

CFS OEWG-SDGs Meeting # 2

Date: 24 February 2016

Time: 14:30-17:30

Location: Auditorium, WFP (Ground floor)

### Mapping of SDG targets in relation to CFS scope and products

*This document is a background document prepared by the CFS Secretariat, aiming to offer a preliminary overview of the CFS mandate, and past, current and upcoming work, in relation to each target across the 17 Sustainable Development Goals (SDGs) of the 2030 Agenda for Sustainable Development. The purpose of this document is to give an idea of the scope of CFS work and its potential contributions to efforts in advancing Agenda 2030 and the extent to which targets are inter-related. Grey text includes CFS products which have not yet been endorsed, the scope of which can at this point in time reasonably be expected to address or touch upon the corresponding targets.*

*This document is not intended to be negotiated or endorsed.*

*Should the OEWG decide to pursue the exercise in view of a more systematic analysis of each product in relation to different targets, an in-depth technical analysis will be required, and could be requested from the SDG - Technical Task Team*

-  Widely falling in the scope of CFS and/or covered by CFS products
-  Related to scope of CFS and/or partially covered by CFS products
-  With impacts on –or- from the work of CFS

Already negotiated CFS products (“major products” or “policy recommendations”)
Upcoming CFS products (MYPoW 2016-2017)

<b>Goal 1. End poverty in all its forms everywhere</b>			
1.1 By 2030, eradicate extreme poverty for all people everywhere, currently measured as people living on less than \$1.25 a day		All CFS Products	
1.2 By 2030, reduce at least by half the proportion of men, women and children of all ages living in poverty in all its dimensions according to national definitions		All CFS Products	
1.3 Implement nationally appropriate social protection systems and measures for all, including floors, and by 2030 achieve substantial coverage of the poor and the vulnerable	- Social Protection for Food Security (CFS 39)	-Urbanization and rural transformation -FFA (CFS42) -Price volatility and food security (CFS37) -SH access to markets (CFS 43)	
1.4 By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property, inheritance, natural resources, appropriate new technology and financial services, including microfinance	-Urbanization and rural transformation -FFA (CFS42) -VGGT (CFS38) -Price volatility and food security (CFS 37) -Land tenure and int'l investments (CFS 36) -SH access to markets (CFS 43) - Invest in SH agriculture (CFS 40) - Water for Food Security & Nutrition (CFS 42) - RAI (CFS41) - Gender, food security and nutrition (CFS 37) - Women's Empowerment (CFS44) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)		
1.5 By 2030, build the resilience of the poor and those in vulnerable situations and reduce their exposure and vulnerability to climate-related extreme events and other economic, social and environmental shocks and disasters		-Urbanization and rural transformation -FFA (CFS42) -Food security and climate change (CFS39) -VGGT (CFS38) -Price volatility and FS (CFS 37) - Water for Food Security & Nutrition (CFS 42) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)	
1.a Ensure significant mobilization of resources from a variety of sources, including through enhanced development cooperation, in order to provide adequate and predictable means for developing countries, in particular least developed countries, to implement programmes and policies to end poverty in all its dimensions		- Social Protection for Food Security (CFS 39) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)	

<p>1.b Create sound policy frameworks at the national, regional and international levels, based on pro-poor and gender-sensitive development strategies, to support accelerated investment in poverty eradication actions</p>	<p>- Social Protection for Food Security (CFS 39)</p>		<p>-FFA (CFS42)                  - Invest in SH agriculture (CFS 40)                  -Food security and climate change (CFS 39)                  -VGGT (CFS38)                  -Price volatility and food security (CFS 37)                  - Sustainable Agricultural Development including Livestock (CFS43)</p>
---	---	--	---

<p><b>Goal 2. End hunger, achieve food security and improved nutrition and promote sustainable agriculture</b></p>			
<p>2.1 By 2030, end hunger and ensure access by all people, in particular the poor and people in vulnerable situations, including infants, to safe, nutritious and sufficient food all year round</p>	<p><b>All CFS Products</b>                  [including                  - Nutrition                  - Sustainable Agricultural Development including Livestock (CFS43) (tbc)                  - Forestry for FSN (CFS44) (tbc) ]</p>		
<p>2.2 By 2030, end all forms of malnutrition, including achieving, by 2025, the internationally agreed targets on stunting and wasting in children under 5 years of age, and address the nutritional needs of adolescent girls, pregnant and lactating women and older persons</p>	<p>-Sustainable Fisheries and Aquaculture for FSN (CFS41)                  - FFA (CFS42)                  - RAI (CFS41)                  - SH access to markets (CFS 43)                  - Invest in SH agriculture (CFS 40)                  - Increase FS and SH-sensitive investments (CFS 37)                  - Nutrition                  - Women's Empowerment (CFS44)                  - Gender, food security and nutrition (CFS 37)</p>	<p>- Social Protection for Food Security (CFS 39)</p>	
<p>2.3 By 2030, double the agricultural productivity and incomes of small-scale food producers, in particular women, indigenous peoples, family farmers, pastoralists and fishers, including through secure and equal access to land, other productive resources and inputs, knowledge, financial services, markets and opportunities for value addition and non-farm employment</p>	<p>-Urbanization and rural transformation                  -FFA (CFS42)                  - RAI (CFS41)                  -Food security and climate change (CFS39)                  -VGGT (CFS38)                  -Price volatility and food security (CFS 37)                  -Land tenure and int'l investments (CFS 36)                  - SH access to markets (CFS 43)                  - Invest in SH agriculture (CFS 40)                  - Increase FS and SH-sensitive investments (CFS 37)                  - Water for Food Security &amp; Nutrition (CFS 42)                  - Women's Empowerment (CFS44)                  - Gender, food security and nutrition (CFS 37)</p>	<p>- Social Protection for Food Security (CFS 39)</p>	

