COUNCIL

Hundred and Thirty-sixth Session

Rome, 15 – 19 June 2009

REPORT OF THE EIGHTY-SEVENTH SESSION OF THE COMMITTEE ON CONSTITUTIONAL AND LEGAL MATTERS (CCLM)

Rome, 25 - 26 May 2009

I. INTRODUCTION

1. The Eighty-seventh Session of the Committee on Constitutional and Legal Matters (CCLM) was held on 25 and 26 May 2009. The Session, open to silent observers, was chaired by Mr. Julio Fiol (Chile). The Members of the Committee listed below were represented, Lesotho being absent:

**Chile, Gabon, Indonesia, Netherlands, Syrian Arab Republic,
and United States of America**

2. The CCLM noted that the issue of the change in name of the Regional Conference for Europe had been placed on the Provisional Agenda of the Committee in line with information provided to the Twenty-sixth FAO Regional Conference for Europe, held in Innsbruck on 26 and 27 June 2008. The CCLM was informed that consultation on the matter was still required and decided to defer consideration of the item.

3. The CCLM confirmed its earlier decisions that a consolidated appendix should be attached to its report showing all amendments to the Basic Texts and draft resolutions proposed for adoption by the Conference or Council (reviewed by the CCLM at its Eighty-fourth, Eighty-fifth, Eighty-sixth and Eighty-seventh sessions).

II. CHARTER FOR THE OFFICE OF EVALUATION

4. The CCLM reviewed document CCLM 87/2 entitled “*Charter for the FAO Office of Evaluation*”. The CCLM noted that the document consisted of a short introduction, the Action Matrix of the IPA on “*evaluation, audit and organizational learning*”, the Charter for the FAO Office of Evaluation, an amendment proposed by the Secretariat to paragraph 42 regarding the recommendation and an extract of the report of the 101st Session of the Programme Committee, held in Rome from 11 to 15 May 2009. In this particular connection, the CCLM noted that the Programme Committee had examined an amendment proposed by the Secretariat on the procedure for the selection and appointment of the Director of Evaluation whereby a panel, after screening candidatures, would recommend appropriate candidates for appointment by the Director-General. The Programme Committee deferred consideration of this proposal pending the further advice of the CCLM at its forthcoming Eighty-seventh Session on 25 and 26 May 2009. The Programme Committee also requested the CCLM to examine further the issue of the procedures for the renewal of the appointment of the Director of the Office.

5. After an extensive debate on the matter, the CCLM proposed the following text for Paragraph 42 of the Charter:

42. A competitive procedure applies for appointment of the Director of Evaluation. A panel, consisting of representatives of the Director-General and the Programme Committee, as well as evaluation specialists from other UN agencies will review the terms of reference and statement of qualifications for the post. Based on the review, a vacancy announcement will be prepared, issued widely and a list of qualified candidates for interview compiled. The panel will then review these candidates and make a final recommendation regarding candidates appropriate for appointment by the Director-General.

6. The CCLM recommended the following procedure for the renewal of the appointment of the Director of Evaluation:

43. The Director of Evaluation serves for a term of four years with a possibility of reappointment only once for a further term of four years. The renewal of the appointment of the Director of Evaluation is subject to consultation with the Programme Committee. Likewise, the Director-General shall consult with the Programme Committee before the termination of the appointment of the Director of Evaluation. The Director of Evaluation may not be reappointed within FAO to another post or recruited as a consultant during a period of one year following the expiry or termination of the appointment.

7. The Charter for the FAO Office of Evaluation, as amended by the CCLM, is set out in Appendix II of this report.

III. IMPLEMENTATION OF THE ACTIONS OF THE IMMEDIATE ACTION PLAN REGARDING THE COUNCIL AND RELATED MATTERS

8. The CCLM made a detailed review of document CCLM 87/3 entitled "*Implementation of the actions of the Immediate Plan of Action regarding the Council and related matters*". The CCLM observed that, as had been the case with other submissions, a number of amendments to the Basic Texts, with particular reference to the General Rules of the Organization, were interrelated. The CCLM also noted in general that document CCLM 87/3 dealt with a number of important issues including not only the implementation of the Action Matrix regarding the functions of the Council, but also the implications of the new cycle of sessions of the Conference upon the terms of office of the Members of the Council and the Chairperson, and the need for transitional measures described in detail in the document. The CCLM also stressed that transitional measures would be required in respect of the terms of office of the Members of the Programme Committee, the Finance Committee and the Committee on Constitutional and Legal Matters.

9. The CCLM endorsed the proposed amendment to Rule XXII, paragraph 1 (c) and paragraph 2 of the GRO concerning the election of the Council set out in Appendix II of this report. These amendments were the consequence of the fact that the Conference would no longer meet in October or November but in June in a Conference year.

10. The CCLM noted that, under Rule XXII of the GRO, Council Members are elected for three-year terms and that membership is renewed partially every year on the basis of three groups of Members elected by the Conference. At each Conference session the Conference elects two groups of Members in order to ensure a staggered partial renewal of the membership of the Council. The CCLM examined the developments contained in document CCLM 87/3, including the diagram appended to it (Appendix I of this report), showing that insofar as the Conference will hold a session in November 2009 and another session in June 2011 (i.e. some six months earlier than planned), it would be necessary to implement transitional arrangements. Under these arrangements, the Conference at its session of November 2009 would elect two groups of Members for a term of two years and a half and in June 2011, the Conference would elect one group for two years and a half and a group for three years. After that process of adjustment, renewal of membership would be a normal one under the revised procedures. The CCLM underlined that the reduction in the term of office would concern only appointments to be made after the amendment of the GRO and would not affect the term of office of any Member of the Council already elected, consistent with the principle that changes to tenure of office should not have retroactive effect.

