

Progressive Control Pathway (PCP)

First day - Group work

Third Annual West Eurasian FMD Roadmap Progress Review

FAO, OIE Italy (GTFS/INT/907/ITA) and EU (MTFINT/003/EG)

March 27-29, 2012 – Istanbul, Turkey

This morning

- FMD virus
 - Regional situation
 - Country situations
- FMD control (PCP-FMD)
 - stages and outcomes
 - Linkage to PVS - OIE

Objective for the 3rd West Eurasian FMD Roadmap meeting

- **Review progress** along Regional Roadmap towards vision of Shiraz 2008:
“Free from clinical FMD by 2020”
- Share information on FMD virus circulation to assist **planning of preventive measures** in the short-term

Two questions

- How to progress within and to next Stage?
-
- What are main challenges?

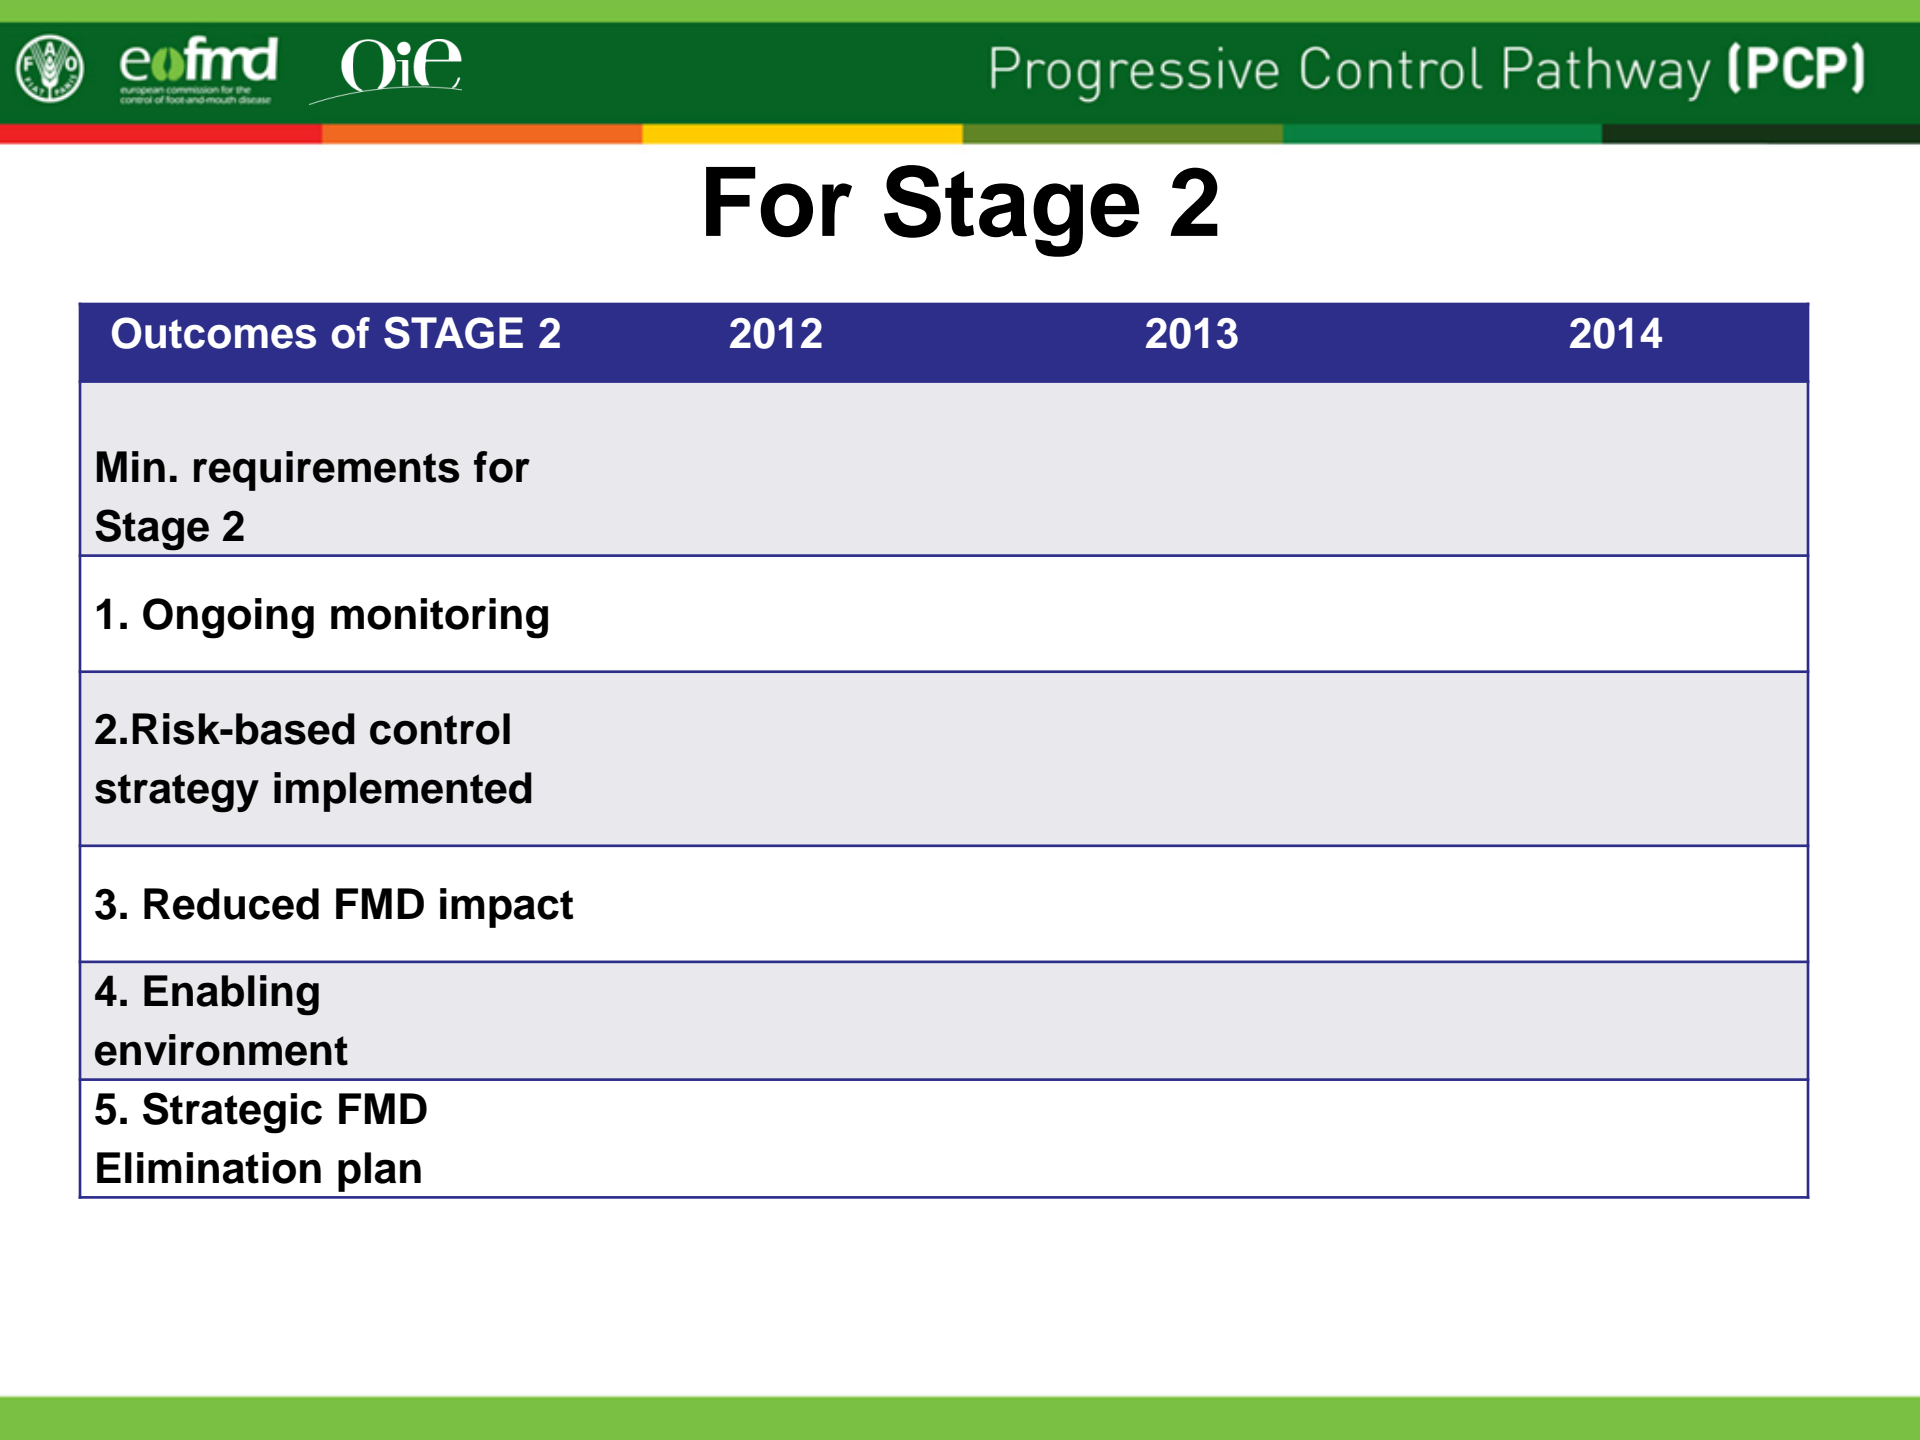

Question 1: Country work