	Sustainable Agricultural Development including Livestock (CFS43) (tbc)		
2.4 By 2030, ensure sustainable food production systems and implement resilient agricultural practices that increase productivity and production, that help maintain ecosystems, that strengthen capacity for adaptation to climate change, extreme weather, drought, flooding and other disasters and that progressively improve land and soil quality	<ul style="list-style-type: none"> <li>-Urbanization and rural transformation</li> <li>- FFA (CFS42)</li> <li>- RAI (CFS41)</li> <li>-Food security and climate change (CFS39)</li> <li>-VGGT (CFS38)</li> <li>-Price volatility and food security (CFS 37)</li> <li>-Land tenure and int'l investments (CFS 36)</li> <li>- Gender, food security and nutrition (CFS 37)</li> <li>- Sustainable Agricultural Development including Livestock (CFS43) (tbc)</li> </ul>		<ul style="list-style-type: none"> <li>- Water for Food Security &amp; Nutrition (CFS 42)</li> <li>- Biofuels and food security (CFS 40)</li> </ul>
2.5 By 2020, maintain the genetic diversity of seeds, cultivated plants and farmed and domesticated animals and their related wild species, including through soundly managed and diversified seed and plant banks at the national, regional and international levels, and promote access to and fair and equitable sharing of benefits arising from the utilization of genetic resources and associated traditional knowledge, as internationally agreed		<ul style="list-style-type: none"> <li>-Food security and climate change (CFS 39)</li> <li>- Invest in SH agriculture (CFS 40)</li> <li>- RAI (CFS41)</li> <li>- Sustainable Agricultural Development including Livestock (CFS43) (tbc)</li> </ul>	
2.a Increase investment, including through enhanced international cooperation, in rural infrastructure, agricultural research and extension services, technology development and plant and livestock gene banks in order to enhance agricultural productive capacity in developing countries, in particular least developed countries		<ul style="list-style-type: none"> <li>- FFA (CFS42)</li> <li>- RAI (CFS41)</li> <li>-Food security and climate change (CFS 39)</li> <li>-VGGT (CFS38)</li> <li>-Price volatility and food security (CFS 37)</li> <li>-Land tenure and int'l investments (CFS 36)</li> <li>- SH access to markets (CFS 43)</li> <li>- Invest in SH agriculture (CFS 40)</li> <li>- Increase FS and SH-sensitive investments (CFS 37)</li> <li>- FLW in the context of Sustainable Food Systems (CFS41)</li> <li>- Water for Food Security &amp; Nutrition (CFS 42)</li> <li>- Sustainable Agricultural Development including Livestock (CFS43) (tbc)</li> </ul>	
2.b Correct and prevent trade restrictions and distortions in world agricultural markets, including through the parallel elimination of all forms of agricultural export subsidies and all export measures with equivalent effect, in accordance with the mandate of the Doha Development Round		<ul style="list-style-type: none"> <li>-Price volatility and food security (CFS 37)</li> </ul>	

<p>2.c Adopt measures to ensure the proper functioning of food commodity markets and their derivatives and facilitate timely access to market information, including on food reserves, in order to help limit extreme food price volatility</p>	<p>-FFA (CFS42)                      -Food security and climate change (CFS 39)                      -Price volatility and food security (CFS 36)                      -SH access to markets (CFS 43)                      - Invest in SH agriculture (CFS 40)</p>		
---	--	--	--

<p><b>Goal 3. Ensure healthy lives and promote well-being for all at all ages</b></p>			
<p>3.1 By 2030, reduce the global maternal mortality ratio to less than 70 per 100,000 live births</p>			
<p>3.2 By 2030, end preventable deaths of newborns and children under 5 years of age, with all countries aiming to reduce neonatal mortality to at least as low as 12 per 1,000 live births and under-5 mortality to at least as low as 25 per 1,000 live births</p>		<p>- Nutrition                      - Gender, food security and nutrition (CFS 37)</p>	<p>-FFA (CFS42)</p>
<p>3.3 By 2030, end the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, water-borne diseases and other communicable diseases</p>			
<p>3.4 By 2030, reduce by one third premature mortality from non-communicable diseases through prevention and treatment and promote mental health and wellbeing</p>			<p>- Nutrition</p>
<p>3.5 Strengthen the prevention and treatment of substance abuse, including narcotic drug abuse and harmful use of alcohol</p>			
<p>3.6 By 2020, halve the number of global deaths and injuries from road traffic accidents</p>			
<p>3.7 By 2030, ensure universal access to sexual and reproductive health-care services, including for family planning, information and education, and the integration of reproductive health into national strategies and programmes</p>			
<p>3.8 Achieve universal health coverage, including financial risk protection, access to quality essential health-care services and access to safe, effective, quality and affordable essential medicines and vaccines for all</p>			

3.9 By 2030, substantially reduce the number of deaths and illnesses from hazardous chemicals and air, water and soil pollution and contamination			- RAI (CFS41) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)
3.a Strengthen the implementation of the World Health Organization Framework Convention on Tobacco Control in all countries, as appropriate			
3.b Support the research and development of vaccines and medicines for the communicable and non-communicable diseases that primarily affect developing countries, provide access to affordable essential medicines and vaccines, in accordance with the Doha Declaration on the TRIPS Agreement and Public Health, which affirms the right of developing countries to use to the full the provisions in the Agreement on Trade-Related Aspects of Intellectual Property Rights regarding flexibilities to protect public health, and, in particular, provide access to medicines for all			
3.c Substantially increase health financing and the recruitment, development, training and retention of the health workforce in developing countries, especially in least developed countries and small island developing States			
3.d Strengthen the capacity of all countries, in particular developing countries, for early warning, risk reduction and management of national and global health risks			- FFA (CFS42) - Gender, food security and nutrition (CFS 37)