11. The CCLM noted that since the Conference, which elects the Independent Chairperson of the Council, will hold a session in November 2009 and another in June 2011, the appointment of the Independent Chairperson at the forthcoming session would be for about one year and a half, i.e. until the election of a new Chairperson in June 2011.

12. The CCLM also noted that there would be a need for transitional measures as regards the term of office of the Members of the Programme Committee, Finance Committee and the CCLM. The Members of these Committees would be elected at the session of the Council held immediately after the forthcoming session of the Conference

and would serve for a period of about one year and a half until the election of new Members at a session of the Council held after the session of the Conference in June 2011.

13. The CCLM endorsed these arrangements and recommended that they be brought to the attention of all Members so that they are fully informed of such arrangements. The CCLM also requested that the diagram describing membership phases in the Council be appended to its report. As a general observation, the CCLM stressed that these arrangements would not raise any issues of a legal nature, as prospective Members of the Council, the Independent Chairperson of the Council as well as the Members of the committees would be elected under the new regime and would be informed before the election of the reduced duration of the mandate.

14. The CCLM endorsed the proposed amendment to Rule XXIV, paragraph 1 of the GRO on the functions of the Council in respect of the “*world food and agriculture situation and related matters*”, reflecting the fact that in future these functions will be primarily matters for the Technical Committees and the Conference. The proposed amendment is set out in Appendix II of this report.

15. The CCLM endorsed the proposal that other actions of the Action Matrix be addressed through the adoption of a Conference resolution which would be set out in Volume II of the Basic Texts. The CCLM revised and endorsed the proposed Conference resolution to that effect (Appendix II of this report).

16. The CCLM noted that for many years a “*Note on Working Methods of the Council*” had been distributed to the Members on a regular basis. The CCLM recommended that this note be revised in the near future. Together with the revised Rules of the GRO and the Conference resolution this note would define the new operating pattern of the Council. The CCLM also recommended that the Chairpersons of the Council should systematically draw attention of the Members of the Council to the revised note.

IV. PROPOSED AMENDMENTS TO THE CONSTITUTION ON THE REFORM OF THE COMMITTEE ON WORLD FOOD SECURITY

17. The CCLM noted that on 28 April 2009, through a letter to the Director-General, the Permanent Representative of France had requested the insertion in the Provisional Agenda of the Hundred and Thirty-sixth session of the Council (15-19 June 2009) of an item entitled “*Proposed amendments to the Constitution on the reform of the Committee on World Food Security*”. Subsequently, the Permanent Representative of France sent another letter to the Director-General setting forth the draft amendments as well as an explanatory note.

18. Under this proposal, Article III of the Constitution, on the “*Conference*” as it stands at present would be supplemented with a paragraph 9, as follows:

“The Conference shall be assisted by a Committee on World Food Security. This Committee shall report to the Conference and to the United Nations General Assembly (UNGA), through the Economic and Social Council

(ECOSOC) and the Conference. Its composition and terms of reference shall be governed by rules adopted by the Conference”.

19. In addition, the references to the Committee on World Food Security (CFS) in Article V, paragraph 6 of the Constitution would be deleted.

20. The CCLM noted the rationale for the proposed amendment, including the important policy dimensions involved, as explained in the explanatory note submitted by the Permanent Representation of France. The note indicated that as a first step towards a global reform of the mandate and *modus operandi* of the CFS, the Committee would “*have to be distinguished from the other Committees and be placed at a more significant level in the FAO Constitution and in the general architecture of the Committees of the Organization*”. The CFS would be linked to the Conference, and through the Conference, the supreme governing body of FAO, to the United Nations.

21. The CCLM examined the implications of the proposed status of the CFS vis-à-vis the Economic and Social Council and the General Assembly of the United Nations. In particular, this new status would seem to imply that these main organs of the United Nations should be willing and committed to exercising duties and responsibilities in respect of the CFS. The CCLM recommended that FAO should send a communication at an appropriate level to the United Nations in order to ascertain that the United Nations will be exercising such duties and responsibilities.

22. In order to clarify the status of the CFS *vis-à-vis* the Council on programme and budget matters, the CCLM recommended that Rule XXXIII, paragraph 8 of the GRO be amended. An addition to this Rule would read as follows: “*The Committee may report as necessary to the Council of the Organization on programme and budget matters*”. The full set of proposed amendments, endorsed by the CCLM, is reproduced in Appendix II of this report. The CCLM noted that at its September session additional amendments to the GRO on the CFS might be considered.

23. The CCLM noted that in accordance with Article XX, paragraph 4 of the Constitution, notice of the proposed amendment to the Constitution would have to be despatched to Member Nations at least 120 days before the opening of the session.

24. While not objecting to the intent of the amendment to raise the profile of the Committee on Food Security, the representative of the United States of America expressed reservations on the position and wording of the proposed amendment, pending further legal clarification as well as general information on the status of the future CFS.

V. OTHER MATTERS

25. The CCLM was informed that on 22 May 2009 Working Group II of the Conference Committee for the Follow-up to the Independent External Evaluation of FAO received a progress report on the work of the CCLM and expressed satisfaction at the work accomplished so far. Working Group II noted that almost all actions of the IPA involving amendments to the Basic Texts had been completed.

26. On that occasion, Working Group II requested the CCLM to examine two issues regarding representation and participation in the work of the Programme and Finance Committees.

27. The first issue was related to the fact that, at the recently concluded sessions of the Programme and Finance Committees, representatives of one Member to each of the Committees, after having been able to participate in the sessions, had to leave Rome unexpectedly and doubts arose as to whether they could be replaced by an official of their country who could participate in the remainder of the proceedings of the Committees. This situation is not foreseen under current Rules¹.