- How will your country progress through its current stage / to move up a next stage?
 - Activities → timeline short term
 - Roadmap planning to 2020
- What external support would be valuable?
- What internationally funded projects are funded (related to FMD)?

Matrix of activities and time for Stage 1

Outcomes of STAGE 1	2012	2013	2014	2015
Plan to study epidemiolog and socio-economics				
Value chain analysis				
FMD distribution and hypothesis				
Socio-economic impact				
Circulating strains				
Enabling environment				
Regional approach				
Hotspot identification				
Strategic plan				

For Stage 2

Outcomes of STAGE 2	2012	2013	2014
Min. requirements for Stage 2			
1. Ongoing monitoring			
2.Risk-based control strategy implemented			
3. Reduced FMD impact			
4. Enabling environment			
5. Strategic FMD Elimination plan			

Roadmap planning to 2020

W. Eurasia Roadmap to 2020

		2008	2009	2010	2011	2012	2013	2014	2015	2016	2017	2018	2019	2020
West Eurasia	Kazakh			1 (NEW)	2	2	2	2	3	3	3	3	4	4
	Kyrgyz			0	1	1	2	2	3	3	3	4	4	5
	Tajik			1	1	2	2	2	3	3	3	3	4	4
	Turkmen			0 (NEW)	1	1	2	2	3	3	3	4	4	4
	Uzbek			0 (NEW)	1	1	2	2	3	3	3	3	3	3
	AFG			1	1	2	2	2	3	3	4	4	4	4
	IRN			2	2	2	3	3	3	4	4	4	4	5
	PAK			1	1	2	2	2	3	3	3	4	4	4
	East Anatolia (TR)			2	2	2	2	2	2	2	2	3	3	3
	Thrace (TR)			new	4	4	4	5	5	5	5	5	5	5
	Marmara Aegean (TR)				2	2	3	3	3	4	4	4	4	4
	Central Anatolia (TR)				2	2	2	2	2	3	3	3	3	4?
	Syria			1	2	2	3	3	3	4	4	4	4	5
	Iraq													
	Armenia			2	2	2	2	3	3	3	4	4	4	4
	Azerbaijan			2 (NEW)	2	2	2	3	3	3	3	4	4	4
	Georgia	pending		1	2	2	2	2	3	3	3	4	4	5

