

ROSTER OF EXPERTS FOR JECFA DISCUSSIONS ON FOOD ADDITIVES AND CONTAMINANTS

FAO maintains a roster of candidates who are judged suitable for invitation to JECFA meetings dealing with food additives and contaminants. The current roster is as set out below. Other rosters may be set up to deal with more specific issues such as the roster of experts on mycotoxins which was set up in preparation for the 56th JECFA meeting on 6-15 February 2001.

It is intended to update the roster after the 57th JECFA meeting on 5-14 June 2001 and subsequently every two years.
