PROPOSALS FOR NEW WORK

Comments of India, Kenya

INDIA

Annex I: Proposal for New Work on Codex Standard for dried or dehydrated ginger.

India suggests inclusion of ginger in pieces, sliced and kibbled, dried also along with other forms in the scope of the project document.

Annex II: Proposal for New Work on Codex Standard for Cloves

India suggests inclusion of synonym *Eugenia caryophyllus* (Spreng.) Bullock & S.G.Harrison of *Syzygium aromaticum* (L.) Merr. & L.M.Perry* in the scope of the project document.

[*Source: The record derives from [WCSP](#) (data supplied on 2012-03-23) which reports it as a [synonym](#) (record 74690) with original publication details: *Kew Bull.* 13: 52 1958.

Full publication details for this name can be found at IPNI: <http://ipni.org/urn:lsid:ipni.org:names:593935-1>

KENYA

AGENDA 11 - Replies to CL 2015/27-SCH by Egypt, Indonesia and Iran

• PROPOSALS FOR NEW WORK ON CODEX STANDARD FOR BASIL

We appreciate the work done by Egypt, Indonesia and Iran and support the development of this standard CODEX STANDARD FOR BASIL for Consumer protection from the point of view of health, food safety, ensuring fair practices in food trade and taking into account the identified needs of developing countries

• PROPOSAL FOR NEW WORK ON CODEX STANDARD FOR DRIED OR DEHYDRATED GINGER

We appreciate the work done by Nigeria and support the work to continue to the next stage. This is a very important product which is used in various food products and traded within very many countries. The standard should consider the essential quality characteristics of dried ginger for industrial food production and for direct human consumption, including for catering purposes.