<b>Goal 4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all</b>			
4.1 By 2030, ensure that all girls and boys complete free, equitable and quality primary and secondary education leading to relevant and effective learning outcomes			- Social Protection for Food Security (CFS 39) - Gender, food security and nutrition (CFS 37)
4.2 By 2030, ensure that all girls and boys have access to quality early childhood development, care and pre-primary education so that they are ready for primary education			- Women's Empowerment (CFS44) - Gender, food security and nutrition (CFS 37)
4.3 By 2030, ensure equal access for all women and men to affordable and quality technical, vocational and tertiary education, including university			- Gender, food security and nutrition (CFS 37)
4.4 By 2030, substantially increase the number of youth and adults who have relevant skills, including technical and vocational skills, for employment, decent jobs and entrepreneurship		- Social Protection for Food Security (CFS 39)	- RAI (CFS4) - Gender, food security and nutrition (CFS 37)

4.5 By 2030, eliminate gender disparities in education and ensure equal access to all levels of education and vocational training for the vulnerable, including persons with disabilities, indigenous peoples and children in vulnerable situations			- Social Protection for Food Security (CFS 39) - Gender, food security and nutrition (CFS 37)
4.6 By 2030, ensure that all youth and a substantial proportion of adults, both men and women, achieve literacy and numeracy			- Social Protection for Food Security (CFS 39) - Gender, food security and nutrition (CFS 37)
4.7 By 2030, ensure that all learners acquire the knowledge and skills needed to promote sustainable development, including, among others, through education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and non-violence, global citizenship and appreciation of cultural diversity and of culture's contribution to sustainable development			
4.a Build and upgrade education facilities that are child, disability and gender sensitive and provide safe, non-violent, inclusive and effective learning environments for all			
4.b By 2020, substantially expand globally the number of scholarships available to developing countries, in particular least developed countries, small island developing States and African countries, for enrolment in higher education, including vocational training and information and communications technology, technical, engineering and scientific programmes, in developed countries and other developing countries			
4.c By 2030, substantially increase the supply of qualified teachers, including through international cooperation for teacher training in developing countries, especially least developed countries and small island developing States			

<b>Goal 5. Achieve gender equality and empower all women and girls</b>			
5.1 End all forms of discrimination against all women and girls everywhere		-FFA (CFS42) - RAI (CFS41) -Sustainable Fisheries and Aquaculture for FSN (CFS41) - Invest in SH agriculture (CFS 40) -VGGT(CFS38) - Water for Food Security & Nutrition (CFS 42) - Women's Empowerment (CFS44)	- Social Protection for Food Security (CFS 39) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)

		- Gender, food security and nutrition (CFS 37)	
5.2 Eliminate all forms of violence against all women and girls in the public and private spheres, including trafficking and sexual and other types of exploitation		-FFA (CFS42) - Gender, food security and nutrition (CFS 37)	
5.3 Eliminate all harmful practices, such as child, early and forced marriage and female genital mutilation			
5.4 Recognize and value unpaid care and domestic work through the provision of public services, infrastructure and social protection policies and the promotion of shared responsibility within the household and the family as nationally appropriate		- Sustainable Agricultural Development including Livestock (CFS43) (tbc)	
5.5 Ensure women’s full and effective participation and equal opportunities for leadership at all levels of decision-making in political, economic and public life		- RAI (CFS41) -FFA (CFS42) -VGGT (CFS38) -Land tenure and int’l investments (CFS 36) - Invest in SH agriculture (CFS 40) - Gender, food security and nutrition (CFS 37)	
5.6 Ensure universal access to sexual and reproductive health and reproductive rights as agreed in accordance with the Programme of Action of the International Conference on Population and Development and the Beijing Platform for Action and the outcome documents of their review conferences			
5.a Undertake reforms to give women equal rights to economic resources, as well as access to ownership and control over land and other forms of property, financial services, inheritance and natural resources, in accordance with national laws		- RAI (CFS41) -FFA (CFS42) -Food security and climate change (CFS 39) -VGGT (CFS38) -Land tenure and int’l investments (CFS 36) -Sustainable Fisheries and Aquaculture for FSN (CFS41) - SH access to markets (CFS 43) - Invest in SH agriculture (CFS 40) - Water for Food Security & Nutrition (CFS 42) - Women’s Empowerment (CFS44) - Gender, food security and nutrition (CFS 37)	

	- Sustainable Agricultural Development including Livestock (CFS43) (tbc)		
5.b Enhance the use of enabling technology, in particular information and communications technology, to promote the empowerment of women			
5.c Adopt and strengthen sound policies and enforceable legislation for the promotion of gender equality and the empowerment of all women and girls at all levels		- RAI (CFS41) - FFA (CFS42) - VGGT (CFS38) - Land tenure and int'l investments (CFS 36) - Sustainable Fisheries and Aquaculture for FSN (CFS41) - SH access to markets (CFS 43) - Invest in SH agriculture (CFS 40) - Women's Empowerment (CFS44) - Gender, food security and nutrition (CFS 37)	- Nutrition

