

:::EuFMD Open Session 2012:::

APPLIANCE OF SCIENCE IN THE PROGRESSIVE CONTROL OF FMD

29-31 October 2012 - Jerez de la Frontera - Spain

Principle Themes : Issues affecting FMD control in FMD free regions; Science contributing to the roll-out of progressive control

PROGRAMME OVERVIEW

<i>Day-Session</i>	PLENARY SESSION	
Day 0 (28 Oct)	Pre-registration	
Day 1 (29 Oct)	(STC) Focus on issues affecting FMD control in FMD free regions	
I	Opening + Frenkel Lecture	
II	Regaining FMD freedom; FMD in wild boar	
III	Economic assessment of FMD control option	
	(SCR) Focus on science contributing to the roll-out of progressive control of FMD	
IV	Progressive Control Pathway for FMD (PCP) : Results, technical developments and issues	
Poster Session		
	PLENARY SESSION	Parallel
Day 2 (30 Oct)	(SCR) Focus on science contributing to the roll-out of Progressive Control of FMD	
V	FMD Epidemiology I: Transmission, virus circulation, risk factors	COMPLEMENTARY RESEARCH: Pathogenesis, next generation methods, insights and ideas from research
VI	Fmd Epidemiology II	FMD Monitoring and surveillance: Experience, methods and approaches
VII	Fmd Epidemiology III	FMD vaccines
VIII	Effectiveness of vaccination programmes	
AFTA-Thoughts - late night discussions/debate		
Day 3 (31 Oct)	(RG) Focus on science contributing to the roll-out of progressive control of FMD	
IX	Diagnostic developments; lab networks; biocontainment	
	Diagnostics and Labs (ctd)	FMD management and evaluating the impact of control measures
XI	Wrap up and closure	
Day 4 (1 Nov)	Closed Session of the EuFMD Special Committee on Research (SCR)	OIE/FAO FMD Lab network Annual Meeting*
Day 5 (2 Nov)		OIE/FAO/WRL FMD Lab network Annual Meeting*

*Contact point is provided by IAH Pirbright (Dr J.Hammond)
