EXECUTIVE SUMMARY

This document describes WFP's governance and oversight framework, reporting arrangements and policy for disclosure of oversight reports.

Oversight activities promote accountability and transparency at WFP by reinforcing the accountabilities and internal control established by the governing bodies and the Executive Director. The governance framework refers to the structure, functions and responsibilities of certain bodies in WFP, and the regulations and rules governing their work. The various bodies fall into three groups: i) those involving Member States; ii) external advisory bodies; and iii) the Secretariat, including the internal oversight bodies.

Governance and oversight reporting requirements are either laid out in the General Regulations approved by the United Nations General Assembly and the Food and Agriculture Organization of the United Nations Conference, or decided by the Board.

The policy for the disclosure of investigation reports is intended to ensure that investigation findings with a bearing on the effectiveness of internal controls and operational effectiveness may be disclosed, to enable the Board to carry out its oversight function effectively, while maintaining the confidentiality of sensitive information.

DRAFT DECISION*

The Board takes note of "Oversight Framework and Reports Disclosure Policy" (WFP/EB.A/2011/5-C/1) and approves "Policy for Disclosure of Investigation Reports" as contained in Annex II to that document.

* This is a draft decision. For the final decision adopted by the Board, please refer to the Decisions and Recommendations document issued at the end of the session.

BACKGROUND

1. This document describes WFP's governance and oversight framework, reporting arrangements, and policy for disclosure of oversight reports.
2. The General Assembly requested¹ the United Nations Secretary-General and the executive heads of the funds and programmes of the United Nations to examine governance structures, principles and accountability throughout the United Nations. The subsequent report of the Independent Steering Committee² stipulated that governance is the action or manner of steering or directing, and oversight is a key activity in governance.
3. Oversight activities promote accountability and transparency at WFP by reinforcing the accountabilities and internal control established by the governing bodies and the Executive Director. The Joint Inspection Unit (JIU) states³ that oversight, as an integral part of the system of governance, provides assurance that:
 - a) the activities of the organizations are fully in accordance with legislative mandates;
 - b) the funds provided to the organization are fully accounted for;
 - c) the activities of the organizations are conducted in the most efficient and effective manner; and
 - d) the staff and all other officials of the organizations adhere to the highest standards of professionalism, integrity and ethics.
4. The governance and oversight structure of WFP is illustrated in Figure 1. The related reporting lines are described in the following section.
5. The governance framework defines the functions and responsibilities of different bodies in WFP, and the rules and standards governing their behaviour. The Executive Director is responsible for supervising the management of WFP through a system of internal control and independent internal oversight.

² Comprehensive review of governance and oversight within the United Nations and its funds, programmes and specialized agencies (A/60/883/Add.1 and 2).

Figure 1: WFP Governance and Oversight Structure

GOVERNANCE AND OVERSIGHT STRUCTURE

6. WFP's General Regulations establish the governance and oversight structure shown in Figure 1, with clear distinctions among: i) governing bodies that involve Member States – the General Assembly, the Food and Agriculture Organization of the United Nations (FAO) Conference, the Economic and Social Council of the United Nations (ECOSOC), the FAO Council, the Advisory Committee on Administrative and Budgetary Questions (ACABQ), the FAO Finance Committee and the WFP Executive Board; ii) external advisory bodies that provide independent external oversight – JIU, the WFP External Auditor and the WFP Audit Committee; and iii) the WFP Secretariat. As head of the Secretariat, the Executive Director is responsible both for establishing effective internal control in Management, and an effective system of independent internal oversight through the Office of Evaluation (OE) and the Oversight Office (OS).

Governance and Oversight involving Member States

7. Member States are involved in WFP's governance and oversight through various bodies and at different levels, as described in the following subsections.

⇒ *General Assembly and FAO Conference*

8. Article VIII of the General Regulations states that WFP is an autonomous joint subsidiary programme of the United Nations and FAO. The General Assembly of the United Nations and the FAO Conference, together with ECOSOC and the FAO Council, provide overall policy guidance to WFP. The General Assembly and the FAO Conference approve amendments to WFP's General Regulations, as per Article XV.1.

⇒ *ECOSOC and FAO Council*

9. ECOSOC, established under the United Nations Charter as the principal organ for coordinating economic, social and related work, serves as the central forum for discussing international economic and social issues, and for formulating policy recommendations addressed to Member States and the United Nations system.

10. In the Basic Texts of FAO, Rule XXIV of the General Rules of the Organization states that the FAO Council acts on behalf of the FAO Conference as its executive organ and makes decisions on matters that need not be submitted to the FAO Conference.

11. Article V of the General Regulations stipulates that ECOSOC and the FAO Council elect the members of the Board from among a pre-established list of States Members of the United Nations or Member Nations of FAO and with a pre-established distribution of seats, and that they receive an annual report from WFP as stipulated in Article VI.3.

⇒ *ACABQ and FAO Finance Committee*

12. The ACABQ is a subsidiary organ of the General Assembly, and one of its function is to advise the General Assembly on any administrative and budgetary matters referred to it.

13. The FAO Finance Committee assists the FAO Council in exercising control over the financial administration of WFP and one of its functions is to review reports submitted by the WFP Secretariat.

14. As stipulated in Article XIV.4 of the WFP General Regulations, the ACABQ and the FAO Finance Committee provide advice to the Board.

