

TROPICAL ANIMAL PRODUCTION
CONTENTS OF VOLUME 7 No. 3 1982

Duarte F, Elliott R & Preston T R <i>Fattening cattle with sugarcane juice: effect of the conservation of juice with ammonia and the use of Leucaena leucocephala as a source of protein and forage</i>	169
Mould F L, Saadullah M, Haque M, Davis D, Dolberg F & Ørskov E R <i>Investigation of some of the physiological factors influencing intake and digestion of rice straw by native cattle in Bangladesh</i>	174
Aguirre L, Garroni J, Garroni N P de & Lineras T <i>Insemination time and pregnancy cost in grade Zebu heifers synchronized with PGF₂alpha (Lutalyse^r)</i>	182
Saadullah M, Haque M & Dolberg F <i>Supplementation of alkali treated rice straw</i>	187
Vaccaro R & Vaccaro L <i>Age at first calving, reproduction and prenatal survival in Holstein Friesian and Brown Swiss cross-breds in an intensive tropical milk production system</i>	191
Lasso T, Meléndez F & Scoffield J <i>Condition score of Holstein cows and its' relation to production and fertility in the humid tropics</i>	198
Adebambo A O & Dettmers A E <i>Efficiency of feed and milk utilization by litters of indigenous and exotic pure and crossbred pigs</i>	204
Falvey J L <i>The effect of infrequent administration of urea on rumen ammonia and serum levels of cattle consuming rice straw</i> .	209
Adeleye A O A <i>A note on the artificial rearing of West African Dwarf (WAD) lambs</i>	213
Mgheni M, Christensen K & Kyomo M L <i>Selection experiment on growth and litter size in rabbits I Effect of litter size on growth</i>	217
Mena A, Elliott R & Preston T R <i>The substitution of grain sorghum by sugarcane juice in diets for growing pigs</i>	226
Castellanos Ruelas A & Zarazua M V <i>Quantitative and qualitative study of milk production of the Pelibuey sheep</i>	232
Teeluck J P, Hulman B & Preston T R <i>Leucaena forage and elephant grass as roughage and protein sources in a molasses/urea based diet for fattening Zebu cattle</i>	241
