

Technical Workshop on Locusts in Caucasus and Central Asia (CCA)
Bishkek, Kyrgyzstan, 12- 16 November 2012
Strengthening national capacities: Training -Template-

*- Item 8 of the Provisional Agenda -
-15 min. per training session-*

The following training sessions were delivered in 2012 in the framework of the “Five-year Programme to improve national and regional locust management in Caucasus and Central Asia”, against FAO and USAID funding:

- Kyrgyzstan, April 2012
- Azerbaijan, April 2012
- Afghanistan & Tajikistan, June 2012.

Presentation on this activity will be made by the concerned countries during the workshop.

The proposed template for countries’ presentations is as follows:

- I. Short description of the training session (what? when? where? who? funding?);
- II. Profile of the participants (criteria for selection, number, technical background, experience, age)
- III. Expectations of the participants
- IV. Training highlights (what was the most useful? What was the least useful?)
- V. Other features, strengths and weaknesses of the training (time management, course organization, explanations/language, equipment used, etc.)
- VI. Did the training meet the expectations and were the national capacities strengthened (if not, why)?
- VII. Media coverage if any
- VIII. Recommendations for future trainings (what to change, add, delete)?
- IX. Any other comments/suggestions