⇒ *Executive Board*

15. The Board is jointly established by the United Nations and FAO, as stipulated in Article V of the General Regulations, General Assembly Resolution 1714 (XVI) of 19 December 1961 and FAO Conference Resolution 1/61 of 24 November 1961. WFP's General Regulations and General Rules establish the oversight roles and responsibilities of the Board. Under Article VI, the Board is "responsible for providing intergovernmental support and specific policy direction to and supervision of the activities of WFP in accordance with the overall policy guidance of the General Assembly of the United Nations, the FAO Conference, the Economic and Social Council and the Council of FAO [...]."

16. The Board is also responsible for the intergovernmental supervision and direction of the management of WFP.

⇒ *The Executive Board Bureau*

17. Rule IV of the Rules of Procedure of the Executive Board stipulates that the Executive Board Bureau consists of a President, a Vice-President and three other members, each representing one of the five Lists of States Members of the United Nations or Member Nations of FAO. Rule V stipulates that: “The primary functions of the Bureau shall be to facilitate the effective and efficient functioning of the Board and, in particular: (a) the strategic planning of the work of the Board; (b) the preparation and organization of Board meetings; and (c) the promotion of dialogue.”

Independent External Oversight

18. Independent external oversight is set up to assist the Board to fulfil its responsibility.

⇒ *Joint Inspection Unit*

19. The JIU, established by the United Nations General Assembly through Resolution 2150 (XXI) of 4 November 1966, is an independent external oversight body of the United Nations system, mandated to conduct evaluations, inspections and investigations system-wide. Its reports are submitted to the General Assembly and the governing bodies of participating specialized agencies, funds and programmes of the United Nations. The Board reviews the recommendations of the JIU on a regular basis, and reviews reports by the Secretariat on the status of actions for implementation of these recommendations.”

⇒ *WFP External Auditor*

20. The WFP External Auditor is appointed by and reports to the Board. Chapter XIV and the Annex of the Financial Regulations set out the terms and responsibilities of the External Auditor: “The External Auditor shall perform such audit of the accounts of WFP, including all trust funds and special accounts, as deemed necessary in order to satisfy himself or herself [...] (d) that the internal controls, including the internal audit, are adequate in the light of the extent of reliance placed thereon.” The Board may request the External Auditor to perform specific examinations and issue separate reports thereon. The External Auditor is solely responsible for the conduct of the audit.

⇒ *WFP Audit Committee*

21. The WFP Audit Committee serves in an expert advisory capacity to assist the Board and the Executive Director in exercising their governance responsibilities for the financial reporting, internal control arrangements, risk management processes and other audit-related matters. Its terms of reference are approved by the Board and its mandate includes reviewing and advising on policies significantly affecting accounting and financial reporting issues and the effectiveness of WFP’s internal controls, internal audit function and operational procedures; providing a forum to discuss internal control and risk management issues, operational procedures and matters raised by internal and external audits; and providing comments on the work plans of the internal and external audit functions.

Independent Internal Oversight

22. The Secretariat of WFP is headed by the Executive Director, who is responsible and accountable to the Board for the administration of WFP and the implementation of WFP programmes, projects and other activities. Under Financial Regulation 12.1, “The Executive Director shall establish internal controls, including internal audit and investigation, to ensure the effective and efficient use of the resources of WFP and the safeguarding of its assets.” Independent internal oversight bodies may also report to the Board in addition to the Executive Director. In all cases, they are independent from WFP’s management.

⇒ *Office of Evaluation*

23. Evaluation is an oversight tool of the Board and the Executive Director. Evaluation in WFP is governed by the WFP evaluation policy approved by the Board at its 2008 Second Regular Session.⁴ The policy defines a framework that ensures the independence, credibility and utility of evaluation at WFP so that the dual purpose of accountability and learning is fulfilled; it is in line with United Nations Evaluation Group norms and standards for evaluation in the United Nations.

24. The Director of OE is responsible for implementing the evaluation policy, in particular for setting up the institutional arrangements for independent evaluation, and ensuring adherence to the code of conduct for evaluators. The Director of OE is also accountable for ensuring the quality, credibility and utility of evaluations.

25. The Board exercises an oversight function over evaluation by providing strategic guidance, reviewing and approving the work plan and budget, and reviewing the independence of the evaluation function.

⇒ *Inspector General and Oversight Office*

26. The Oversight Office (OS) reports to the Executive Director. OS provides assurance on governance, policy, risk, resources, operational and accountability issues. It also provides information to the Board, through the Report of the Inspector General.

27. The oversight roles and responsibilities of the Inspector General and OS are set forth in the Charter of the Oversight Office, approved by the Executive Director. The oversight services provided by OS include internal audit, investigation, inspection and advisory functions. The scope of work includes all systems, processes, operations and activities undertaken by WFP.

28. The Director of OS, with the combined roles of Inspector General and Chief Audit Executive, has the responsibility for ensuring the integrity, efficiency and effectiveness of WFP’s management, administration and operations.

29. The Director of OS is responsible for preparing an annual report on OS activities, including a summary of significant oversight findings and the implementation status of recommendations, and submitting this report to the Executive Director and the Board.

⁴ “WFP Evaluation Policy” (WFP/EB.2/2008/4-A).
