FA/41 INF/01 - Table Three Page 516 of 524

# 41st CCFA - INFORMATION DOCUMENT TO THE DISCUSSION ON THE GSFA

# **TABLE THREE**

## Additives Permitted for Use in Food in General, Unless Otherwise Specified, in Accordance with GMP

INS No	Additive	Step	Year
626	5'-Guanylic acid	Adopted	1999
260	Acetic acid, glacial	Adopted	1999
472a	Acetic and fatty acid esters of glycerol	Adopted	1999
1422	Acetylated distarch adipate	Adopted	1999
1414	Acetylated distarch phosphate	Adopted	1999
1451	Acetylated oxidized starch	Adopted	2005
1401	Acid treated starch	Adopted	1999
406	Agar	Adopted	1999
400	Alginic acid	Adopted	1999
1402	Alkaline treated starch	Adopted	1999
1100	alpha-Amylase from Aspergillus oryzae var.	Adopted	1999
1100	alpha-Amylase from Bacillus licheniformis (Carbohydrase)	Adopted	1999
1100	alpha-Amylase from Bacillus megaterium expressed in Bacillus subtilis	Adopted	1999
1100	alpha-Amylase from Bacillus stearothermophilus	Adopted	1999
1100	alpha-Amylase from Bacillus stearothermophilus expressed in Bacillus subtilis	Adopted	1999
1100	alpha-Amylase from Bacillus subtilis	Adopted	1999
457	alpha-Cyclodextrin	Adopted	2005

