#### DRAFT STRATEGIC PLAN FOR THE CCNASWP 2014-2019

(Comments of Australia and Solomon Islands)

#### AUSTRALIA

As a general comment we don't support the use of the terms "Quads" in this document as it is not an officially identified Codex region or group.

Australia notes that paper CX/NASWP 14/13/4 Revitalisation of FA/WHO Coordinating Committees proposes that RCCs main focus should be on the implementation of the Codex Strategic Plan and that where regional plans are developed they should have the same timeframe as the Codex Strategic Plan and are consistent with and complementary to the Codex Strategic Plan.

Australia feels that it might be useful to consider the need for a separate regional strategic plan given the recommendations in CX/NASWP 14/13/4.