28. The CCLM advised that such exceptional situations should be addressed in light of the spirit and purpose of the GRO regarding replacement of Members aimed at ensuring continuity in the representation of a Member through an official possessing the required qualifications. The CCLM further advised that should situations arise where, after the beginning of a session, there would be an unexpected need to replace a representative, a designated official of the same Member should be able to take part in the proceedings. The CCLM considered that, given the exceptional nature of these situations, there would be a need for some flexibility in the implementation of this solution. The CCLM recommended that the Rules of Procedure of the Committees (Rule II, paragraph 7 of the Rules of Procedure of the Programme Committee and Rule II, paragraph 6 of the Rules of Procedure of the Finance Committee) should be amended along the following lines:

“If the representative of a Member of the Committee is expected to be unable to attend one full session, or if due to incapacity, death or any other reason he is prevented from exercising his functions for the remainder of the term for which the Member he represents has been elected, that Member shall inform the Director-General and the Chairman as soon as possible, and may designate a substitute representative who shall have the qualifications and experience referred to (in paragraph 1 of Rule XXVI or Rule XXVII) of the General Rules of the Organization. Should a representative of a Member of the Committee be unable to continue to attend a session of the Committee for unforeseen reasons, a designated official of that Member shall be able to replace the representative and participate in the proceedings. Such designation shall be reflected in the report”.

29. The second question was whether two representatives of the same Member could participate in the proceedings of a Committee. The CCLM was of the view that this situation could not arise because the representative of a Member in a Committee was specifically elected by the Council or otherwise designated under applicable procedures and only the designated representative could take part in the proceedings.

¹ Under current Rules if the representative of a Member of the Committee is expected to be unable to attend a session of the Committee or if due to incapacity, death or any other reason, he is prevented from exercising his functions for the remainder of the term for which the Member he represents has been elected, that Member is required to inform the Director-General and the Chairperson as soon as possible and may designate a substitute representative who will have the required qualifications and experience (cf. Rule XXVI, paragraph 4 and Rule XXVII, paragraph 4 of the GRO).

30. The CCLM noted that it would have a longer session in September in the course of which it would deal with the only two Action Matrixes of the IPA which had still to be implemented. On that occasion the CCLM would examine the issue of how the Basic Texts of the Organization should be structured in future, as well as any issues related to the implementation of the IPA that would need to be addressed. The CCLM would also deal with its normal business, as well as any matters which it could not address this year.

31. The CCLM agreed that the secretariat could work out proposed amendments to the Constitution, to be circulated to Member Nations at least 120 days before the opening of the session of the Conference, regarding adjustments required to make the Constitution gender-neutral.

II. PROPOSED CONFERENCE RESOLUTIONS

The Committee on Constitutional and Legal Matters recommended the adoption of the following resolutions by the Conference and that they be reproduced in Volume II of the Basic Texts.

A. PROPOSED CONFERENCE RESOLUTION ON MINISTERIAL MEETINGS

(IPA Actions 2.66 and 2.67)

“CONFERENCE RESOLUTION

The Conference:

⁴ Cfr. Paragraph 4 (a) of Rules XXVI and XXVII of the GRO.

Having noted that “Ministerial Meetings” have been held occasionally after sessions of standing committees, established under Article V, paragraph 6 of the Constitution,

Having noted further the need to clarify the conditions regarding the convening of such “Ministerial Meetings” in the future, as called for by the Immediate Plan of Action for FAO Renewal (2009-2011),

Recalling Article V, paragraph 5 of the Constitution,

Decides:

1. Ministerial Meetings, held in conjunction with sessions of technical committees established under Article V, paragraph 6 of the Constitution, may be convened from time to time as decided by the Conference or Council, when matters developed at technical level are deemed to require political endorsement or visibility.

2. Subject to the decision of Conference or Council, Ministerial Meetings should not deal with programme and budget matters which are addressed in the context of the programme of work and budget process, nor with matters primarily of a regional, technical or scientific nature which are normally considered by statutory bodies of the Organization.

3. Ministerial Meetings shall normally report to the Conference, except that any relevant issues having programme or budget implications shall be referred to the Council.”

B. PROPOSED CONFERENCE RESOLUTION ON THE IMPLEMENTATION OF THE ACTIONS REGARDING THE CONFERENCE

(IPA Actions 2.5, 2.6 and to 2.10)

“CONFERENCE RESOLUTION

Implementation of the actions of the Immediate Action Plan (IPA) for FAO

Renewal (2009-11) regarding the Conference of FAO

The Conference:

Considering that Conference Resolution 1/2008 “Adoption of the Immediate Plan of Action (IPA) for FAO Renewal (2009-11)” calls for a number of actions regarding the Conference;

Considering that in accordance with the Immediate Plan of Action for FAO Renewal (2009-11) the Conference will remain the ultimate decision making body of the Organization, determine its overall policy and strategy and take the final decision on objectives, strategy and budget;

Considering further that a series of measures were agreed to make the Conference more action oriented, focused and attractive to participation by Ministers and senior officials

and to emphasize its distinctive functions, thus reducing duplicative discussions and overlapping of roles with the Council;

Noting that while such measures do not involve amendments to the Constitution and the General Rules of the Organization, given the manner in which the functions of the Conference, as the supreme body of the Organization are defined, it would be nevertheless appropriate to reflect in a Conference Resolution some distinct features of the Conference future role in accordance with the spirit of the Immediate Plan of Action for FAO Renewal (2009-11);

1. Decides that, without prejudice to the statutory functions defined in the Constitution and the General Rules of the Organization, each session of the Conference will usually have one major theme, normally defined on the recommendation of the Council;
2. Decides that, without prejudice to the statutory functions defined in the Constitution and the General Rules of the Organization, the Conference will give more attention to global policy issues and international regulatory frameworks, acting normally on the recommendation of the Technical Committees and Regional Conferences and, where appropriate, the Council;
3. Decides that plenary meetings of the Conference should be more focused on issues of interest to Members.”

