What is GLOBEFISH?

GLOBEFISH is the unit within the FAO Fisheries and Aquaculture Department responsible for information and analysis of international fish trade and markets.

Our vision

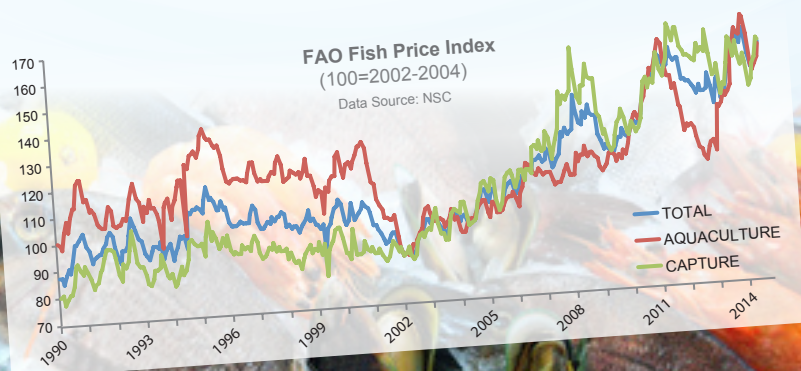

We aim to continually improve the fishery trade sector, particularly in developing countries and countries in transition.

Our mission

We put our vision into action through gathering, assessing, analyzing and disseminating up-to-date fish marketing and trade information worldwide, which is shared through key publications and our website.

Our services

- ▶ Market Research
- ▶ News And Statistics
- ▶ Training
- ▶ Industry Relations
- ▶ Project Advisory Support
- ▶ Events and Conferences
- ▶ Fish Price Index

GLOBEFISH Publications

FISH INFONetwork (FIN)

GLOBEFISH coordinates the international **FISH INFONetwork (FIN)**, connecting seven independent regional fish information services. The network helps to develop the fisheries and aquaculture sector particularly in developing countries and countries in transition. Today, FIN has **81 member countries** around the world.
