|--------------------------------|--|
| Objective: | To restore the food security and livelihoods of vulnerable households in the Darfur region of the Sudan. |
| Key partners: | The state ministries of agriculture and animal resources, and non-governmental organizations. |
| Beneficiaries reached: | 98 368 households. |
| Activities implemented: | <ul style="list-style-type: none">▪ Distributed 248 tonnes of field crops (millet, sorghum and groundnut) to 31 130 households and 3.105 tonnes of assorted vegetable seeds and tools to 13 032 households.▪ Vaccinated 511 698 animals, belonging to 34 081 households, against epidemic diseases.▪ Provided training to 125 community animal health workers.▪ Supported the planting of 190 000 tree seedlings in deforested areas, along roadsides and in residential areas. |
| Impact: | <ul style="list-style-type: none">▪ The inputs provided under the project enabled the planting of 25 742 hectares of field crops, producing an estimated yield of 9.411 tonnes of cereal and 726 tonnes of vegetables.▪ The project's vaccination and treatment activities and animal health training reduced the loss of livestock due to epidemic diseases and resulted in more healthy and productive animals. |