INS No         Additive         Step         Vear           559         Aluminium silicate         Adopted         1999           264         Ammonium acetate         Adopted         1999           403         Ammonium alginate         Adopted         1999           503(i)         Ammonium carbonate         Adopted         1999           510         Ammonium hydrogen carbonate         Adopted         1999           527         Ammonium hydrogen carbonate         Adopted         1999           328         Ammonium hydrogen carbonate         Adopted         1999           300         Ascorbic acid, L-         Adopted         1999           1403         Bleached starch         Adopted         1999           1403         Bleached starch         Adopted         1999           629         Calcium 5'-guanylate         Adopted         1999           631         Calcium 5'-inosinate         Adopted         1999           632         Calcium acetate         Adopted         1999           404         Calcium acetate         Adopted         1999           526         Calcium acetate         Adopted         1999           578         Calcium carbonate	FA/41 INF/01 - Table Three		Page 517	of 524
264         Ammonium acetate         Adopted         1999           403         Ammonium alginate         Adopted         1999           503(i)         Ammonium carbonate         Adopted         1999           510         Ammonium carbonate         Adopted         1999           503(ii)         Ammonium hydroxide         Adopted         1999           527         Ammonium hydroxide         Adopted         1999           308         Ammonium lactate         Adopted         1999           300         Ascorbic acid, L-         Adopted         1999           162         Beet red         Adopted         1999           1403         Bleached starch         Adopted         1999           1101(iii)         Bromelain         Adopted         1999           629         Calcium S-quanylate         Adopted         1999           633         Calcium S-quanylate         Adopted         1999           634         Calcium S-ribonuclestides         Adopted         1999           404         Calcium S-ribonuclestides         Adopted         1999           556         Calcium acetate         Adopted         1999           560         Calcium aluminium silicate	INS No	Additive	Step	Year
403       Ammonium alginate       Adopted       1999         503(i)       Ammonium carbonate       Adopted       1999         510       Ammonium chloride       Adopted       1999         503(ii)       Ammonium hydrogen carbonate       Adopted       1999         527       Ammonium hydroxide       Adopted       1999         328       Ammonium lactate       Adopted       1999         300       Ascorbic acid, L-       Adopted       1999         162       Beet red       Adopted       1999         1403       Bleached starch       Adopted       1999         1101(iii)       Bromelain       Adopted       1999         629       Calcium 5'-guanylate       Adopted       1999         633       Calcium 5'-guanylate       Adopted       1999         634       Calcium 5'-guanylate       Adopted       1999         404       Calcium 5'-guanylate       Adopted       1999         403       Calcium 5'-guanylate       Adopted       1999         633       Calcium 5'-guanylate       Adopted       1999         640       Calcium alginate       Adopted       1999         556       Calcium alginate       Ado	559	Aluminium silicate	Adopted	1999
503(i)         Ammonium carbonate         Adopted         1999           510         Ammonium chloride         Adopted         1999           503(ii)         Ammonium hydroxide         Adopted         1999           527         Ammonium hydroxide         Adopted         1999           328         Ammonium lactate         Adopted         1999           300         Ascorbic acid, L-         Adopted         1999           1403         Bleached starch         Adopted         1999           1403         Bleached starch         Adopted         1999           629         Calcium 3-'guanylate         Adopted         1999           633         Calcium 3-'guanylate         Adopted         1999           634         Calcium 3-'ribonucleotides         Adopted         1999           634         Calcium 3-'ribonucleotides         Adopted         1999           404         Calcium actate         Adopted         1999           556         Calcium alginate         Adopted         1999           302         Calcium actorbate         Adopted         1999           578         Calcium carbonate         Adopted         1999           578         Calcium gluconate	264	Ammonium acetate	Adopted	1999
510         Ammonium chloride         Adopted         1999           503(ii)         Ammonium hydrogen carbonate         Adopted         1999           527         Ammonium hydroxide         Adopted         1999           328         Ammonium lactate         Adopted         1999           300         Ascorbic acid, L-         Adopted         1999           162         Beet red         Adopted         1999           1403         Bleached starch         Adopted         1999           1101(iii)         Bromelain         Adopted         1999           629         Calcium 5'-guanylate         Adopted         1999           633         Calcium 5'-inosinate         Adopted         1999           634         Calcium 5'-inosinate         Adopted         1999           404         Calcium acetate         Adopted         1999           404         Calcium acetate         Adopted         1999           556         Calcium aluminium silicate         Adopted         1999           170(i)         Calcium acerbanate         Adopted         1999           578         Calcium gluconate         Adopted         1999           526         Calcium hydroxide	403	Ammonium alginate	Adopted	1999
503(ii)         Ammonium hydrogen carbonate         Adopted         1999           527         Ammonium hydroxide         Adopted         1999           328         Ammonium lactate         Adopted         1999           300         Ascorbic acid, L-         Adopted         1999           162         Beet red         Adopted         1999           1403         Bleached starch         Adopted         1999           629         Calcium 5'-guanylate         Adopted         1999           633         Calcium 5'-inbonucleotides         Adopted         1999           634         Calcium 5'-inbonucleotides         Adopted         1999           404         Calcium acetate         Adopted         1999           404         Calcium alginate         Adopted         1999           556         Calcium aluminium silicate         Adopted         1999           170(i)         Calcium ascorbate         Adopted         1999           578         Calcium gluconate         Adopted         1999           526         Calcium glutamate (D, L-)         Adopted         1999           526         Calcium hydroxide         Adopted         1999	503(i)	Ammonium carbonate	Adopted	1999
527         Ammonium hydroxide         Adopted         1999           328         Ammonium lactate         Adopted         1999           300         Ascorbic acid, L-         Adopted         1999           162         Beet red         Adopted         1999           1403         Bleached starch         Adopted         1999           629         Calcium 5-guanylate         Adopted         1999           633         Calcium 5-gionoplate         Adopted         1999           634         Calcium 5-ribonucleotides         Adopted         1999           404         Calcium acetate         Adopted         1999           556         Calcium alginate         Adopted         1999           302         Calcium aluminium silicate         Adopted         1999           570         Calcium ascorbate         Adopted         1999           578         Calcium gluconate         Adopted         1999           526         Calcium gluconate         Adopted         1999           526         Calcium hydroxide         Adopted         1999           526         Calcium lactate         Adopted         1999	510	Ammonium chloride	Adopted	1999
328       Ammonium lactate       Adopted       1999         300       Ascorbic acid, L-       Adopted       1999         162       Beet red       Adopted       1999         1403       Bleached starch       Adopted       1999         1101(iii)       Bromelain       Adopted       1999         629       Calcium 5'-guanylate       Adopted       1999         633       Calcium 5'-inosinate       Adopted       1999         634       Calcium 5'-ribonucleotides       Adopted       1999         404       Calcium acetate       Adopted       1999         556       Calcium aluminium silicate       Adopted       1999         302       Calcium aluminium silicate       Adopted       1999         170(i)       Calcium carbonate       Adopted       1999         578       Calcium chloride       Adopted       1999         526       Calcium glutamate (D, L-)       Adopted       1999         526       Calcium hydroxide       Adopted       1999         327       Calcium lactate       Adopted       1999	503(ii)	Ammonium hydrogen carbonate	Adopted	1999

