### 3. WORK EXPERIENCE

1985-1987 Technical Staff in Project, Diyarbakır Provincial Directorate of Agriculture - TYUAP

1987-1992 Technical Staff, Tokat Provincial Directorate of Agriculture

1992-2012 Technical Staff, Aquaculture Department, General Directorate of Agricultural Production and Development, Ministry of Agriculture and Rural Affairs

2012-2015 Manager, Aquaculture Department, General Directorate of Fisheries and Aquaculture, Ministry of Food, Agriculture and Livestock

I have been working as Engineer at the Turkish Ministry of Food, Agriculture and Livestock ((formerly the Ministry of Food, Agriculture and Livestock) since 1992.

I worked in marine aquaculture from 1992 to 1994. Since then, I have been specialized in inland aquaculture. My key responsibilities and tasks at the Inland Branch of the Aquaculture Department include site selection, environmental impact assessment, licensing, and site management issues of inland farms and dams, river cage farms, and fish hatcheries. I am also working on the allocation, management, and monitoring of the national aquaculture subsidy scheme.