<b>Goal 6. Ensure availability and sustainable management of water and sanitation for all</b>			
6.1 By 2030, achieve universal and equitable access to safe and affordable drinking water for all	- RAI (CFS41) - FFA (CFS42) - SH access to markets (CFS 43) - Invest in SH agriculture (CFS 40) - Water for Food Security & Nutrition (CFS 42)		
6.2 By 2030, achieve access to adequate and equitable sanitation and hygiene for all and end open defecation, paying special attention to the needs of women and girls and those in vulnerable situations	- RAI (CFS41) - FFA (CFS42) - Water for Food Security & Nutrition (CFS 42)		
6.3 By 2030, improve water quality by reducing pollution, eliminating dumping and minimizing release of hazardous chemicals and materials, halving the proportion of untreated wastewater and substantially increasing recycling and safe re-use globally		- RAI (CFS41) - Water for Food Security & Nutrition (CFS 42) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)	
6.4 By 2030, substantially increase water-use efficiency across all sectors and ensure sustainable withdrawals and supply of freshwater to address water scarcity and substantially reduce the number of people suffering from water scarcity		- RAI (CFS41) - Water for Food Security & Nutrition (CFS 42) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)	

6.5 By 2030, implement integrated water resources management at all levels, including through transboundary cooperation as appropriate		- VGGT (CFS38) - Water for Food Security & Nutrition (CFS 42)	
6.6 By 2020, protect and restore water-related ecosystems, including mountains, forests, wetlands, rivers, aquifers and lakes		- FFA (CFS42) - Water for Food Security & Nutrition (CFS 42) - Sustainable Agricultural Development including Livestock (CFS43) (tbc) - Forestry for FSN (CFS44) (tbc)	
6.a By 2030, expand international cooperation and capacity-building support to developing countries in water- and sanitation-related activities and programmes, including water harvesting, desalination, water efficiency, wastewater treatment, recycling and reuse technologies		- Water for Food Security & Nutrition (CFS 42)	
6.b Support and strengthen the participation of local communities in improving water and sanitation management		- Water for Food Security & Nutrition (CFS 42) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)	VGGT (CFS38)

<b>Goal 7. Ensure access to affordable, reliable, sustainable and modern energy for all</b>			
7.1 By 2030, ensure universal access to affordable, reliable and modern energy services		- Food security and climate change (CFS 39) - Biofuels and Food Security (CFS 40) - SH access to markets (CFS 43) - Invest in SH agriculture (CFS 40)	
7.2 By 2030, increase substantially the share of renewable energy in the global energy mix		- Biofuels and Food Security (CFS 40)	
7.3 By 2030, double the global rate of improvement in energy efficiency			- RAI (CFS41)
7.a By 2030, enhance international cooperation to facilitate access to clean energy research and technology, including renewable energy, energy efficiency and advanced and cleaner fossil-fuel technology, and promote investment in energy infrastructure and clean energy technology		- Biofuels and Food Security (CFS 40)	- RAI (CFS41)
7.b By 2030, expand infrastructure and upgrade technology for supplying modern and sustainable energy services for all in developing countries, in particular least developed countries, small island developing States and landlocked developing countries, in accordance with their respective programmes of support		- Biofuels and Food Security (CFS 40)	

<b>Goal 8. Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all</b>			
8.1 Sustain per capita economic growth in accordance with national circumstances and, in particular, at least 7 per cent gross domestic product growth per annum in the least developed countries			
8.2 Achieve higher levels of economic productivity through diversification, technological upgrading and innovation, including through a focus on high-value added and labour-intensive sectors		- Sustainable Agricultural Development including Livestock (CFS43) (tbc)	
8.3 Promote development-oriented policies that support productive activities, decent job creation, entrepreneurship, creativity and innovation, and encourage the formalization and growth of micro-, small- and medium-sized enterprises, including through access to financial services		- Price volatility and food security (CFS 37) - Invest in SH agriculture (CFS 40) - RAI (CFS41) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)	- Social Protection for Food Security (CFS 39)
8.4 Improve progressively, through 2030, global resource efficiency in consumption and production and endeavour to decouple economic growth from environmental degradation, in accordance with the 10-Year Framework of Programmes on Sustainable Consumption and Production, with developed countries taking the lead	- Sustainable Agricultural Development including Livestock (CFS43) (tbc)	- Food security and climate change (CFS 39) - RAI (CFS41)	
8.5 By 2030, achieve full and productive employment and decent work for all women and men, including for young people and persons with disabilities, and equal pay for work of equal value			
8.6 By 2020, substantially reduce the proportion of youth not in employment, education or training			- Invest in SH agriculture (CFS 40)
8.7 Take immediate and effective measures to eradicate forced labour, end modern slavery and human trafficking and secure the prohibition and elimination of the worst forms of child labour, including recruitment and use of child soldiers, and by 2025 end child labour in all its forms			- FFA (CFS42) - Social Protection for Food Security (CFS 39) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)
8.8 Protect labour rights and promote safe and secure working environments for all workers, including migrant workers, in particular women migrants, and those in precarious employment			- RAI (CFS41) - Gender, food security and nutrition (CFS 37) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)
8.9 By 2030, devise and implement policies to promote sustainable tourism that creates jobs and promotes local culture and products			

8.10 Strengthen the capacity of domestic financial institutions to encourage and expand access to banking, insurance and financial services for all			-FFA (CFS42) -Price volatility and food security (CFS 37) - Gender, food security and nutrition (CFS 37)
8.a Increase Aid for Trade support for developing countries, in particular least developed countries, including through the Enhanced Integrated Framework for Trade-related Technical Assistance to Least Developed Countries			
8.b By 2020, develop and operationalize a global strategy for youth employment and implement the Global Jobs Pact of the International Labour Organization			

