- ==
- Local empowerments
- 
- V's
- V's
- 
- Centralised
  - Hygienic
  - Controlled
- ==
- No local control

Cool Milk at School UK

5

## The best dairy farming and school milk system is a sustainable one

- The best school milk is:
- The cheapest
- Local product
- Well promoted
- A good product
- Continued delivery

Cool Milk at School UK

6

# Europe & USA pay for free milk

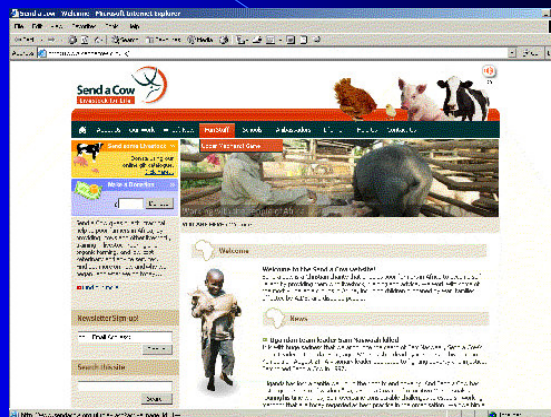

- Not sustainable
- Destabilises the existing milk market

Cool Milk at School UK

# Use donated money for sustainable dairy developments and school milk programmes

Cool Milk at School UK

## School milk in UK

- Many supporting organisations
- Much media coverage
- Spreading of good practice.
- Spreading of good practice is essential
