

Thursday Launch Invitation

Launch of the **Right to Food Methodological Toolbox**

The **Director - General of FAO**
Dr. Jacques Diouf
will address the
meeting

Thursday 15th October 2009

14:30 - 15:00
Lebanon Room (D 209)

Launch of the **Right to Food Methodological Toolbox**

Envisioned as one of the biggest contributions of FAO to the human right to food after the Right to Food Guidelines, the **“Right to Food Methodological Toolbox”** provides a practical aid for the implementation of the Voluntary Guidelines to Support the Progressive Realization of the Right to Adequate Food in the Context of National Food Security.

It contains a series of analytical, educational and normative tools that offer to countries guidance and hands-on advice on the practical aspects of the implementation right to adequate food. Covering a wide range of topics such as assessment, legislation, education, budgeting and monitoring, the **Right to Food Methodological Toolbox** emphasises the operational aspects of the right to food and contributes to strengthening in-country capacity to implement this right.
