Recent Publications

Globefish Highlights, 1/2021
Our flagship publication, focused on prices and analysis of market trends covering a variety of major commodities. Released quarterly.

Chinese Fish Price Report, 3/2020
Comprehensive coverage of Chinese price trends, market information for commercially significant species, along with industry news and policy updates. Released quarterly.

European Price Report, 4/2021
Market and price analysis for fish and fish products in the European market. Released monthly.

Sources and time periods:
-GDP, GDP from fisheries, GDP from agriculture (2018): World Bank’s World Development Indicators, OECD’s National Accounts Statistics or UNSD’s National Accounts
-Length of Coastline, Exclusive Economic Zone, Exclusive Fishing Zone (2003): UNEP’s Global Environment Outlook

Please note
Re-exports and re-imports are not included. The term N/A has been used to indicate that information was not found in the indicated sources. The classification of fish and fish products as either processed or unprocessed is very broad, and is intended for indicative purposes only.

Information, Disclaimer

This is the first edition of the GLOBEFISH Market Profiles produced for this country, and was made at the beginning of 2021.

These profiles are based on nationally reported data or information published by international agencies. As the profile is intended to reflect the most up to date information available, reporting years may vary between sections and commodities.

The designations employed and the presentation of material in this information product do not imply the expression of any opinion whatsoever on the part of FAO concerning the legal or constitutional status of any country, territory or sea area, or the delimitation of frontiers or boundaries.

The data herein presented is compiled by FAO staff at the time of its production, "as is" and "as available," and every effort is made to ensure, but not guarantee, their timeliness, accuracy and completeness. FAO assumes no responsibility for errors and omissions in the data provided. Users are, however, kindly asked to report any errors or deficiencies in this product to FAO GLOBEFISH (globefish@fao.org).

Please note
Re-exports and re-imports are not included. The term N/A has been used to indicate that information was not found in the indicated sources. The classification of fish and fish products as either processed or unprocessed is very broad, and is intended for indicative purposes only.