C. PROPOSED CONFERENCE RESOLUTION ON THE INDEPENDENT CHAIRPERSON OF THE COUNCIL

(IPA Actions 2.26 to 2.34)

“CONFERENCE RESOLUTION

The Conference:

Having noted that according to Article V, paragraph 2 of the Constitution the Independent Chairperson of the Council is appointed by the Conference and exercises such functions as are inherent in that office, or are otherwise defined in the Basic Texts of the Organization,

Having regard to Rule XXIII of the General Rules of the Organization;

Having noted that, through the Immediate Plan of Action (IPA) for FAO Renewal (2009-2011) adopted by Resolution 1/2008, the Conference decided that the Independent Chairperson of the Council should play an enhanced role in facilitating the exercise by the Council of its governance functions and oversight of the administration of the Organization, and “drive forward the continuous improvement of the efficiency, effectiveness and ownership of governance by the membership of the Organization”;

Conscious of the need to ensure that an enhanced role of the Independent Chairperson of the Council should not create any potential for conflict of roles with the managerial functions of the Director-General in the administration of the Organization, as called for by the IPA;

Mindful that the IPA Actions regarding the Independent Chairperson of the Council should be clarified in a resolution and be implemented in the above spirit;

Decides:

1. The Independent Chairperson of the Council shall, under the framework established by the Constitution and the General Rules of the Organization regarding the status and functions of the office, and without restricting in any manner the general nature of those functions:

- (a) whenever necessary, take such steps as may be required to facilitate and achieve consensus among Member Nations, especially on important or controversial issues;
- (b) liaise with the Chairpersons of the Programme Committee, the Finance Committee and the Committee on Constitutional and Legal Matters regarding the work programmes of these Committees as well as, as appropriate, with the Chairpersons of the Technical Committees and Regional Conferences. Insofar as possible the Independent Chairperson of the Council shall attend the sessions of the Programme Committee, Finance Committee and Regional Conferences;
- (c) as required or appropriate, convene informal consultative meetings with representatives of Member Nations or informal regional consultations on issues of an administrative and organizational nature for the preparation and conduct of Council sessions;
- (d) liaise with the Director-General and other senior officials of the Organization in respect of any concerns of the membership, as expressed through the Council, Programme Committee, Finance Committee and Regional Conferences;
- (e) ensure that the Council is kept informed of developments in other fora of relevance for FAO's mandate and that dialogue is maintained with other Governing Bodies as appropriate, in particular the Governing Bodies of the organizations based in Rome dealing with food and agriculture.

2. In nominating candidates for the office of Independent Chairperson of the Council, Member Nations should have regard to the qualities that the Chairperson should possess, including among others, ability to be objective, sensitivity to political, social and cultural differences, and appropriate experience in areas relevant to the Organization's work.

3. The Independent Chairperson of the Council shall be required to be present in Rome for all sessions of the Council and will normally be expected to spend at least six to eight months of the year in Rome.”

**D. PROPOSED CONFERENCE RESOLUTION ON REFORM OF
PROGRAMMING, BUDGETING AND RESULTS BASED MONITORING**

(IPA Actions 3.1 to 3.11)

“CONFERENCE RESOLUTION

Reform of Programming, Budgeting and Results-Based Monitoring System

The Conference:

Considering that Conference Resolution 1/2008 “Adoption of the Immediate Plan of Action (IPA) for FAO Renewal (2009-11)” calls for a reform of programming, budgeting and results-based monitoring;

Noting that this decision involves amendments to the Basic Texts, in particular to the General Rules of the Organization and the Financial Regulations, to make provision for the Strategic Framework as well as the Medium-Term Plan and establish a basis for revised arrangements for the preparation of the Programme of Work and Budget;

Noting further that it is highly desirable to define in a resolution of the Conference the main features of the new Programming, Budget and Results-Based Monitoring System while allowing for the necessary managerial flexibility;

Noting also that the new Programming, Budgeting and Results-Based Monitoring System involves important changes in the cycle of sessions of the Governing Bodies of the Organization, in particular of the Conference, in accordance with amendments made to Rule I, paragraph 1 of the General Rules of the Organization, and of the Council in accordance with amended Rule XXV of the General Rules of the Organization;

Emphasizing that, under the above revised Rules, and the framework established by the General Rules of the Organization and the Rules of Procedure of the Programme and the Finance Committees, the Technical Committees and the Regional Conferences will need to change the cycle of their sessions in order to play their due roles in the new Programming, Budgeting and Results-Based Monitoring System;

1. Decides to introduce revised programme and budget documentation consisting of the following components which, as appropriate, could be incorporated in a single document:

- (a) a Strategic Framework prepared for a period of ten to fifteen years, reviewed every four years and including, inter alia, an analysis of the challenges facing food, agriculture and rural development and populations dependent thereon, including consumers; a strategic vision, the goals of Members in areas of FAO’s mandate, as well as Strategic Objectives to be achieved by Members and the international community with support from FAO, including targets and indicators of achievement;
- (b) a Medium-Term Plan covering a period of four years and reviewed each biennium, including:
 - (i) Strategic Objectives for achievement by Members and the international community with support from FAO, in accordance with the Strategic Framework;
 - (ii) Frameworks for organizational results including specific outcomes which shall contribute to the achievement of the Strategic Objectives by FAO Members and the international community. Insofar as possible organizational results will have specific achievement targets, performance indicators, relevant assumptions, show the contribution of FAO and indicate the

