

<b>Technical Workshop on Locusts in Caucasus and Central Asia (CCA)</b>
Bishkek, Kyrgyzstan, 12- 16 November 2012
<b>Locust forecast for 2013 and preparation of the next campaign</b>

*- Item 5 of the Provisional Agenda -*  
*-5 min. per country-*

Framework for countries' presentation:

- I. Forecast concerning the 2013 locust situation per locust species (in particular on: location of main infested areas incl. number of hectares to be surveyed and controlled, period of the anticipated peak of infestations)
- II. Funds' availability for the 2013 campaign
- III. Campaign management and possible constraints (work plan and timetable, human resources, pesticides, equipment, etc.)
