Notes

- a. In-mover: An in-mover is one who moved into the household or house/compound after the Census enumeration date.
- b. Match: A person is classified as a match if the name and other characteristics are the same on both the PES and Census questionnaires. In other words, if there is no doubt that the person in the PES questionnaire is the same person as in the Census questionnaire.
- c. Non-match: A person is considered as a “Non-Match” if he/she was not enumerated in the Census when he/she should have been. This means that he/she was not found in any Census questionnaire but there is a record from the PES enumeration.
- d. Possible match: This is the situation where the name recorded on the Census questionnaire is not exactly the same as that on the PES questionnaire or there is a significant difference in age or some other attributes.
- e. Non-mover: A non-mover refers to a household member enumerated in the PES and was present on Census Night.
- f. Out-mover: Residents who left the household or died during the interim period between the census and the PES.
- g. Out-of-scope: A person is considered as out-of-scope if he/she was born after Census Night or if there is insufficient information for matching.