- budgetary provisions from assessed contributions and estimated extra-budgetary resources, which may condition the attainment of targets. Gender will be fully integrated into the Strategic-Framework and Medium-Term Plan and will no longer have a separate Gender and Development Plan of Action;
- (iii) an identification of impact focus areas, as priority groups of results aimed at mobilizing extra-budgetary resources, improving oversight of extra-budgetary resources in key impact areas and increasing coherence between activities financed by the Regular Programme and extra-budgetary resources;
 - (iv) functional objectives aimed at ensuring that organizational processes and administration work towards improvements in a results-based framework.
- (c) a Programme of Work and Budget covering biennial periods, clearly identifying the share of resources devoted to administrative work, anchored in a results-based framework and including the following elements:
- (i) organizational results framework (outcomes) established in accordance with the Medium-Term Plan, including organizational responsibility for each result;
 - (ii) quantification of costs for all organizational results and related commitments;
 - (iii) calculation of cost increases and planned efficiency gains;
 - (iv) provision for long-term liabilities and reserve funds;
 - (v) a draft Conference resolution of approval of the programme of work and the appropriations.

2. Decides to introduce a revised system of monitoring of performance based on achievement of planned results, including a revised biennial Programme Implementation Report. Each report will cover the previous biennium and provide information on delivery, targets and indicators of results, as well as efficiency indicators for functional objectives.

3. Decides to introduce a revised schedule of sessions of the Governing Bodies of the Organization for the implementation of the new Programming, Budget and Results-Based Monitoring system. The revised schedule of sessions will take into account the fact that the Conference shall hold its regular session in June of the year prior to the beginning of the biennium and will allow the Governing Bodies to participate in the process of preparation and adjustment of the Strategic Framework, the Medium-Term Plan and the Programme of Work and Budget and to monitor performance against relevant performance indicators. The new schedule of sessions of the Governing Bodies will be generally in accordance with the attached table, subject however to necessary adjustment to meet unforeseen circumstances or particular requirements.”

**E. PROPOSED CONFERENCE RESOLUTION REGARDING THE COUNCIL OF
FAO**

“CONFERENCE RESOLUTION

Implementation of the actions of the Immediate Plan of Action (IPA) for FAO
Renewal (2009-11) regarding the Council of FAO

The Conference:

Considering that Conference Resolution 1/2008 “Adoption of the Immediate Plan of Action for FAO Renewal (2009-11)” calls for a reform of the Council;

Considering further that, in accordance with the Immediate Plan of Action for FAO Renewal (2009-11), the Council should play a more dynamic role in the development of the programme and budget, drawing as appropriate on the advice of the Programme and Finance Committees, and increase its oversight and monitoring function over the implementation of governance decisions;

Noting that, in such context, the Council will have a major role in deciding and advising on matters pertaining to the implementation of programme and budget execution, monitoring of activities under the new results-based framework, monitoring of implementation of governance decisions and oversight of the administration of the Organization;

Noting further that amendments to Rules XXIV and XXV of the General Rules of the Organization have been adopted by the Conference to implement the actions of the Immediate Plan of Action for FAO Renewal (2009-11) regarding the Council;

Realizing that it is desirable, under the framework established by the above provisions, and in the light of the spirit of the Immediate Plan of Action for FAO Renewal (2009-11,) to clarify the new role of the Council under that framework;

1. Decides that the Council will exercise a major role in respect of:
 - (a) planning of work and definition of performance measures for the Council itself and for other Governing Bodies with the exception of the Conference;
 - (b) monitoring and reporting performance against performance indicators;
 - (c) defining strategy, priorities and establishing the budget of the Organization;
 - (d) overseeing the implementation of the new Programming, Budget and Results Based Monitoring System;
 - (e) approving and overseeing any major organizational changes which do not require approval by the Conference.
2. Decides that the Council will monitor the implementation of governance decisions.
3. Decides that, in the context of its oversight functions, the Council will ensure that:
 - (a) the Organization operates within its legal and financial framework;

- (b) there is transparent, independent and professional audit and ethics oversight;
 - (c) there is transparent, professional and independent evaluation of the Organization's performance;
 - (d) there are functioning results-based budgeting and management systems;
 - (e) appropriate and functional policies and systems are in place for human resources management, information and communication technology, contracting and purchasing; and
 - (f) extra-budgetary resources are effectively contributing to the Strategic Objectives and the Organizational Results Framework .
4. Decides that the Council will monitor the performance of the Organization against established performance targets.
5. Decides that in the performance of its functions, the Council shall generally act in close cooperation with the appropriate specialized agencies and intergovernmental bodies”.

III. PROPOSED CHARTER

[To be adopted by the Council and reproduced in Volume II of the Basic Texts.]

CHARTER FOR THE FAO OFFICE OF EVALUATION

I. Evaluation in FAO

1. The FAO Evaluation Service was established in 1968 to assure the effective operation of evaluation in the Organization. The evaluation function is one part of the oversight regime of FAO, which also includes external audit, internal audit, inspection and investigation.
2. Evaluation provides accountability to member countries and to the Director-General. It gives member countries a more in-depth understanding and objective basis for their decisions in the governing bodies and for cooperation in the Organization's programmes. Evaluation also contributes to corporate learning, feeding lessons into a robust feedback loop. Evaluation provides a sound basis for improvements in the Organization's programmes in terms of their relevance to countries, definition of objectives, their design and implementation. FAO also participates in system-wide evaluation initiatives. Thus evaluation contributes to assessments of development effectiveness by the UN system.
3. All work of FAO financed from the regular budget of the Organization (mandatory assessed contributions) as well as that financed from voluntarily contributed extra-budgetary resources, is subject to evaluation. The policies for evaluation are set by member countries in the governing bodies.
4. Evaluation is an integral element of a functioning results-based management (RBM) system. It provides accountability on results, in particular on outcomes and impacts of FAO's work. It informs the formulation of programmes, the definition of priorities and the arrangements to maximise institutional effectiveness.

