Notes

- X means they are in the FA/INF02 December 2017 but no food additives are permitted, so limited alignment needed; no changes to GSFA but changes needed to individual CS
- 1 Active committee
- 2 Adjourned *sine die*
- 3 Abolished or dissolved
- 4 Working by correspondence
- a Number listed are the total number of CS that require alignment while the numbers in brackets are the numbers of CS designated with an X (requiring no changes to GSFA, just to the CS itself)
- b CS 181 and 203 require advice from CCNFSDU on exactly what food additive provisions are required since none are listed
- c The work programme for CCFA51 & CCFA52 is presented as being *combined* because the exact work programme will be dependent on the consideration by the Committee to the 'work-sharing' proposals outlined in recommendation 3 of the "*Discussion paper on Future Strategies for CCFA*" under agenda item 8 (CX/FA 18/50/13). It is also dependent on progress with the consideration of the 14 fish and fish product commodity standards at the 50th session of the CCFA.
