Report of the

THIRD MEETING OF THE PART 6 WORKING GROUP
ESTABLISHED BY THE PARTIES OF THE AGREEMENT ON PORT
STATE MEASURES TO PREVENT, DETER AND ELIMINATE
ILLEGAL, UNREPORTED AND UNREGULATED FISHING

Santiago, Chile, 7 June 2019
Report of the
THIRD MEETING OF THE PART 6 WORKING GROUP ESTABLISHED BY THE PARTIES OF THE AGREEMENT ON PORT STATE MEASURES TO PREVENT, DETER AND ELIMINATE ILLEGAL, UNREPORTED AND UNREGULATED FISHING

Santiago, Chile, 7 June 2019
PREPARATION OF THIS DOCUMENT

This is the final version of the report of the third meeting of the Part 6 Working Group established by the Parties to the Agreement on Port State Measures to Prevent, Deter and Eliminate Illegal, Unreported and Unregulated Fishing, which was held in Santiago, Chile, on 7 June 2019.

ABSTRACT

This document contains the report of the third meeting of the Part 6 Working Group established by the Parties to the Agreement on Port State Measures (PSMA) to Prevent, Deter and Eliminate Illegal, Unreported and Unregulated Fishing, held in Santiago, Chile, on 7 June 2019. The Part 6 Working Group discussed the Terms of Reference for the funding mechanisms under Part 6 of the PSMA, which were adopted at the Second Meeting of the Parties to the PSMA, and made concrete recommendations for its use to support national and regional efforts to implement the PSMA. The Part 6 Working Group elected Mr Bjarne Garden from Norway and Ms Desri Yanti from Indonesia as the two official representatives from the Parties to join the FAO Secretariat on the panel to review applications and make recommendation on the assistance to be granted under the Part 6 Assistance Fund. The Part 6 Working Group welcomed the proposed design and content of the Global Portal for Capacity Development to combat IUU fishing being developed by FAO, and encouraged FAO to continue its development.

OPENING OF THE MEETING

1. The third meeting of the Part 6 Working Group established by the Parties to the Agreement on Port State Measures to Prevent, Deter and Eliminate Illegal, Unreported and Unregulated Fishing (PSMA) was held in Santiago, Chile on 7 June 2019. The meeting was attended by 40 Parties to the Agreement, and by observers from 13 States, four intergovernmental and two international non-governmental organizations. A list of Parties and observers is attached as Appendix B.

ADOPTION OF THE AGENDA AND ARRANGEMENTS FOR THE MEETING

2. The meeting adopted the agenda without modification (Appendix A).

3. Ms Karin Mundnich from Chile and Mr Josephus Mamie from Sierra Leone were elected as Chairperson and Vice-Chairperson respectively.

IMPLEMENTATION OF THE TERMS OF REFERENCE FOR THE FUNDING MECHANISMS UNDER PART 6 OF THE PSMA

4. The Secretariat introduced the Terms of Reference for the funding mechanisms under Part 6 of the PSMA, shown in PSMA_Part6WG3/2019/Inf.4, which were adopted at the Second Meeting of the Parties to the PSMA, held from 3-6 June in Santiago, Chile. The Secretariat highlighted the need for the Part 6 Working Group, in this present meeting, to make recommendations on the priorities for the use of the Part 6 Assistance Fund and on the approaches to mobilize voluntary financial contributions to the funding mechanisms, as well as to discuss the establishment of the panel to review applications and to make recommendations on the assistance to be granted.

FAO GLOBAL CAPACITY DEVELOPMENT PROGRAMME IN SUPPORT OF THE PSMA

5. The Secretariat presented developments in FAO’s Global Programme in support of the implementation of the PSMA and complementary international instruments.

COORDINATION OF CAPACITY DEVELOPMENT INITIATIVES

6. The Secretariat introduced the Global Portal for Capacity Development to combat IUU fishing being developed by FAO, and presented the likely features and functionalities of the Portal, the roles and responsibilities of stakeholders in populating, managing and accessing the Portal, as well as a tentative graphic layout of the Portal.

