

# KEEPING CHILDREN OUT OF **HAZARDOUS** CHILD LABOUR

**73 million** children are engaged in hazardous work, one of the worst forms of child labour

They put their **lives at risk** and carry out work that can be detrimental to their physical and social development

**42%** of child labour in agriculture is hazardous

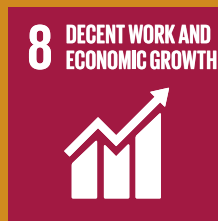

**FAO** IS WORKING TO

reduce hazardous child labour by raising awareness, promoting alternative practices and enhancing risk management

AND

keep children safe and promote healthy generations in agriculture

**Determined to reach SDG targets!**

SDG target **8.7**

of ending all forms of child labour by 2025

SDG target **8.8**

of safe and secure working environments for all workers by 2030
