

Food and Agriculture Organization of the United Nations

Vacancy Announcement No: IRC4496

Issued on: 14 August 2017

Deadline For Application: 4 September 2017

Position Title:	Statistician	Grade Level:	P-3
		Duty Station:	Italy, Rome
Organizational Unit:	Office of Director, ESSDD	Duration *:	Fixed term: 2 years (with possibility of extension)
		Post Number:	2006270
		CCOG Code:	1M02

The length of appointment for internal FAO candidates will be established in accordance with applicable policies pertaining to the extension of appointments

Qualified female applicants and qualified nationals of non-and under-represented member countries are encouraged to apply.

Persons with disabilities are equally encouraged to apply.

All applications will be treated with the strictest confidence.

The incumbent may be re-assigned to different activities and/or duty stations depending on the evolving needs of the Organization.

Organizational Setting

The Statistics Division develops, and advocates for the implementation of methodologies and standards for data collection, validation, processing and analysis of food and agriculture statistics. In these statistical domains, it also plays a vital role in the compilation, processing and dissemination of internationally comparable data, and provides essential capacity building support to member countries. In addition, the Division disseminates many publications, working papers and statistical yearbooks, that cover agricultural and food security relevant statistics (including prices, investments, production, trade and agri-environmental statistical data).

The Statistical Governance and Outreach team is responsible for statistical systems, data dissemination and communication in the Division. Major outputs include: the FAOSTAT database portal; the Global and Regional Pocketbooks; the Statistics website and continuous communication and dialogue with a wide range of users of food and agriculture statistics.

The post is located in Rome, Italy.

Reporting Lines

The Statistician reports to the Director, ESS.

Technical Focus

Compile, process, validate, analyze and publish data and metadata related to agricultural Statistics; Produce, market and disseminate statistical products, especially FAO's main agricultural database FAOSTAT. Liaise with external stakeholders and partners;

Key Results