CONCLUSIONS AND RECOMMENDATIONS

7. The Part 6 Working Group adopted the following conclusions and recommendations

Priorities for the use of the Part 6 Assistance fund

8. It is important that the priority on the use of the Assistance Fund is oriented towards the actual needs of the recipients.

9. To maximize the benefits of assistance initiatives, gap-analyses to determine capacity development needs should be undertaken with the States concerned, together with cost-effective analyses in order to assess where assistance interventions will be most useful.

10. Possibilities for capacity development should be comprehensive and cover policy and legislation, MCS and operations, institutional set-up and capacity, noting the following sub-areas of interest:
o Training of trainers on MCS and inspections;
o Training of relevant authorities of different institutions and agencies involved in the implementation of the PSMA, including law enforcement officers, prosecutors, and judges;
o Development of joint inspection/MCS operations within the broader system of port State controls and other relevant control schemes;
o Improvement of inter-agency coordination;
o Sharing of best practices on implementation of the PSMA, including harmonization with port State control, as appropriate.

11. In addition to focusing on capacity development at the national level, a regional approach, including through regional fishery bodies (RFBs), should also be taken with a view to promoting regional coordination among States as called for at the First Meeting of the Parties. In this respect, regional capacity development, including outreach to non-Parties, should be undertaken in some specific regions, as required.

Establishment of the panel to review applications and make recommendations on the assistance to be granted under the Part 6 Assistance Fund

12. The Parties agreed for FAO to proceed with the establishment of the panel, including independent and impartial experts, to review the applications and make recommendations on the assistance to be granted under the Part 6 Assistance Fund. The Part 6 Working Group elected Mr Bjarne Garden, Assistant Director, The Knowledge Bank, Norwegian Agency for Development Cooperation, Norway and Ms Desri Yanti, Head, Subdivision for United Nations Affairs, Ministry for Marine and Fisheries, Indonesia as the two official representatives from the Parties to join the FAO Secretariat on the panel.

13. Parties will be invited to submit to FAO nominations for independent and impartial experts to serve in their personal capacity on the panel, as needed, depending on the technical expertise required on the panel on a case-by-case basis.

FAO’s Global Portal for Capacity Development to combat IUU fishing

14. Parties welcomed the proposed design and content of the portal presented and encouraged FAO to continue its development, with an anticipated launch of the portal by the end of 2019.

DATE AND VENUE OF THE NEXT MEETING

15. It was agreed that the next meeting will be held back-to-back with the Third Meeting of the Parties to be hosted by the European Union, over the week of 30 November to 4 December 2020.

CLOSURE OF THE MEETING

16. The meeting closed on 7 June 2019 at 15.20 hours.
AGENDA

Morning 9.30 hours

1. Opening of the Meeting
2. Election of Chairperson and Vice-Chairperson
3. Adoption of the agenda and arrangements of the Meeting
4. Implementation of the Terms of Reference for the Funding Mechanisms under Part 6 of the PSMA
5. FAO global capacity development programme in support of the PSMA, complementary instruments and tools
6. Coordination of capacity development initiatives

Afternoon 14.00 hours

7. Conclusions and recommendations
8. Date and venue of next meeting
9. Closure of the Meeting

This document contains the report of the third meeting of the Part 6 Working Group established by the Parties to the Agreement on Port State Measures (PSMA) to Prevent, Deter and Eliminate Illegal, Unreported and Unregulated Fishing, held in Santiago, Chile, on 7 June 2019. The Part 6 Working Group discussed the Terms of Reference for the funding mechanisms under Part 6 of the PSMA, which were adopted at the Second Meeting of the Parties to the PSMA, and made concrete recommendations for its use to support national and regional efforts to implement the PSMA.