<b>Goal 9. Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation</b>			
9.1 Develop quality, reliable, sustainable and resilient infrastructure, including regional and transborder infrastructure, to support economic development and human well-being, with a focus on affordable and equitable access for all			-Food security and climate change (CFS 39) - FLW in the context of Sustainable Food Systems (CFS41) - Invest in SH agriculture (CFS 40) - RAI (CFS41)
9.2 Promote inclusive and sustainable industrialization and, by 2030, significantly raise industry's share of employment and gross domestic product, in line with national circumstances, and double its share in least developed countries			
9.3 Increase the access of small-scale industrial and other enterprises, in particular in developing countries, to financial services, including affordable credit, and their integration into value chains and markets			- RAI (CFS41) -FFA (CFS42) -Food security and climate change (CFS 39) -Price volatility and food security (CFS 37) -Land tenure and intl investments in agriculture (CFS 36) -Sustainable Fisheries and Aquaculture for FSN (CFS41) - FLW in the context of Sustainable Food Systems (CFS41) - Invest in SH agriculture (CFS 40)
9.4 By 2030, upgrade infrastructure and retrofit industries to make them sustainable, with increased resource-use efficiency and greater adoption of clean and environmentally sound technologies and industrial processes, with all countries taking action in accordance with their respective capabilities			- Food security and climate change (CFS 39) - FLW in the context of Sustainable Food Systems (CFS41) - RAI (CFS41)

9.5 Enhance scientific research, upgrade the technological capabilities of industrial sectors in all countries, in particular developing countries, including, by 2030, encouraging innovation and substantially increasing the number of research and development workers per 1 million people and public and private research and development spending			- Food security and climate change (CFS 39) - RAI (CFS41)
9.a Facilitate sustainable and resilient infrastructure development in developing countries through enhanced financial, technological and technical support to African countries, least developed countries, landlocked developing countries and small island developing States			
9.b Support domestic technology development, research and innovation in developing countries, including by ensuring a conducive policy environment for, inter alia, industrial diversification and value addition to commodities			- RAI (CFS41)
9.c Significantly increase access to information and communications technology and strive to provide universal and affordable access to the Internet in least developed countries by 2020			

<b>Goal 10. Reduce inequality within and among countries</b>			
10.1 By 2030, progressively achieve and sustain income growth of the bottom 40 per cent of the population at a rate higher than the national average			-Price volatility and food security (CFS 37) -FFA (CFS42) - Invest in SH agriculture (CFS 40) - Gender, food security and nutrition (CFS 37)
10.2 By 2030, empower and promote the social, economic and political inclusion of all, irrespective of age, sex, disability, race, ethnicity, origin, religion or economic or other status	SH access to markets (CFS 43) - Invest in SH agriculture (CFS 40) -VGGT (CFS38) - RAI (CFS41) - Women's Empowerment (CFS44) - Gender, food security and nutrition (CFS 37)	- Social Protection for Food Security (CFS 39)	
10.3 Ensure equal opportunity and reduce inequalities of outcome, including by eliminating discriminatory laws, policies and practices and promoting appropriate legislation, policies and action in this regard	All CFS products		
10.4 Adopt policies, especially fiscal, wage and social protection policies, and progressively achieve greater equality	- Social Protection for Food Security (CFS 39)	-Price volatility and food security (CFS 37) - Invest in SH agriculture (CFS 40) - RAI (CFS41)	
10.5 Improve the regulation and monitoring of global financial markets and institutions and strengthen the implementation of such regulations		-Price volatility and food security (CFS 37)	

10.6 Ensure enhanced representation and voice for developing countries in decision-making in global international economic and financial institutions in order to deliver more effective, credible, accountable and legitimate institutions		-Price volatility and food security (CFS 37)	
10.7 Facilitate orderly, safe, regular and responsible migration and mobility of people, including through the implementation of planned and well-managed migration policies		-FFA (CFS42)	
10.a Implement the principle of special and differential treatment for developing countries, in particular least developed countries, in accordance with World Trade Organization agreements		-Price volatility and food security (CFS 37)	
10.b Encourage official development assistance and financial flows, including foreign direct investment, to States where the need is greatest, in particular least developed countries, African countries, small island developing States and landlocked developing countries, in accordance with their national plans and programmes			- FFA (CFS42)
10.c By 2030, reduce to less than 3 per cent the transaction costs of migrant remittances and eliminate remittance corridors with costs higher than 5 per cent			- FFA (CFS42)

<b>Goal 11. Make cities and human settlements inclusive, safe, resilient and sustainable</b>			
11.1 By 2030, ensure access for all to adequate, safe and affordable housing and basic services and upgrade slums			
11.2 By 2030, provide access to safe, affordable, accessible and sustainable transport systems for all, improving road safety, notably by expanding public transport, with special attention to the needs of those in vulnerable situations, women, children, persons with disabilities and older persons			
11.3 By 2030, enhance inclusive and sustainable urbanization and capacity for participatory, integrated and sustainable human settlement planning and management in all countries			-VGGT (CFS38)
11.4 Strengthen efforts to protect and safeguard the world's cultural and natural heritage		- RAI (CFS41) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)	
11.5 By 2030, significantly reduce the number of deaths and the number of people affected and substantially decrease the direct economic losses relative to global gross domestic product caused by disasters, including water-related disasters, with a focus on protecting the poor and people in vulnerable situations			-FFA (CFS42) -Food security and climate change (CFS 39) -VGGT (CFS38)

