

CONFERENCE

Forty-third Session

Rome, 1-7 July 2023

Proposal from Brazil for inclusion of text in the Report of the 43rd Session of the Conference

1. The below text was received from Brazil on 6 July 2023 for inclusion in the report of the 43rd Session of the Conference:

The Conference

Stressed the importance of bioeconomy for sustainable agri-food systems and highlighted the need to discuss this topic within governing bodies and technical committees of the FAO, bearing in mind the ongoing collaboration between COAG and COFO on the linkages between agriculture and forestry and the COFO-COAG joint work roadmap.

The Conference

Recognised the importance of the inclusive consideration of diverse and regionally balanced perspectives in FAO's normative, policy, and scientific work, by means of progressive integration, including through voluntary financial instruments.
