Food Security and Nutrition «FSN Forum»

The Global Forum on Food Security and Nutrition is an online venue for multi-stakeholder **dialogue** where policy decisions on food security and nutrition are collectively inspired, developed and linked with practice.

The FSN Forum embodies FAO's role of a neutral knowledge broker by engaging Forum **members, partners and stakeholders** in policy dialogue and knowledge-sharing, thus contributing to the eradication of hunger, food insecurity and malnutrition at the global, regional and country levels.

### FSN Forum areas of expertise

- Facilitates **online discussions** and **technical consultations** on food security and nutrition that inform policy and decision-making processes, research, education and technical meetings.
- Provides a channel for **regional and country stakeholders** to debate priority topics and take part in drafting processes feeding into **food security policies**.
- Develops and facilitates **communities of experts**.
- Conducts **online surveys, stakeholder analysis** and **webinars**.
- **Increases awareness** and enhances **knowledge-sharing** on topics relating to food security and nutrition.