measured forecast

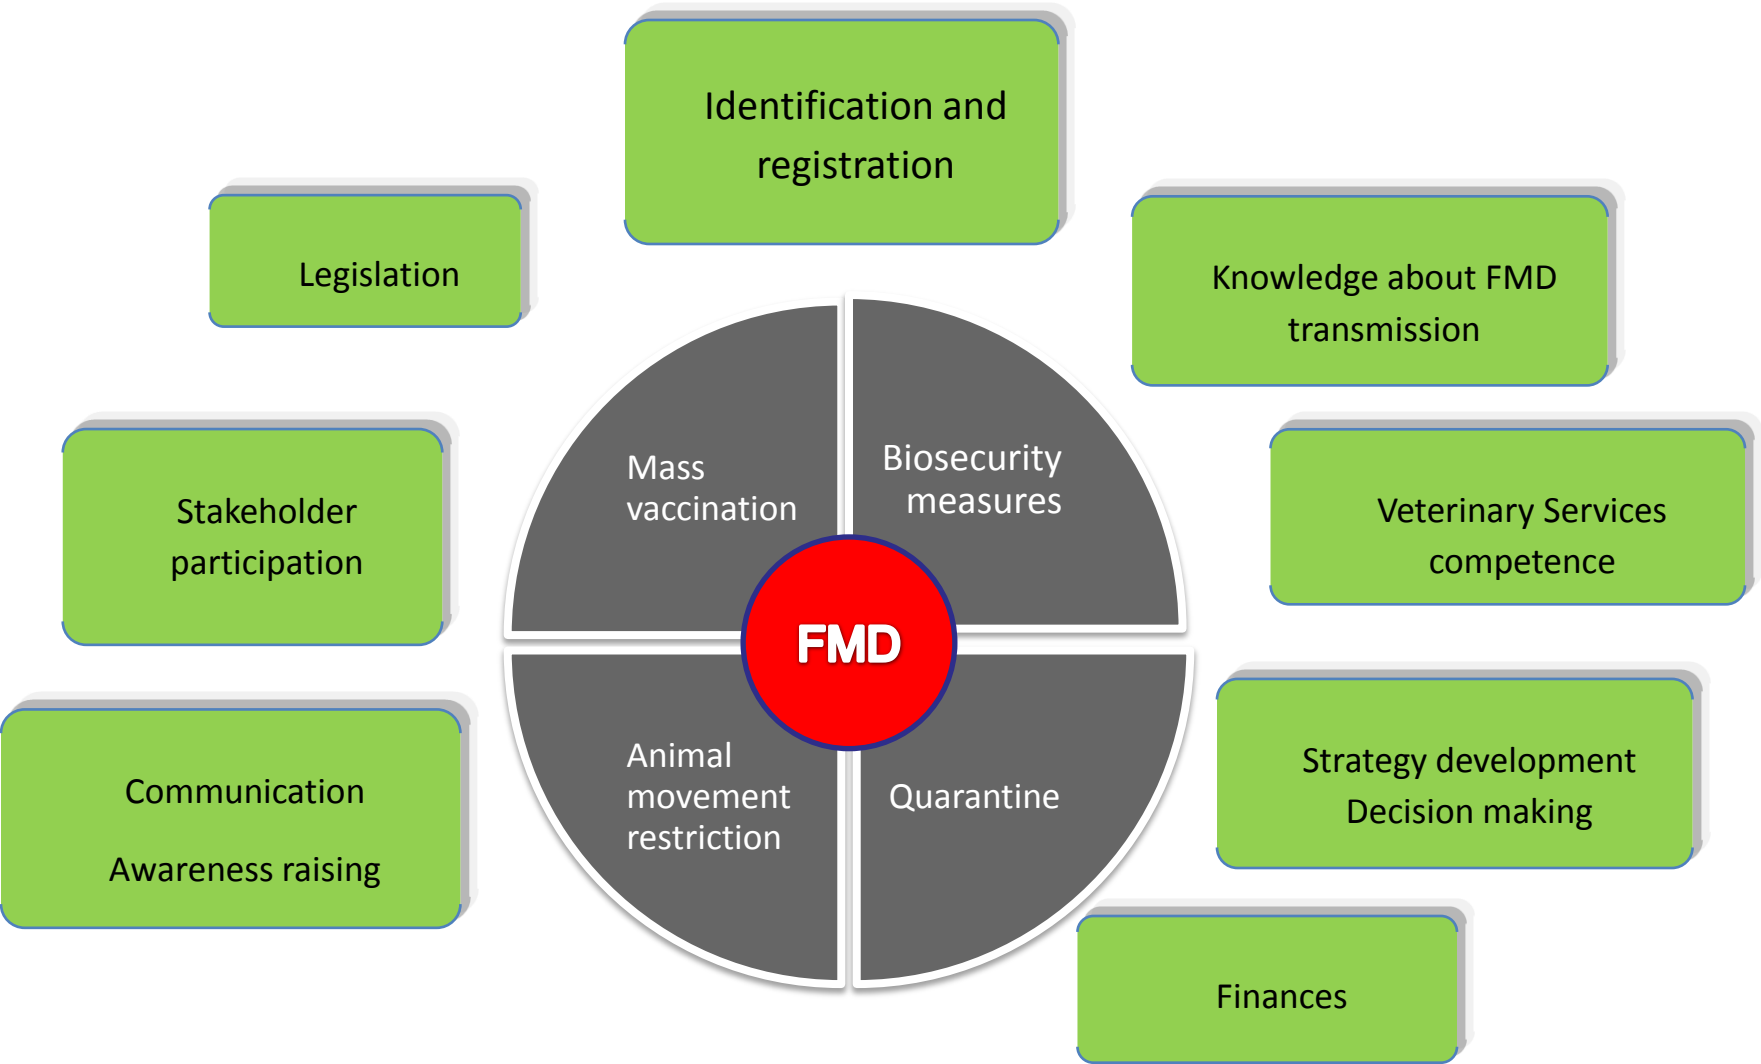

Question 2: Group work

- What are main challenges and how can these be overcome to maintain the current PCP Stage and/or progress to the next Stage?

Please consider:

- Regional collaboration
- External support – international organisations
- Other

FMD control tools and conditions

Groups

Group 1	Group 2	Group 3
Afghanistan	Pakistan	Turkey
Tajikistan	Iran	Armenia
Uzbekistan	Kazakhstan	Azerbaijan
Turkmenistan	Kyrgyztan	Georgia

Use of output

- 30 Minutes: Country work
 - Hand-out
 - Adapt the Roadmap
 - Identify activities and ‘gaps’
- Will be collected by Melissa/Chris

Break – arrange table setting

- 45 minutes: Group work
 - Questions on hand-out
 - Appoint a spokesperson and a facilitator

Reporting back at 17.00 hrs

Sit in from
OIE
FAO
EUFMD
EU
Other

Groups

Group 1	Group 2	Group 3
Afghanistan	Pakistan	Turkey
Tajikistan	Iran	Armenia
Uzbekistan	Kazakhstan	Azerbaijan
Turkmenistan	Kyrgyzie	Georgia

From study on FMD epidemiology (risk assessment) onto control of FMD (risk management)
