#### REVISION OF THE CLASSIFICATION OF FOOD AND FEED:

#### MISCELLANEOUS COMMODITIES NOT MEETING THE CRITERIA FOR CROP GROUPING (AT STEP 4)

Comments at Step 3 submitted in reply to CL 2019/04-PR  
submitted by European Union and Kenya

#### European Union

#### *European Union Competence European Union Vote*

The European Union (EU) would like to thank the Electronic Working Group (eWG) on the revision of the Classification of food and feed chaired by the United States of America and co-chaired by the Netherlands for the preparation of the draft on the revision of the Codex Classification of Foods and Animal Feeds.

The EU can agree on this item.

#### Kenya

**Comment:** Kenya supports the proposal of having a miscellaneous commodity grouping for those that do not meet the criteria for inclusion in a crop group.

**Rationale:** This proposal is consistent with previous agreement and gives the opportunity for individual classification of all plant commodities.
