## Country Project Report

Growth and reproductive performances of Bali heifers in the three strata forage system <i>I.M. Nitis, K. Lana, W. Sukanten, S. Putra and T.G.O. Pelayun</i>	1
Forage development in Lao PDR <i>Sihanath G.</i>	17
The selection of hybrid line Leucaena for forage production in the tropics <i>C.P. Chen, E. M. Hutton and C.C. Wong</i>	25
Dairy production through strategic utilization of pasture, forage conservation and agro-industrial by-products: A workshop for dairy smallholders in Malaysia <i>C.P. Chen</i>	33
Improved pastures under coconuts in Bicol <i>F.A. Moog, A.G. Deocareza and H.E.. Diesta</i>	37
Demonstration trials on utilization of fodder trees and shrubs, crop residues and by-products for small dairy farms <i>S. Udchachon and W. Boonpuckdee</i>	43
Ruminant production in Vietnam and development of forage in smallholder farm <i>L.V. Ly</i>	57
<b>Forage Seed Production and Ley Farming</b>	
The forages for smallholders project <i>W.W. Stur, P.M. Home, J.B. Hacker and P.C. Kerridge</i>	63
Forage seed production in humid tropical environment <i>A.B. Idris, A. Aminah and G. Khairuddin</i>	67
Pasture seed production in Thailand <i>C. Satjipanon</i>	73
Forage seed production in Lao PDR <i>S. Kharnphavong</i>	83
Evaluation on introduced tropical legumes and grasses in northern and central Vietnam <i>H.M. Khai, N.N. Ha, L.H. Binh, P.T. Phan and N.T. Mui</i>	89
Forage productivity of Guinea grass in different farming systems <i>H.M. Nung and L.H. Binh</i>	97

Leucaena as protein supplemental feed for milking cows and growing goats <i>N.N. Ha, P.T. Phan, H.M. Khai and N.B. Viet</i>	101
Forage legumes for ley-farming in the tropics Rainer Schultze-Kraft Introduction of ruzi grass into grey podzolic soils in southeast part of Vietnam <i>V.D. Khong, Q.H. Traong, K.T. Vu, T.M. Nguyen and V.Q. Pham</i>	107
Intensive farming on pure and legume-based elephant grass for cutting <i>L.H. Binh and H.V. Nung</i>	125
<b>Plantation, Integration and Management Systems</b>	
Sustainability of pasture with introduction of sheep under durian orchard <i>Mohd. Nadib, M.A.</i>	129
Potential of some promising germplasms for the development of shade tolerant forage plants <i>D.A. Kaligis</i>	135
Strategies for sustainable production of tropical forages under shade <i>C.C. Wong</i>	143
Breeding schemes for ruminants in tree crop plantations <i>M. Ariff Omar</i>	157
Integration of sheep in Philippines smallholder plantations <i>F.A. Moog</i>	163
<b>Strategies for Supplementation</b>	
Effect of stylo legume supplement to elephant grass diet on the performance of Bali steer <i>K. Lana, I.M. Nitis, W. Sukanten, M. Suarna and S. Putra</i>	171
Critical pasture management and utilisation to reduce feed supplementation <i>F.Y. Chin</i>	183
Production and utilisation of urea-molasses mineral block in the Philippines <i>Hernando F. Avilla</i>	199
Fodder tree supplementation for beef cattle on improved grasses <i>Ridzwan A. Halim</i>	205
Sheep production in rice-based farming system with fodder tree supplementation <i>E.E. Victorio and F.A. Moog</i>	213

Growing <i>Pennisetum purpureum</i> varieties and <i>Panicum maximum</i> I.429 on grey podzolic soils in the southeast region of Vietnam <i>Dinh Huynh</i>	221
