Introduction

1. A Multi-year Programme of Work (MYPOW) 2016-2019 for the Regional Conference for Asia and the Pacific (APRC) was discussed at the 33rd Session of APRC held in Putrajaya, Malaysia, 7-11 March 2016. At the subsequent 34th Session of APRC held in Nadi, Fiji, from 9-13 April 2018, the MYPOW 2016-2019 was again presented to the Regional Conference. At its 34th session in 2018, the Regional Conference endorsed the MYPOW for the 2016-2019 period, to frame the work of the Regional Conference and encouraged regular and systematic review of the performance and efficiency of the Regional Conference, and looked forward to receiving a report at its next session.
2. It is recalled that the Regional Conference reviews the situation in the region on matters related to the Organization's mandate, and provides advice and action-oriented recommendations to the FAO Conference on global policy and regulatory matters, and to the FAO Council on priorities, programmes and budgetary matters of the Organization.
3. The Regional Conference provides regional perspectives on FAO's strategies and priorities and formulates concrete recommendations on regional activities, also contributing to enhanced efficiency and effectiveness. It also conducts regional-level assessments, to feed into improved sustainability of agriculture, food security and nutrition. It exercises oversight of the functions and activities of FAO in the region, in accordance with the Basic Texts of the Organization. It operates efficiently and effectively, collaborating where appropriate with relevant partner organizations.
4. The technical commissions of the region review technical aspects and issues of importance in the areas of Fisheries (APFIC), Forestry (APFC), Agricultural Statistics (APCAS), Plant Protection (APPPC) and Animal Production and Health (APHCA). Their recommendations complement and inform discussions during the APRC on the Programme of Work, its strategic focus and the Regional Initiatives.
5. The 31st Regional Conference "appreciated the efforts to develop the first MYPOW for framing the work of the Regional Conference and encouraged further refinement and elaboration with respect to its purpose and functions, specific work tasks of the Regional Conference related to the reference period, and inclusion of measurable indicators."¹
6. The MYPOW 2020–2023 is hereby presented for consideration by the 35th session of the APRC.