11.6 By 2030, reduce the adverse per capita environmental impact of cities, including by paying special attention to air quality and municipal and other waste management			
11.7 By 2030, provide universal access to safe, inclusive and accessible, green and public spaces, in particular for women and children, older persons and persons with disabilities			
11.a Support positive economic, social and environmental links between urban, peri-urban and rural areas by strengthening national and regional development planning			-Urbanization and rural transformation - SH access to markets (CFS 43) - Invest in SH agriculture (CFS 40) -VGGT (CFS38)
11.b By 2020, substantially increase the number of cities and human settlements adopting and implementing integrated policies and plans towards inclusion, resource efficiency, mitigation and adaptation to climate change, resilience to disasters, and develop and implement, in line with the Sendai Framework for Disaster Risk Reduction 2015–2030, holistic disaster risk management at all levels			-FFA (CFS42) -Food security and climate change (CFS 39) -VGGT (CFS38)
11.c Support least developed countries, including through financial and technical assistance, in building sustainable and resilient buildings utilizing local materials			

<b>Goal 12. Ensure sustainable consumption and production patterns</b>			
12.1 Implement the 10-Year Framework of Programmes on Sustainable Consumption and Production Patterns, all countries taking action, with developed countries taking the lead, taking into account the development and capabilities of developing countries			
12.2 By 2030, achieve the sustainable management and efficient use of natural resources	- Water for Food Security & Nutrition (CFS 42) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)	- RAI (CFS41) -FFA (CFS42) -Food security and climate change (CFS 39) -VGGT (CFS38) -Land tenure and int'l investments (CFS 36)	
12.3 By 2030, halve per capita global food waste at the retail and consumer levels and reduce food losses along production and supply chains, including post-harvest losses	- Sustainable Agricultural Development including Livestock (CFS43) (tbc)	- RAI (CFS41) -Food security and climate change (CFS 39) -Sustainable Fisheries and Aquaculture for FSN (CFS41) - FLW in the context of Sustainable Food Systems (CFS41)	
12.4 By 2020, achieve the environmentally sound management of chemicals and all wastes throughout their life cycle, in accordance with agreed	- Sustainable Agricultural Development including Livestock (CFS43) (tbc)	- FLW in the context of Sustainable Food Systems (CFS41) - RAI (CFS41)	-Sustainable Fisheries and Aquaculture for FSN (CFS41)

international frameworks, and significantly reduce their release to air, water and soil in order to minimize their adverse impacts on human health and the environment			
12.5 By 2030, substantially reduce waste generation through prevention, reduction, recycling and reuse	- Sustainable Agricultural Development including Livestock (CFS43) (tbc)	- FLW in the context of Sustainable Food Systems (CFS41)	
12.6 Encourage companies, especially large and transnational companies, to adopt sustainable practices and to integrate sustainability information into their reporting cycle	-Land tenure and int'l investments (CFS 36) - RAI (CFS41) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)		
12.7 Promote public procurement practices that are sustainable, in accordance with national policies and priorities			
12.8 By 2030, ensure that people everywhere have the relevant information and awareness for sustainable development and lifestyles in harmony with nature			
12.a Support developing countries to strengthen their scientific and technological capacity to move towards more sustainable patterns of consumption and production		- Invest in SH agriculture (CFS 40) - RAI (CFS41)	
12.b Develop and implement tools to monitor sustainable development impacts for sustainable tourism that creates jobs and promotes local culture and product			
12.c Rationalize inefficient fossil-fuel subsidies that encourage wasteful consumption by removing market distortions, in accordance with national circumstances, including by restructuring taxation and phasing out those harmful subsidies, where they exist, to reflect their environmental impacts, taking fully into account the specific needs and conditions of developing countries and minimizing the possible adverse impacts on their development in a manner that protects the poor and the affected communities			

<b>Goal 13. Take urgent action to combat climate change and its impacts*</b>			
13.1 Strengthen resilience and adaptive capacity to climate-related hazards and natural disasters in all countries	-FFA (CFS42) -Food security and climate change (CFS 39) -VGGT (CFS38) - RAI (CFS41) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)	- Water for Food Security & Nutrition (CFS 42)	

13.2 Integrate climate change measures into national policies, strategies and planning	<ul style="list-style-type: none"> <li>- RAI (CFS41)</li> <li>- FFA (CFS42)</li> <li>- Food security and climate change (CFS 39)</li> <li>- VGGT (CFS38)</li> <li>- Sustainable Fisheries and Aquaculture for FSN (CFS41)</li> <li>- Sustainable Agricultural Development including Livestock (CFS43) (tbc)</li> </ul>		
13.3 Improve education, awareness-raising and human and institutional capacity on climate change mitigation, adaptation, impact reduction and early warning	<ul style="list-style-type: none"> <li>- FFA (CFS42)</li> <li>- Food security and climate change (CFS 39)</li> <li>- RAI (CFS41)</li> <li>- Sustainable Agricultural Development including Livestock (CFS43) (tbc)</li> </ul>		
13.a Implement the commitment undertaken by developed-country parties to the United Nations Framework Convention on Climate Change to a goal of mobilizing jointly \$100 billion annually by 2020 from all sources to address the needs of developing countries in the context of meaningful mitigation actions and transparency on implementation and fully operationalize the Green Climate Fund through its capitalization as soon as possible			-Food security and climate change (CFS 39)
13.b Promote mechanisms for raising capacity for effective climate change-related planning and management in least developed countries and small island developing States, including focusing on women, youth and local and marginalized communities		<ul style="list-style-type: none"> <li>- FFA (CFS42)</li> <li>- Food security and climate change (CFS 39)</li> <li>- VGGT (CFS38)</li> <li>- RAI (CFS41)</li> <li>- Sustainable Agricultural Development including Livestock (CFS43) (tbc)</li> </ul>	

