Dear Sirs,

The Organising Committee of the International Conference on '*Afforestation in Europe – experiences and prospects*' organised by the Forest Research Institute in Warsaw together with the Directorate General of State Forests and the Regional Directorate of State Forests in Olsztyn, presents the invitation to attend the discussion that will be held in Poland, 6-8 October 2003.

The conference will be attended by the representatives of national and foreign environments, scientific, governmental, societies, local authorities, sectors of agriculture, environment, public, and private forests.

The programme of the conference contains two scientific sessions in Warsaw and a field session on the area of the Regional Directorate of State Forests in Olsztyn.

I kindly ask you to inform about the Conference all interested persons.

Please find enclosed an information on the conference and the registration form.

Yours sincerely,

Prof. Dr. Zbigniew Sierota

President of the Organising Committee
of the Conference
