

QUALITY FOOD PRODUCTS LINKED TO GEOGRAPHICAL ORIGIN AND TRADITIONS IN THE MEDITERRANEAN

Mediterranean countries can draw on a rich common food heritage to promote quality products that are linked to geographical origin. The Mediterranean region is also a unique area for economic, cultural and social exchange.

Objectives:

- exchange information and knowledge on current approaches and practices related to quality products at the institutional and local level
- encourage cooperation between countries of the northern and southern shores of the Mediterranean
- facilitate partnerships between the private and the development sectors

Participants:

- representatives of government and local authorities
- representatives of civil society, private sector and development organizations
- experts on quality products

The meeting will take place in English and French
