LEGEND

Each series entry includes technical specifications that are explained below:

FREQUENCY

Periodicity, e.g. MONTHLY, BIMONTHLY, QUARTERLY, ANNUAL, BIENNIAL.

PRODUCT TYPE

Either SERIAL (continuing) or a SET of products (limited in number).

NUMBER OF TITLES

Number of titles already published in the series, grouped in increments of 10, e.g. >10 (more than ten).

LENGTH

Length of an average publication in the series, indicated as follows:

SHORT – publications with fewer than 50 pages
MEDIUM – publications with 50 to 150 pages
LONG – publications with more than 150 pages.

THE STATE OF THE WORLD

FAO's "The State of the World" publications provide a comprehensive overview of the most pressing global issues and challenges affecting the world today. These global reports primarily target policymakers and decision-makers, but are also relevant to experts, academia, students, the media and the general public.

THE STATE OF FOOD AND AGRICULTURE

The State of Food and Agriculture brings balanced science-based assessments of important issues in the field of food and agriculture to a wider audience. Each annual edition contains a comprehensive, yet accessible, overview of a topic of major relevance for rural and agriculture development and global food security.
