

FOOD AND AGRICULTURE ORGANIZATION OF THE UNITED NATIONS (FAO)

BIOENERGY TRADE IMPACT ANALYSIS

Gustavo Best – Senior Energy Coordinator

Ingmar Jürgens – Renewable Energy and Climate Change

Food and Agriculture Organization of the United Nations (FAO) – Rome

gustavo.best@fao.org ingmar.juergens@fao.org <http://www.fao.org/SD>

Washington, D.C. 16 March 2005

A dark blue world map is centered in the background of the slide. The text is overlaid on the map.

Overall objective

Identifying the potential of Bioenergy to contribute to the sustainable development of current and potential bioenergy exporting and importing countries

Specific objective

Socio-economic and ecological impacts of biomass production and trade on developing countries

Challenge

Demonstrate how bio-energy trade can contribute to general (sustainable) development targets
