FOREWORD

This report is issued on an annual basis to Members and Observers of the Intergovernmental Group on Citrus Fruit.

It is prepared by the **Market and Policy Analyses of Raw Materials, Horticulture and Tropical (RAMHOT) Products Team**, Trade and Market Division, FAO, Rome, and the tables contained bring together the information available to FAO, supplemented by data supplied by USDA and CLAM in particular with regard to current season forecasts of production and export.

The **Market and Policy Analyses of Raw Materials, Horticulture and Tropical (RAMHOT) Products Team** provides economic data and analyses on major agricultural raw materials and horticultural and tropical products. Commodities covered under the Team include, **bananas and tropical fruits, citrus fruits, cotton, hides and skins, jute, kenaf and allied fibres, sugar, and tea**. The Team also undertakes market reviews, outlook appraisals and projections, and provides assistance to developing countries in designing and implementing national policies for those agricultural commodities which enter into international trade.

The report is available at the following FAO website:
