Map 8. Manure methane conversion factor for laying hens

Source: GLEAM calculation, see Appendix A for the methodology. Main input data: IPCC (2006) and Hijmans, R.J. et al. (2005).
Map 9.
Average proportion of N intake retained in live weight by pigs (average for all pigs in a cell)

Source: GLEAM calculation, see Appendix A for the methodology.
Appendix G – Maps

Map 10. Average proportion of N intake retained in live weight and eggs by chickens (average for all chickens in a cell).

Source: GLEAM calculation, see Appendix A for the methodology.
