

The *Interregional Cooperation Programme INTERREG IVC*, financed by the European Union's Regional Development Fund, helps Regions of Europe work together to share experience and good practice in the areas of innovation, the knowledge economy, the environment and risk prevention. EUR 302 million is available for project funding but, more than that, a wealth of knowledge and potential solutions are also on hand for regional policy-makers.

facts!
be part of the solution

What ? Focus of F:ACTS!

Territorial approaches related to areas, prone to risks related to extreme weather conditions.

Improving resilience of vulnerable areas.

Why to link LANDNET and FACTS

- LANDNET is a fruitful and still developing network about : land market, land consolidation, land banks, land valuation, rural development, and almost always in a project-wise, territorial approach
= “area-development”
- FACTS is a Interreg project between 8 countries all over Europe, systematically learning from each other about : How to adapt to Climate change and how increase Climate resilience of (rural) areas, via integrated territorial strategies
= “climate-proof area development”

Partners

- 14 organisations from 8 countries / regions :
- Portugal, Galicia, Italy, Greece, Varna (BG), Lithuania, Flanders, NL