II. Purpose and Principles of Evaluation

A. DEFINITION OF EVALUATION

5. An evaluation is “an assessment...of an activity, project, programme, strategy, policy, topic, theme, sector, operational area, institutional performance, etc. It focuses on expected and achieved accomplishments, examining the results chain, processes, contextual factors and causality, in order to understand achievements or the lack thereof. It aims at determining the relevance, impact, effectiveness, efficiency and sustainability of the interventions and contributions of the organizations of the UN system. An evaluation should provide evidence-based information that is credible, reliable and useful, enabling the timely incorporation of findings, recommendations and lessons into the decision-making processes of the organization and its members”⁵.

B. PRINCIPLES OF EVALUATION

6. FAO strives for the highest international standards in its evaluation practice. It adheres to norms and standards established by the United Nations Evaluation Group (UNEG)⁶. These norms and standards provide a benchmark against which all organizations and programmes of the UN system can gauge their performance and aim to strengthen, professionalize and improve the quality of evaluation throughout the UN system.

7. The primary principles underpinning evaluation in FAO are: Independence, Impartiality, Credibility, Transparency and Usefulness. These are inter-related.

8. **Independence:** Independence should be protected throughout the evaluation process: policy, institutional framework, management of the evaluation function, conduct of evaluations and follow-up. The evaluation function must be located in the Organization outside the line management that it is mandated to evaluate, and have a direct line of reporting to the governing bodies and the Director-General. In this way, it remains separate from those responsible for the design and implementation of the policies and operations that are evaluated. It must be free from undue influence by management through independent control of the financial and human resources allocated to evaluation, including independent performance assessment of evaluation staff. It must have freedom to design and conduct evaluations according to professional quality standards.

9. **Impartiality:** Evaluation must be free from bias. This means that evaluators must demonstrate professional and personal integrity and conflicts of interest must be avoided. Independence and quality of evaluation design are additional pre-requisites for impartiality. Evaluations must value the input of the main stakeholders, demonstrating a degree of empathy while at the same time maintaining intellectual rigour. Because no individual is totally impartial, evaluation teams must balance different perspectives and backgrounds.

10. **Credibility:** Evaluations must command a high degree of credibility, both from the governing bodies and from managers who must make and implement decisions. Besides impartiality and independence, the credibility of evaluation also requires that the team of evaluators has proven technical competence in the area under evaluation and its context as well as

⁵ Adapted to become specific to FAO from the “Norms for Evaluation in the UN System”, United Nations Evaluation Group, 2005.

⁶ **The United Nations Evaluation Group (UNEG)** [HTTP://WWW.UNEVAL.ORG](http://www.uneval.org) is a professional network that brings together the units responsible for evaluation in the UN system including the specialised agencies, funds, programmes and affiliated organisations. UNEG currently has 43 such members. UNEG aims to strengthen the objectivity, effectiveness and visibility of the evaluation function across the UN system and to advocate the importance of evaluation for learning, decision making and accountability. UNEG provides a forum for members to share experiences and information, discuss the latest evaluation issues and promote simplification and harmonisation of reporting practices.

demonstrated competence in evaluation. Independent peer review of evaluation reports also reinforces their credibility.

11. **Transparency:** Evaluation reports and management responses are in the public domain. Evaluations follow a consultative process, whereby evaluators and evaluation managers engage in dialogue to the maximum extent possible with main stakeholders throughout the evaluation process

12. **Usefulness:** Usefulness should always be a prime consideration for selection of a topic for evaluation. Evaluations will be most useful when addressing key areas of concern for the governing bodies and/or FAO management, especially when there are perceived to be problems, priorities are changing or if there are new opportunities. Evaluation should be timed to fit into the management decision-making process.

III. Types of Evaluation in FAO

13. It is FAO policy that all the work carried out by the Organization is subject to evaluation, regardless of the source of funds, through three types of evaluation.

14. **Evaluations for the governing bodies** are decided upon by the Council on the advice of the Programme Committee. Such evaluations focus on key elements of the results-based hierarchy, including strategic and functional objectives, impact focus areas, organizational results and core functions⁷. They also include thematic and programmatic studies and strategic partnership agreements. Major evaluations include all aspects of the work in the area covered, regardless of funding source, and deal with work at headquarters, regional and country levels.

15. **Country evaluations** comprehensively examine the results of all of FAO's work at country level, including technical cooperation, use made of normative work and functioning of the country office. Synthesis reports consolidating the results across country evaluations are considered by the governing bodies.

16. **Evaluations of individual programmes and projects, usually funded from extra-budgetary resources.** Results of such evaluations are directly used by stakeholders including managers, funders and others directly concerned, often at country level.

IV. Evaluation Scope and Methodology

17. Evaluation in FAO is governed by guidelines that direct and ensure consistency in evaluation processes and methodologies. The key components are:

18. Scoping the evaluation and terms of reference: An approach paper for each major evaluation is developed by the Evaluation Office in consultation with the units most closely involved in implementing the strategy or programme and other stakeholders, including, as appropriate, national government representatives and the representatives of donors.

