

## FAO Aquaculture e-Bulletin

*December 2009*

### Global Conference on Aquaculture 2010

Preparatory work for the Global Conference on Aquaculture 2010 is progressing well: the lecture presenters have been identified and contacted; the thematic session reviewers are preparing conference documents. The second announcement brochure has been published. The official Conference Web site has been officially launched and is available at:

[www.aqua-conference2010.org](http://www.aqua-conference2010.org).

For additional information, please contact the Conference Secretariat at:

[Aqua-Conference2010@fao.org](mailto:Aqua-Conference2010@fao.org).

### Recent FAO Aquaculture publications

FAO. *Environmental impact assessment and monitoring in aquaculture*. *FAO Fisheries and Aquaculture Technical Paper*. No. 527. Rome, FAO. 2009. 57p. Including a CD-ROM containing the full document (648 pages).

Soto, D. (ed.). *Integrated mariculture: a global review*. *FAO Fisheries and Aquaculture Technical Paper*. No. 529. Rome, FAO. 2009. 183p.

Cochrane, K; De Young, C.; Soto, D.; Bahri, T. (eds). *Climate change implications for fisheries and aquaculture: overview of current scientific knowledge*. *FAO Fisheries and Aquaculture Technical Paper*. No. 530. Rome, FAO. 2009. 212p.

To order publications, please contact: [Publications-Sales@fao.org](mailto:Publications-Sales@fao.org).

## **FAO Aquaculture Newsletter Issue 42 (FAN 42)**

The FAN is issued three times a year in the form of printed newsletter by the FAO Fisheries and Aquaculture Department. It presents articles and views from the FAO aquaculture programme and highlights various aspects of aquaculture as seen from the perspective of both headquarters and the field programme. FAN is distributed free of charge to all FAO member countries and has a current circulation of about 1 500 copies.

It is also available online at: [www.fao.org/fishery/publications/fan](http://www.fao.org/fishery/publications/fan).

Watch out for the next edition of FAN, to be published next month.

## **FAO Aquaculture projects**

**TCP/CPR/3203** - Improvement of aquaculture food safety in Hubei Province, China (Lead officer: Mr Rohana Subasinghe - E-mail: [rohana.subasinghe@fao.org](mailto:rohana.subasinghe@fao.org)).

**TCP/DRK/3204** - Capacity building in fingerling production and farming of selected marine finfish species in the Democratic Republic of Korea (Lead officer: Mr Weimin Miao - E-mail: [weimin.miao@fao.org](mailto:weimin.miao@fao.org)).

**TCP/RER/3205** - Advice to Central Asian Governments on the feasibility of commercial fish and livestock feed production (Lead officer: Mr Mohammad Hasan - E-mail: [mohammad.hasan@fao.org](mailto:mohammad.hasan@fao.org)).

**TCP/ALG/3103** - Support à l'aquaculture saharienne et valorisation des étangs salés en Algérie (Lead officer: Mr Valerio Crespi - E-mail: [valerio.crespi@fao.org](mailto:valerio.crespi@fao.org)).

**TCP/TUN/3203** - Renforcement du rôle de la femme dans la filière pêche à pied de la palourde

(Lead officer: Mrs Yvette DieiOuadi - E-mail: [yvette.dieiouadi@fao.org](mailto:yvette.dieiouadi@fao.org)).

**TCP/THA/3202** - Certification for small-scale aquaculture in Thailand (Lead officer: Mr Rohana Subasinghe - E-mail: [rohana.subasinghe@fao.org](mailto:rohana.subasinghe@fao.org)).

**TCP/RAS/3208** - Sustainable aquaculture development in Pacific Micronesia - Phase II of TCP/RAS/3101 Thailand (Lead officer: Mr Masanami Izumi - E-mail: [masanami.izumi@fao.org](mailto:masanami.izumi@fao.org)).

## Web sites

The **Global Aquaculture Conference web site** is available at: [www.aqua-conference2010.org](http://www.aqua-conference2010.org).

The **GISFish Global Gateway to GIS, Remote Sensing and Mapping for Fisheries and Aquaculture** ([www.fao.org/fishery/gisfish](http://www.fao.org/fishery/gisfish)) is pleased to announce a new section covering Capture Fisheries with a particular emphasis on GIS applications of relevance to the Ecosystem Approach to Fisheries (EAF). New partnerships and over 230 publications and 100 Web resources which have been carefully selected and categorized for marine capture fisheries and are now available.

## **Aquaculture Gateway**

The three Aquaculture Fact Sheet collections – accessed through the Aquaculture Gateway – continue to grow in number and quality:

- **National Sector Aquaculture Overview (NASO)**
- **National Legislation Aquaculture Overview (NALO)**
- **Cultured Aquatic Species**

To date 98 NASOs, 43 NALOs and 50 Cultured Aquatic Species and more than 100 translations of the same Fact Sheets in five FAO official languages are available online.
