

**Food and Agriculture Organization of the United Nations**  
**PROFESSIONAL VACANCY ANNOUNCEMENT N°: IRC2617**

**Issued on: 12 September 2014**  
**Deadline For Application: 10 October 2014**

<b>POSITION TITLE:</b>	<b>Nutrition Officer</b>	<b>GRADE LEVEL:</b>	<b>P-4</b>
<b>ORGANIZATIONAL UNIT:</b>	<b>Multidisciplinary Team (SFCMD) Subregional Office for Central Africa (SFC)</b>	<b>DUTY STATION:</b>	<b>Libreville, Gabon</b>
		<b>DURATION *:</b>	<b>Fixed-term: 2 years</b>
		<b>POST NUMBER:</b>	
		<b>CCOG CODE:</b>	<b>1I02</b>

**Qualified female applicants and qualified nationals of non-and under-represented member countries are encouraged to apply.  
Persons with disabilities are equally encouraged to apply.  
All applications will be treated with the strictest confidence.**

**The incumbent may be re-assigned to different activities and/or duty stations depending on the evolving needs of the Organization.**

### **Organizational Setting**

FAO's Subregional Office for Central Africa (SFC) is responsible for developing, promoting, overseeing and implementing agreed strategies for addressing subregional food, agriculture and rural development priorities. It develops and maintains relations with subregion-wide institutions including Regional Economic Integration Organizations (REIOs). It assists the FAO Representations (FAORs) in the subregion with addressing subregional food security, agriculture and rural development issues at country level. The Subregional Office is a subsidiary of FAO's Regional Office for Africa (RAF).

### **Reporting Lines**

The Nutrition Officer reports to the Subregional Coordinator and works under the functional guidance of the Director, Nutrition Division (ESN).

### **Technical Focus**

Contribute to the implementation of FAO's Nutrition Strategy, in particular by contributing to the development of normative tools and guidelines in line with FAO's strategic objectives, supporting capacity development activities, contributing to strategic planning and support to country programme development, as well as providing direct support to country-led policy making and programme implementation. This work will be undertaken in close collaboration with government counterparts, UN agencies and other development partners from public, research, civil society and private sectors.

### **Key Results**

Comprehensive technical, statistical, analytical and/or policy analysis services and the development of specialized tools, methodologies, systems and/or databases to support the planning, implementation/delivery and monitoring of the programme of work and related products, projects, publications, and services

### **Key Functions**

- Plans and leads components of multi-disciplinary teams and short term work groups, leads and/or participates in internal committees, project teams, and working groups and provides specialized expertise to international technical networks and technical policy and standard setting bodies.
- Develops technical, statistical, analytical, monitoring and reporting frameworks, and related tools, methodologies, systems and databases etc. to support the planning, implementation/delivery and monitoring of FAO's programmes of work, products, projects, and services.
- Designs and conducts research, data collection, validation, analysis and/or reporting activities to support the development of technical standards, international instruments, innovative tools and methodologies, flagship publications/technical reports and/or policy proposals as well as the provision of technical specialist and/or policy advice and expertise.
- Responds to requests and provides technical/policy advice, assistance and solutions to Regional, Sub-Regional, and Country Offices and provides technical backstopping to field projects.
- Promotes international cooperation and collaboration, advocates best practices and increased policy dialogue and provides technical expertise at international meetings and conferences.
- Supports capacity development and knowledge sharing activities within member countries, through policy support, organizational development and individual learning and by the development of learning materials and related on-line tools.
- Participates in resource mobilization activities in accordance with the Organization's overall approaches to resource mobilisation at global, regional, subregional and country levels.

### **Specific Functions**

Supports the overall implementation of FAO's Nutrition Strategy, in particular:

- Provides technical advice to governments, regional organizations and development partners on nutrition, especially on nutrition-enhancing food and agricultural policies, strategies and programmes;
- Advocates the mainstreaming of nutrition in FAO's Regional initiatives and Country Programming Frameworks, as well as relevant regional and national programmes;
- Liaises with international organizations, relevant national bodies and networks (for example, SUN platforms and REACH), public and private sectors the donor community and NGOs in promoting nutrition-sensitive strategies and food-based approaches in national nutrition programmes;
- Promotes visibility of FAO's nutrition work by participating and acting as a resource person in regional and national

- meetings and workshops;
- Performs an active role in FAO's nutrition network, in particular, through bringing in relevant subregional and country perspectives.

---
