Avian Influenza Virology Department.
Istituto Zooprofilattico Sperimentale
(IZSVE) delle Venezie**

Important:

Contact the IZSVE in order to discuss testing and testing materials before shipping. Provide the name and details of a contact person.

Types of specimen

Specimens submitted may be virus isolates made in the submitting country or clinical specimen, such as tissues or swabs, collected from diseased birds.

Packaging requirements

All materials should be in leak-proof containers. Packaging should be composed of (1) a primary receptacle, (2) a secondary packaging and (3) a rigid outer packaging. Packaging of "diagnostic samples" should be coded UN3373 and comply with IATA PI650 standard. "virus isolates" should be coded UN2814 for AIV and UN2900 for NDV complying with IATA PI602 standards. Contact couriers to confirm the provision of boxes complying with these requirements

Documents that should accompany the shipment for customs clearing

Import permissions from the Italian Ministry of Health (formerly provided by the IZSVE) and a signed proforma invoice (the template will be formerly provided by the IZSVE) should be attached firmly to the box.

Shipping modality

Air freight or couriers to Milan Malpensa Airport (recommended), Rome Fiumicino Airport (courier only) or Venice Marco Polo Airport (no virus isolates). Informing the IZSVE 1 week in advance is recommended. Arrange for shipments to arrive in Italian airports from Monday to Thursday only.

National Veterinary Services Laboratories (NVSL), Ames, Iowa, USA

Import permit

Packages containing diagnostic specimens or organisms (infectious materials) imported from foreign locations into the United States must be accompanied by a permit issued by the U.S. Department of Agriculture. The importation permit, with proper packaging and labelling, will expedite clearance of the package through U.S. customs. One copy of the permit should be attached to the outside of the shipping container and a second copy placed just inside the lid of the outer shipping container. The importation permit can be obtained from the laboratory (NVSL, Ames, Iowa).

Packaging requirements

All materials should be in leak-proof containers and packaged to withstand breakage. All materials should be properly labelled.