19. Scope of Evaluations: All evaluations follow UNEG criteria and assess relevance, effectiveness, efficiency, sustainability and impact.

20. Evaluations include examination of:

- relevance to the needs and priorities of the member countries and the international community;
- functionality and clarity of the objectives, strategy, design and implementation plan to meet those needs and priorities;
- institutional strengths and weaknesses;
- changes in the external environment in which FAO functions;

⁷ The Charter may need to be revised in the future, to take account of experience with Results-Based Management approaches and its implications for the Organization's evaluation programme.

- quality and quantity of outputs, in relation to resources deployed in undertaking the work (efficiency);
- outcomes resulting from the activities and outputs in relation to resources deployed for the work (effectiveness);
- impacts and their sustainability in terms of benefits to present and future generations for food security, nutrition, social and economic well-being, gender equity, the environment, etc.; and
- FAO's comparative advantage in addressing the priority needs.

21. Evaluation methodology: The methods and tools used are tailored to the individual evaluations and to answer specific evaluation questions. Triangulation of information across stakeholders is a key tool for gathering and validation of evidence. Evaluations are carried out using a participatory approach, seeking and sharing opinions with stakeholders at different points in time, as this is important for learning and acceptance of evaluation findings. Tools most frequently used include semi-structured interviews, focus groups, checklists, desk studies, direct observation through field visits and surveys.

22. Evaluations seek to identify and measure long-term changes induced through interventions. Separate impact assessments are undertaken for country and other major evaluations, in areas where FAO has had a substantial volume of work. In some cases where impact evaluation is not possible or cost-effective, beneficiary assessments or other forms of field enquiries may be used to gather key information from the targeted population. The intent is to determine whether the Organization has contributed to change and impact in a meaningful line of causality.

23. The evaluation team: Evaluations are managed by the Office of Evaluation. Teams are led and largely composed of independent external consultants⁸. Evaluation team leaders are consulted where possible on the composition of the remainder of the team. The size of the teams is related to both the scale and complexity of the evaluation, 3-4 lead consultants being a typical number.

24. The evaluation report: The evaluation team is solely responsible for its findings and recommendations, subject to quality assurance by the Office of Evaluation. The Office assures adherence to the terms of reference and recognised quality standards, timeliness, and to provide information and methodological support to the evaluation.

V. Mechanisms for Evaluation Follow-up

25. In order to develop an effective evaluation system, mechanisms must be in place to ensure that evaluation reports are fully considered and agreed recommendations are acted upon. In FAO, this is done through management responses to each evaluation undertaken and follow-up reports on the implementation of the management response.

26. Management response: Each evaluation has a management response, including management's overall view of the evaluation, comments on each recommendation and an operational plan for implementation of agreed recommendations. The Office of Evaluation checks that responses meet required standards of comprehensiveness and clarity, but responsibility for the substance of a response lies with the manager(s) concerned.

27. Follow-up report: The follow-up report ensures compliance with agreed recommendations and, if necessary, accounts for any variation between actions decided in the management response and those actually implemented. The follow-up report is prepared by the organizational unit responsible for the management response and the Office of Evaluation ensures that it meets required standards.

⁸ Office of Evaluation staff but not other staff of FAO may also serve as evaluation team members

28. For reports presented to the governing bodies, both the management response and the follow-up report are also considered by the Programme Committee.

29. All evaluation reports, management responses and follow-up reports are available to all members and posted on the FAO evaluation website. Consultative groups and workshops will be used to bring key evaluation reports to the attention of member countries.

VI. Quality Assurance

30. Mechanisms are instituted to ensure that the evaluation function in FAO corresponds to needs of Members and conforms to UNEG norms and standards. These measures include: a) peer review of major evaluation reports; b) biennial review by a small group of independent peers for conformity of evaluation work to best practice and standards; c) independent evaluation of the evaluation function every six years.

31. The biennial review and independent evaluation of the evaluation function will result in a report to the Director-General and the Council, together with the recommendations of the Programme Committee.

VII. Institutional Arrangements

32. The institutional arrangements for evaluation ensure independence of the evaluation function so as to fulfil its accountability role while ensuring use of evaluation results by the governing bodies and management.

A. THE OFFICE OF EVALUATION

33. The Office of Evaluation is responsible for ensuring the relevance, effectiveness, quality and independence of evaluation in FAO. It is located inside the FAO Secretariat structure, reporting to the Director-General and to the Council through the Programme Committee.

34. The Office receives guidance from the Council and its Programme Committee and consults with the Evaluation Committee (Internal). It is solely responsible for the conduct of all evaluations (with the exception of auto-evaluations), including the selection of evaluators and the terms of reference. It is thus operationally independent within the Organization. In addition to its responsibilities for the conduct of evaluations, the Office also:

- 1) facilitates feedback from evaluation through follow-up to individual evaluations and in communicating lessons for more general application;
- 2) ensures timely reporting on the implementation of those evaluation recommendations accepted by the governing bodies, management and other concerned stakeholders;
- 3) has an institutionalised advisory role on results-based management and programming and budgeting;
- 4) contributes to the enhancement of evaluation within the UN through active participation in the United Nations Evaluation Group (UNEG);
- 5) contributes to the evaluation of the effectiveness of the UN system and other partners as it relates to areas of FAO's mandate through joint evaluations;
- 6) coordinates its work programme with the rest of the UN system, taking into account the work of the Joint Inspection Unit (JIU); and
- 7) for staff training, provides comments on training requirements to the Human Resources Management Division.

B. ROLE OF THE GOVERNING BODIES IN EVALUATION

35. The Council is the decision-making body on evaluation policy and work programme. It exercises oversight over evaluation and ensures that there is transparent, professional and independent evaluation of the Organization's performance in contributing to its planned outcomes and impacts, including feedback of evaluation into planning and programming.

