IMPACT

TURNING KNOWLEDGE INTO *ACTION*

A COUNCIL SIDE EVENT
12 JUNE 2012
IRAN ROOM
13.00 – 14.00 HOURS

Ann Tutwiler, DDG-K and Manoj Juneja, DDG-O,

invite you to a presentation of IMPACT, a folder filled with information about FAO's focus areas and related success stories. The folder illustrates the work and impact of FAO and its role in connecting the field to national, regional and global initiatives.

The seven focus areas, which represent FAO's comparative advantages, and the success stories, which range from local projects to global programmes, provide snapshots of what FAO has introduced, what it has improved and, most of all, what it has left behind in terms of its contribution to food and nutrition security and sustainable natural resource management.
