

**CONSULTANT'S
TECHNICAL REPORT**

Submitted to

**FOOD AND AGRICULTURAL ORGANISATION OF
UNITED NATIONS, ROME**

On

**IMPACT OF CLIMATE CHANGE ON INVASIVE TRAITS
OF WEEDS**

By

RM. KATHIRESAN

Department of Agronomy, Faculty of Agriculture,
Annamalai University, Tamilnadu, India -608 002

FRONT PAGE PLATES

1. *Prosopis juliflora*
2. *Marsilea quadrifolia* in rice
3. *Eichhornia crassipes*

CONTENT

Sl. No.	Particulars	Page No.
1.	Introduction	1
2.	Impact of climatic parameters of a locality on weed's invasive behaviour	4
3.	Weed traits to be observed on exposure to variable climatic parameters, as contributing factors of invasivity	12
4.	Case studies for specific weeds favoured by a combination of climate change events	14
5.	Recommendations for prediction and prevention of weed invasions induced by global climate change	26
6.	References	30

LIST OF TABLES

Table No.	Title of the Table	Page No.
1.	Rainfall and evaporation pattern in the Cauvery river delta region of India	7
2	Floristic composition of weeds in rice fields irrigated by channels in Cauvery river delta (Importance Value Index %), India	8
3	Survey of Aquatic weeds in five of the distributary channels of Lake Veeranum in Tamilnadu (Importance Value Index %)	16
4	Phyto-eco-sociology of <i>Parthenium</i> in Veeranum ayacut region (Average values for 2000 & 2001)	17
5	Temperature regimes and root biomass enlargement in <i>Prosopis</i>	19
6	Thermo induction of seed germination in <i>Trianthema portulacastrum</i>	22

LIST OF FIGURES

Figure No.	Title of the Figure	Page No.
1.	<i>Leptochloa chinensis</i> in transplanted rice	9
2	Dominance of <i>Marsilea quadrifolia</i> due to flooding in low land rice	9
3	<i>Eichhornia crassipes</i> invasion in a watershed in Cuddalore district of Tamilnadu, India	15
4	Root biomass of <i>Prosopis juliflora</i>	19
5	Land mass infested by <i>Prosopis juliflora</i>	20
6	Land mass after partial clearing	20
7	<i>Trianthema portulacastrum</i> in early stage of sunflower crop	22
8	<i>Trianthema portulacastrum</i> smothering sunflower crop	23