<b>Goal 14. Conserve and sustainably use the oceans, seas and marine resources for sustainable development</b>			
14.1 By 2025, prevent and significantly reduce marine pollution of all kinds, in particular from land-based activities, including marine debris and nutrient pollution		- Sustainable Agricultural Development including Livestock (CFS44) (tbc)	
14.2 By 2020, sustainably manage and protect marine and coastal ecosystems to avoid significant adverse impacts, including by strengthening their resilience, and take action for their restoration in order to achieve healthy and productive oceans		<ul style="list-style-type: none"> <li>- Sustainable Fisheries and Aquaculture for FSN (CFS41)</li> <li>- RAI (CFS41)</li> </ul>	

14.3 Minimize and address the impacts of ocean acidification, including through enhanced scientific cooperation at all levels			
14.4 By 2020, effectively regulate harvesting and end overfishing, illegal, unreported and unregulated fishing and destructive fishing practices and implement science-based management plans, in order to restore fish stocks in the shortest time feasible, at least to levels that can produce maximum sustainable yield as determined by their biological characteristics		-Sustainable Fisheries and Aquaculture for FSN (CFS41)	
14.5 By 2020, conserve at least 10 per cent of coastal and marine areas, consistent with national and international law and based on the best available scientific information			
14.6 By 2020, prohibit certain forms of fisheries subsidies which contribute to overcapacity and overfishing, eliminate subsidies that contribute to illegal, unreported and unregulated fishing and refrain from introducing new such subsidies, recognizing that appropriate and effective special and differential treatment for developing and least developed countries should be an integral part of the World Trade Organization fisheries subsidies negotiation <sup>16</sup>			
14.7 By 2030, increase the economic benefits to small island developing States and least developed countries from the sustainable use of marine resources, including through sustainable management of fisheries, aquaculture and tourism			
14.a Increase scientific knowledge, develop research capacity and transfer marine technology, taking into account the Intergovernmental Oceanographic Commission Criteria and Guidelines on the Transfer of Marine Technology, in order to improve ocean health and to enhance the contribution of marine biodiversity to the development of developing countries, in particular small island developing States and least developed countries			
14.b Provide access for small-scale artisanal fishers to marine resources and markets		- VGGT (CFS38) -Sustainable Fisheries and Aquaculture for FSN (CFS41)	
14.c Enhance the conservation and sustainable use of oceans and their resources by implementing international law as reflected in the United Nations Convention on the Law of the Sea, which provides the legal framework for the conservation and sustainable use of oceans and their resources, as recalled in paragraph 158 of “The future we want”			

<b>Goal 15. Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss</b>			
15.1 By 2020, ensure the conservation, restoration and sustainable use of terrestrial and inland freshwater ecosystems and their services, in particular forests, wetlands, mountains and drylands, in line with obligations under international agreements		-FFA (CFS42) -Food security and climate change (CFS 39) - RAI (CFS41) - Sustainable Agricultural Development including Livestock (CFS43) (tbc) - Forestry for FSN (CFS44) (tbc)	
15.2 By 2020, promote the implementation of sustainable management of all types of forests, halt deforestation, restore degraded forests and substantially increase afforestation and reforestation globally	-FFA (CFS42) -Food security and climate change (CFS 39) -VGGT (CFS38) - RAI (CFS41) Forestry for FSN (CFS44) (tbc)		
15.3 By 2030, combat desertification, restore degraded land and soil, including land affected by desertification, drought and floods, and strive to achieve a land degradation-neutral world		-FFA (CFS42) - Food security and climate change (CFS 39) - RAI (CFS41) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)	
15.4 By 2030, ensure the conservation of mountain ecosystems, including their biodiversity, in order to enhance their capacity to provide benefits that are essential for sustainable development		- Forestry for FSN (CFS44) (tbc) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)	
15.5 Take urgent and significant action to reduce the degradation of natural habitats, halt the loss of biodiversity and, by 2020, protect and prevent the extinction of threatened species		-Food security and climate change (CFS 39) - RAI (CFS41) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)	
15.6 Promote fair and equitable sharing of the benefits arising from the utilization of genetic resources and promote appropriate access to such resources, as internationally agreed		- Forestry for FSN (CFS44) (tbc) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)	-Food security and climate change (CFS 39)
15.7 Take urgent action to end poaching and trafficking of protected species of flora and fauna and address both demand and supply of illegal wildlife products			
15.8 By 2020, introduce measures to prevent the introduction and significantly reduce the impact of invasive alien species on land and water ecosystems and control or eradicate the priority species		- Sustainable Agricultural Development including Livestock (CFS43) (tbc)	
15.9 By 2020, integrate ecosystem and biodiversity values into national and local planning, development processes, poverty reduction strategies and accounts		-Food security and climate change (CFS 39) - RAI (CFS41) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)	

15.a Mobilize and significantly increase financial resources from all sources to conserve and sustainably use biodiversity and ecosystems		-Food security and climate change (CFS 39) - RAI (CFS41) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)	
15.b Mobilize significant resources from all sources and at all levels to finance sustainable forest management and provide adequate incentives to developing countries to advance such management, including for conservation and reforestation		- Forestry for FSN (CFS44) (tbc)	
15.c Enhance global support for efforts to combat poaching and trafficking of protected species, including by increasing the capacity of local communities to pursue sustainable livelihood opportunities		- Sustainable Agricultural Development including Livestock (CFS43) (tbc)	