Annex to Table Three

14.1.3

14.1.5

14.2.3

Fruit and vegetable nectars

Grape wines

#### ANNEX TO TABLE THREE

### Food Categories or Individual Food Items Excluded from the General Conditions of Table Three

The use of additives listed in Table Three in the following foods is governed by the provisions in Tables One and Two.

Category	Number Food Category
01.1.1	Milk and buttermilk (plain) (EXCLUDING HEAT-TREATED BUTTERMILK)
01.2	Fermented and renneted milk products (plain) excluding food category 01.1.2 (dairy based drinks)
01.4.1	Pasteurized cream (plain)
01.4.2	Sterilized and UHT creams, whipping or whipped creams, and reduced fat creams (plain)
01.6.3	Whey Cheese
01.6.6	Whey protein cheese
01.8.2	Dried whey and whey products, excluding whey cheese
02.1	Fats and oils essentially free from water
02.2.1	Butter
04.1.1	Fresh fruit
04.2.1	Fresh vegetables (including mushrooms and fungi, roots and tubers, pulses and legumes, and aloe vera), seaweeds, and nuts and seeds
04.2.2.1	Frozen vegetables (including mushrooms and fungi, roots and tubers, pulses and legumes, and aloe vera), seaweeds, and nuts and seeds
04.2.2.7	Fermented vegetable (including mushrooms and fungi, roots and tubers, pulses and legumes, and aloe vera), and seaweed products, excluding fermented soybean products of food categories 06.8.6, 06.8.7, 12.9.1, 12.9.2.1 and 12.9.2.3
06.1	Whole, broken or flaked grain, including rice
06.2	Flours and starches (including soybean powder)
06.4.1	Fresh pastas and noodles and like products
06.4.2	Dried pastas and noodles and like products
08.1	Fresh meat, poultry, and game
09.1	Fresh fish and fish products, including molluscs, crustaceans and echinoderms
09.2	Processed fish and fish products, including molluscs, crustaceans and echinoderms
10.1	Fresh eggs
10.2.1	Liquid egg products
10.2.2	Frozen egg products
11.1	Refined and raw sugars
11.2	Brown sugar, excluding products of food category 11.1.3 (soft white sugar, soft brown sugar, glucose syrup, dried glucose syrup, raw cane sugar)
11.3	Sugar solutions and syrups, also (partially) inverted, including treacle and molasses, excluding products of food category 11.1.3 (soft white sugar, soft brown sugar, glucose syrup, dried glucose syrup, raw cane sugar)
11.4	Other sugars and syrups (e.g., xylose, maple syrup, sugar toppings)
11.5	Honey
12.1	Salt and salt substitutes
12.2.1	Herbs and spices (ONLY HERBS)
13.1	Infant formulae, follow-up formulae, and formulae for special medical purposes for infants
13.2	Complementary foods for infants and young children
14.1.1	Waters
14.1.2	Fruit and vegetable juices

Coffee, coffee substitutes, tea, herbal infusions, and other hot cereal beverages, excluding cocoa
