## BACKGROUND1

1. The 30<sup>th</sup> Session of the Committee on Fish and Fishery Products considered the request from the 32<sup>nd</sup> Session of the Commission to consider the revision of the *Model Certificate for Fish and Fishery Products* (CAC/GL 48-2004) to ensure consistency with the adopted *Generic Model Certificate (Annex to Guidelines for Design, Production, Issuance and Use of Generic Official Certificate,* CAC/GL 38-2001).<sup>2</sup>

- 2. The Committee noted the need to limit the number of certificates used in international trade and considered a proposal that the Generic Model Certificate be revised to include specifics related to fish and fishery products and to revoke the Model Certificate for Fish and Fishery Products.
- 3. The Committee noted that the comparison in CRD 3 (reproduced as an Annex to this Circular Letter) provided a good basis for consideration of those matters specific to fish and fishery products to be included in the Generic Model Certificate and agreed that a Circular Letter be issued requesting comments on the list of matters specific to fish and fishery products in the Model Certificate for Fish and Fishery Products that could be incorporated into the Generic Model Certificate for further consideration by the next session of the Committee and possible forwarding to the CCFICS.

#### **Request for comments**

- 4. Comments are requested on the list of matters specific to fish and fishery products in the Model Certificate for Fish and Fishery Products that could be incorporated into the Generic Model Certificate.
- 5. Governments and international organizations wishing to provide comments should do so in writing **preferably by e-mail** to the above addresses before **15 February 2011**.

## Annex I

# Comparison Between the Draft Generic Model Official Certificate (Annex to the Guidelines for Design, Production, Issuance and Use of Generic Official Certificates – CAC/GL 38-2001) and The Model Certificate for Fish and Fishery Products (CAC/GL 48-2004)

Proposed Draft Generic Model Official Certificate	Model Certificate for Fish and Fishery Products	Comments
TITLE: Generic Model Official Certificate	TITLE: Sanitary Certificate covering Fish and Fishery Products	The CCFICS model removed "sanitary" from the title of its proposed draft Generic Certificate so that certificates may also address both aspects of Codex mandate "food safety and fair fair practices in the food trade
COUNTRY:	Country of Dispatch	Similar concepts in both certificates.  Minor editing to Model Fish Certificate to accept the wording proposed in the Generic Model.  "Country of Dispatch" definition: designate the name of the country of the competent authority which has the competence to verify and certify the conformity of the production of the establishments.
1. Consignor/Exporter	Name and address of the consignor	Similar concepts in both certificates.  Minor editing to Model Fish Certificate to accept the wording proposed in the Generic Model.
2. Certificate number	Identification number	Similar concepts in both certificates.  Minor editing to Model Fish Certificate to accept the wording proposed in the Generic Model.
3. Competent authority	Competent authority	Both certificates are consistent
4. Certifying Body	Certifying Body	Both certificates are consistent
5. Consignee/Importer	Name of consignee and address at place of destination	Similar concepts in both certificates. Minor editing to Model Fish Certificate to accept the wording proposed in the Generic Model.
6. Country of Origin	Not identified	Would need to be added and a decision taken as to the definition to be used.  "Country of Origin" definition included in the Explanatory notes of the Proposed Generic Model: name of the country in which the products were produced, manufactured or packaged.  "Country of Origin" definition taken from the GENERAL STANDARD FOR THE LABELLING OF PREPACKAGED FOODS (Codex STAN 1- 1985) under section 4.5.2  "When a food undergoes processing in a second country which changes its nature, the country in which the processing is performed shall be considered to be the country of origin for the purposes of labelling."
8. Place of loading	Not identified	Not included in Fish Certificate
9. Means of transport	Means of transport	Both certificates are consistent
10. Declared point of entry	Not identified	Not included in Fish Certificate

CL 2010/48-FFP 3