<b>Goal 16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels</b>			
16.1 Significantly reduce all forms of violence and related death rates everywhere			-FFA (CFS42)
16.2 End abuse, exploitation, trafficking and all forms of violence against and torture of children			-FFA (CFS42)
16.3 Promote the rule of law at the national and international levels and ensure equal access to justice for all			-FFA (CFS42) -VGGT (CFS38) -Land tenure and int'l investments (CFS 36)
16.4 By 2030, significantly reduce illicit financial and arms flows, strengthen the recovery and return of stolen assets and combat all forms of organized crime			-FFA (CFS42)
16.5 Substantially reduce corruption and bribery in all their forms			-FFA (CFS42) -VGGT (CFS38) -Land tenure and int'l investments (CFS 36)
16.6 Develop effective, accountable and transparent institutions at all levels			-FFA (CFS42) -VGGT (CFS38) -Land tenure and int'l investments (CFS 36) - SH access to markets (CFS 43)
16.7 Ensure responsive, inclusive, participatory and representative decision-making at all levels	All CFS Products		
16.8 Broaden and strengthen the participation of developing countries in the institutions of global governance		All CFS Products	
16.9 By 2030, provide legal identity for all, including birth registration			
16.10 Ensure public access to information and protect fundamental freedoms, in accordance with national legislation and international agreements			

16.a Strengthen relevant national institutions, including through international cooperation, for building capacity at all levels, in particular in developing countries, to prevent violence and combat terrorism and crime			
16.b Promote and enforce non-discriminatory laws and policies for sustainable development		All CFS Products	

<b>Goal 17. Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development</b>			
<b>Finance</b>			
17.1 Strengthen domestic resource mobilization, including through international support to developing countries, to improve domestic capacity for tax and other revenue collection			
17.2 Developed countries to implement fully their official development assistance commitments, including the commitment by many developed countries to achieve the target of 0.7 per cent of gross national income for official development assistance (ODA/GNI) to developing countries and 0.15 to 0.20 per cent of ODA/GNI to least developed countries; ODA providers are encouraged to consider setting a target to provide at least 0.20 per cent of ODA/GNI to least developed countries			
17.3 Mobilize additional financial resources for developing countries from multiple sources			
17.4 Assist developing countries in attaining long-term debt sustainability through coordinated policies aimed at fostering debt financing, debt relief and debt restructuring, as appropriate, and address the external debt of highly indebted poor countries to reduce debt distress			
17.5 Adopt and implement investment promotion regimes for least developed countries		-FFA (CFS42) -Price volatility and food security (CFS 37) VGGT (CFS38) -Land tenure and int'l investments (CFS 36) - RAI (CFS41)	
<b>Technology</b>			
17.6 Enhance North-South, South-South and triangular regional and international cooperation on and access to science, technology and innovation and enhance knowledge sharing on mutually agreed terms, including through improved coordination among existing mechanisms, in particular at the United Nations level, and through a global technology facilitation mechanism			-FFA (CFS42) -Food security and climate change (CFS 39) -Sustainable Fisheries and Aquaculture for FSN (CFS41) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)

17.7 Promote the development, transfer, dissemination and diffusion of environmentally sound technologies to developing countries on favourable terms, including on concessional and preferential terms, as mutually agreed			-FFA (CFS42) -Food security and climate change (CFS 39) - FLW in the context of Sustainable Food Systems (CFS41) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)
17.8 Fully operationalize the technology bank and science, technology and innovation capacity-building mechanism for least developed countries by 2017 and enhance the use of enabling technology, in particular information and communications technology			-FFA (CFS42) - Sustainable Agricultural Development including Livestock (CFS43) (tbc)
<b>Capacity-building</b>			
17.9 Enhance international support for implementing effective and targeted capacity-building in developing countries to support national plans to implement all the Sustainable Development Goals, including through North-South, South-South and triangular cooperation			<b>All CFS Products</b>
<b>Trade</b>			
17.10 Promote a universal, rules-based, open, non-discriminatory and equitable multilateral trading system under the World Trade Organization, including through the conclusion of negotiations under its Doha Development Agenda			-Price volatility and food security (CFS 37) -Land tenure and int'l investments (CFS 36) -Sustainable Fisheries and Aquaculture for FSN (CFS41)
17.11 Significantly increase the exports of developing countries, in particular with a view to doubling the least developed countries' share of global exports by 2020			- Sustainable Agricultural Development including Livestock (CFS43) (tbc)
17.12 Realize timely implementation of duty-free and quota-free market access on a lasting basis for all least developed countries, consistent with World Trade applicable to imports from least developed countries are transparent and simple, and contribute to facilitating market access			
<b>Systemic issues</b>			
<i>Policy and institutional coherence</i>			
17.13 Enhance global macroeconomic stability, including through policy coordination and policy coherence	<b>All CFS Products</b>		
17.14 Enhance policy coherence for sustainable development	<b>All CFS Products</b>		
17.15 Respect each country's policy space and leadership to establish and implement policies for poverty eradication and sustainable development	<b>All CFS Products</b>		
<i>Multi-stakeholder partnerships</i>			
17.16 Enhance the global partnership for sustainable development, complemented by multi-stakeholder partnerships that mobilize and share knowledge, expertise, technology and financial resources, to support the achievement of the sustainable development goals in all countries, in particular developing countries	<b>All CFS Products</b>		

17.17 Encourage and promote effective public, public-private and civil society partnerships, building on the experience and resourcing strategies of partnerships	All CFS Products		
<i>Data, monitoring and accountability</i>			
17.18 By 2020, enhance capacity-building support to developing countries, including for least developed countries and small island developing States, to increase significantly the availability of high-quality, timely and reliable data disaggregated by income, gender, age, race, ethnicity, migratory status, disability, geographic location and other characteristics relevant in national contexts			
17.19 By 2030, build on existing initiatives to develop measurements of progress on sustainable development that complement gross domestic product, and support statistical capacity-building in developing countries.
