

Food and Agriculture Organization of the United Nations

Vacancy Announcement No: IRC4512

Issued on: 1 September 2017

Deadline For Application: 22 September 2017

Position Title:	Programme and Projects Officer (Resilience)	Grade Level:	P-4
		Duty Station:	Ghana, Accra
Organizational Unit:	Outposted Technical Officer Group, RAFTD	Duration *:	Fixed term: 1 year (with possibility of extension)
		Post Number:	2004334
		CCOG Code:	1S01

The length of appointment for internal FAO candidates will be established in accordance with applicable policies pertaining to the extension of appointments

Qualified female applicants and qualified nationals of non-and under-represented member countries are encouraged to apply.

Persons with disabilities are equally encouraged to apply.

All applications will be treated with the strictest confidence.

The incumbent may be re-assigned to different activities and/or duty stations depending on the evolving needs of the Organization.

Organizational Setting

The Regional Office for RAF is responsible for leading FAO's response to regional priorities for food security, agriculture and rural development through the identification, planning and implementation of FAO's priority activities in the region. It ensures a multidisciplinary approach to programmes, identifies priority areas of action for the Organization in the Region and, in collaboration with departments and divisions at Headquarters, develops, promotes and oversees FAO's strategic response to regional priorities. RAF also advises on the incorporation of regional priorities into the Organization's Programme of Work and Budget and implements approved programmes and projects in the region, monitors the level of programme implementation and draws attention to problems and deficiencies. RAF develops and maintains relations with region-wide institutions including the Regional Economic Integration Organizations (REIOs). The Regional Office supports regional policy dialogue on food security, agriculture and rural development issues, facilitates the emergence of regional partnerships, and supports capacity development and resource mobilization for food security, agriculture and rural development in the region.

The post is located in Accra, Ghana

Reporting Lines

The Programme and Projects Officer (Resilience) reports to RI 3 Delivery Manager, under the overall guidance of the Regional Representative for Africa and the Regional Strategic Programme Coordinator, and the functional guidance of the Emergency and Rehabilitation Division, TCE as well as the Strategic Programme Resilience team in consultation with the relevant technical officers at the regional level.

Technical Focus

Resilience programme.

Key Results

Providing programmatic and operational support in the development, expansion and implementation of FAO's resilience programme in the Region, including emergency food security, disaster risk management and agricultural relief and rehabilitation interventions.

Key Functions

- Provides technical leadership assistance on the development, the implementation and evaluation of assigned programmes/projects; assists to the review of relevant documents and reports; identifies priorities, liaises with relevant parties; identifies follow-up actions;
- Assists to the coordination of programmes and reviews the assessments of issues and trends for the implementation of programmes and projects and the preparation of impact evaluation or equivalent studies;
- Assists/supervises preparation of various written outputs, e.g. background papers, analysis, substantial sections of reports and studies, inputs to publications;
- Contributes to consultative and other meetings, conferences, to include proposing agenda topics, identifying participants, preparation of documents and presentations
- Participate in activities; structures training workshops, seminars, makes presentations on assigned topics/activities;
- Leads field missions, including provision of guidance to external consultants, government officials and other parties;
- Provides advice to develop policies and strategies as well as national protocols and guide lines for projects with

specific domains related to FAO's work

Specific Functions

- Supports the planning, implementation, monitoring and reporting of the regional initiative on Resilience (e.g. Sahel and Horn of Africa multi-year programme, collaboration between African Union Commission, IGAD, CILSS and FAO);
- Supports country operations for emergency response projects and programmes in accordance with the project management cycle from initiation phase to operational and financial closure, including on budgetary management and monitoring expenditures aspects;
- Develops and implements regional/ sub-regional/ country resilience policy, strategies and programmes in close collaboration with country and sub-regional teams and partners;
- Identifies strategic priorities for FAO's role in emergency contexts and contributes to improved preparedness for, and effective management of disasters and crises responses in the region;
- Promotes programmes enhancing resilience and creates partnerships with Governments, UN agencies, regional and inter-regional institutions;
- Contributes to, and prepare project profiles, full-fledged project documents and ad-hoc reports/articles related to FAO's resilience strategy in Africa;
- Ensures that the gender and accountability to affected populations dimensions are integrated in any tasks he/she performs;
- Encourages and expands resource mobilization efforts at regional, sub regional and country levels;
- Prepares briefs and comprehensive reports and ensures timely dissemination of information on FAO resilience programme; promotes learning through the documentation and analysis of information and experience on enhancing resilience; facilitates the compilation of good practices in SO5 related topics for FAO and interested partners;
- Participates in setting up emergency needs assessment or response teams and analysis;
- Provides coordination and operational support to level 2 and 3 emergencies and undertake travel to ensure adequate operational support is provided to the countries as appropriate;
- Develops roster of appropriate personnel profiles for rapid deployment;
- Develops training material for resilience-related initiatives and provides direct technical support and capacity development to countries, regional bodies, FAO representations and partners in the field of resilience analysis and programming;
- Performs other duties as requested.

CANDIDATES WILL BE ASSESSED AGAINST THE FOLLOWING
