[on the report of the Second Committee (A/67/437)]

67/200. International Day of Forests

The General Assembly,

Recalling its resolution 61/193 of 20 December 2006 on the International Year of Forests, 2011,

Noting the useful contribution of national, regional and international actions during the International Year to raising awareness at all levels in order to strengthen the sustainable management, conservation and sustainable development of all types of forests and trees outside forests for the benefit of current and future generations,

Considering that there is currently no globally recognized date for commemorating, carrying out activities on and raising awareness of forests and sustainable forest management beyond the International Year,

Recognizing the many existing regional, national and subnational days and international events across the globe that celebrate and honour all types of forests and trees outside forests,

Taking note of the report of the Conference of the Food and Agriculture Organization of the United Nations on its thirty-seventh session,¹ and recalling Economic and Social Council decision 2011/250 of 27 July 2011,

Reaffirming Economic and Social Council resolution 1980/67 of 25 July 1980 on international years and anniversaries and General Assembly resolutions 53/199 of 15 December 1998 and 61/185 of 20 December 2006,

Noting that the States members of the Food and Agriculture Organization of the United Nations, at the sixteenth session of the Conference of the Organization, held from 6 to 25 November 1971, supported the establishment of World Forestry Day on 21 March of each year,

1. *Decides* to proclaim 21 March of each year the International Day of Forests, to be observed starting in 2013, in order to celebrate and raise awareness of the importance of all types of forests and of trees outside forests;
