“The future of Food and agriculture – Alternative pathways to 2050”

4th October 2018, 12h30 - 14h00, Iraq Room

Summary

During the event the publication “*The future of food and agriculture – Alternative pathways to 2050*” (FOFA 2050) will be presented.

FOFA report analyses three alternative scenarios for the future of food and agriculture shedding light on strategic options to move food and agricultural systems towards sustainability.

The report highlights possible strategic options to achieve the Sustainable Development Goal of eradicating hunger, improving nutrition while ensuring the economic, social and environmental sustainability of our food and agricultural systems.

The report is available [here](#).