36. The Programme Committee is the direct recipient of evaluation reports for the governing bodies. Reports involving financial or administrative matters may be referred to the Finance Committee. The functions of the Programme Committee with respect to evaluation are to advise the Council on overall policies and procedures for evaluation and to:

- 1) approve the rolling workplan for major evaluations;
- 2) consider major evaluation reports and the management response to the evaluation and its findings and recommendations. The Committee presents its conclusions on both the evaluation and the management response to the Council in its report as well as its recommendations for follow-up action; and
- 3) receive progress reports on the implementation of evaluation findings and recommendations and provide recommendations to the Council.

C. ROLE OF THE DIRECTOR-GENERAL

37. The role of the Director-General with respect to evaluation is to:

- 1) make proposals on the work programme of the Office of Evaluation and request specific independent evaluations of FAO programmes and activities;
- 2) for evaluations to the governing bodies, present the Management Response through the Programme Committee, including whether each recommendation is accepted, partially accepted or rejected, and an operational plan on follow-up;
- 3) prepare and present to the governing bodies through the Programme Committee, follow-up reports on actions taken with respect to agreed recommendations;
- 4) facilitate feedback from evaluation to improve learning from strategic planning results-based management; and
- 5) ensure that the Evaluation Office functions within its approved budget and work programme and the agreed rules and procedures.

D. THE EVALUATION COMMITTEE (INTERNAL)

38. The Committee advises the Director-General and the Office of Evaluation on matters pertaining to evaluation in FAO with respect to the Organization as a whole. Its aim is to assist the Organization in implementing an evaluation regime which is efficient and responsive to the needs of both the Organization's Members and its Secretariat. It also exercises a quality control function on management responses and follow-up reports. In line with the decisions of the Council, the Committee will support the independent role of the Office of Evaluation within FAO and will review and advise the Director-General on all policy matters pertaining to evaluation. The Committee interacts with the Programme Committee as appropriate.

39. Subject, to any organizational changes which may occur as a result of the implementation of the Immediate Plan of Action for FAO Renewal, the Committee is chaired by the Deputy Director-General and also comprises two permanent members: the Assistant Director-General, Technical Cooperation Department (TC), and the Director, Office of Strategy, Planning and Resources Management; and, rotating on a two-year term: the Assistant Directors-General of two

technical departments and one Assistant Director-General/Regional Representative. Other members may be co-opted as required by the Chairperson. The Director of the Office of Evaluation serves as Secretary.

40. The scope of the Committee's work includes:
- a) advice on the implementation of decisions of the governing bodies on evaluation;
 - b) maximise the benefits from evaluation in feedback to planning, programming and management decision-making;
 - c) review of the coverage of evaluation, proposals for the evaluation work programme and the terms of reference of major evaluations;
 - d) review of Management Responses to major evaluations for consideration by the governing bodies;
 - e) assessment and oversight of progress in implementation of management follow-up actions to evaluations;
 - f) advice on the adoption of measures to ensure the Evaluation Office applies international quality standards to its work; and
 - g) review of available resources for evaluation in the light of the Organization's needs.

VIII. Staffing of the Office of Evaluation

41. All appointments for evaluation, including that of the Director of the Office of Evaluation, staff and consultants follow transparent and professional procedures with the primary criteria being those of technical competence and behavioural independence but also with considerations of regional and gender balance. The Director of Evaluation will have the responsibility for the appointment of evaluation staff and the appointment of consultants, in conformity with FAO procedures.

42. A competitive procedure applies for appointment of the Director of Evaluation. A panel, consisting of representatives of the Director-General and the Programme Committee, as well as evaluation specialists from other UN agencies will review the terms of reference and statement of qualifications for the post. Based on the review, a vacancy announcement will be prepared, issued widely and a list of qualified candidates for interview compiled. The panel will then review these candidates and make a final recommendation regarding candidates appropriate for appointment by the Director-General.

43. The Director of Evaluation serves for a term of four years with a possibility of reappointment only once for a further term of four years. The renewal of the appointment of the Director of Evaluation is subject to consultation with the Programme Committee. Likewise, the Director-General shall consult with the Programme Committee before the termination of the appointment of the Director of Evaluation. The Director of Evaluation may not be reappointed within FAO to another post or recruited as a consultant during a period of one year following the expiry or termination of the appointment.

IX. Budget for Evaluation in FAO

44. The Regular Programme budget for evaluation will attain the level of at least 0.8% of the total Regular Programme Budget. In consideration of the fact that the Evaluation Office also reports to the governing bodies of the Organization, the evaluation budget will be allocated in full to the Evaluation Office upon approval by the Council and Conference as part of the Programme of Work and Budget.

45. The translation and reproduction of evaluation documents for the governing bodies, and certain indirect costs of evaluation such as office space, are covered outside the evaluation budget.

46. An allocation for evaluation is included in all extra-budgetary supported activities. Two Trust Fund pool accounts have been established to receive the evaluation funds: one for emergency and rehabilitation projects and another for technical cooperation for development projects, including programme support to normative work. The Trust Funds will be utilised to finance thematic, programme and country evaluations. Emergency and rehabilitation evaluations will be carried out in an integrated way, examining the relevance, efficiency and sustainable benefit from the FAO response to the totality of the emergency and rehabilitation needs.

47. Large projects of technical cooperation for development (including those financed through Unilateral Trust Funds) will have a separate independent evaluation at least once in their lifetime. The criteria for separate evaluation and the levels of allocation in project budgets for evaluation will be in accordance with published guidelines that may be reviewed periodically by the governing bodies.
